

## Euro Medium Term Note Programme

On 28 November 1996 BGL BNP Paribas (previously known as Fortis Banque Luxembourg S.A. and most recently known as BGL *Société Anonyme*) (the "Issuer" or the "Bank" or "BGL") entered into a Euro Medium Term Note Programme (the "Programme") which was subsequently amended on 29 October 1997, on 18 December 1998, on 28 June 2000, on 6 August 2001, on 6 August 2002, on 29 July 2003, on 1 October 2003, on 29 July 2004, on 2 March 2005, on 29 September 2005, on 22 August 2006, on 13 November 2007 as supplemented by a Supplement dated 16 May 2008, on 9 June 2009, on 6 July 2010 as supplemented by a Supplement dated 14 September 2010, on 13 July 2011, on 22 June 2012, on 24 June 2013 as supplemented by Supplements dated 9 October 2013 and 5 December 2013, on 24 June 2014 as supplemented by Supplements dated 14 July 2014, 25 July 2014 and 25 September 2014, on 24 June 2015 as supplemented by Supplements dated 16 October 2015, 18 January 2016 and 24 May 2016, on 22 June 2016 as supplemented by Supplements dated 13 September 2016 and 29 May 2017, on 20 June 2017 as supplemented by a Supplement dated 25 September 2017 and on the date hereof. Any Notes issued under the Programme are issued subject to the provisions set out herein. This does not affect the terms and conditions of any Notes already in issue or any Notes issued after the date hereof and forming a single series with Notes issued prior to the date hereof.

Under this Programme the Issuer may, either directly or, in the case of Exempt Notes only, acting through any branch, from time to time issue notes (the "Notes"), which expression shall include Euro Notes and Luxembourg Notes (each as defined below) denominated in any currency as may be agreed between the Issuer and the Relevant Dealer (as defined below). The Notes will rank as senior obligations of the Issuer. The Notes will either be Euro Notes ("Euro Notes") or Luxembourg Notes ("Luxembourg Notes"). The Euro Notes (which may be in bearer form ("Bearer Notes") or registered form ("Registered Notes")) will be governed by English law. The Luxembourg Notes (which will be Bearer Notes only) will be governed by Luxembourg law.

The requirement to publish a prospectus under the Prospectus Directive only applies to Notes which are to be admitted to trading on a regulated market in the European Economic Area (the "EEA") and/or offered to the public in the EEA other than in circumstances where an exemption is available under Article 3.2 of the Prospectus Directive. When used in this Base Prospectus "Prospectus Directive" means Directive 2003/71/EC (as amended) and includes any relevant implementing measure in a relevant Member State of the EEA.

**Notes issued under the Programme may be (i) admitted to trading on a regulated market in the EEA or offered in the EEA in circumstances where a prospectus is required to be published under the Prospectus Directive ("Non-exempt Notes") or (ii) neither admitted to trading on a regulated market in the EEA nor offered in the EEA in circumstances where a prospectus is required to be published under the Prospectus Directive ("Exempt Notes"). The Commission de surveillance du secteur financier (the "CSSF") has neither approved nor reviewed information contained in this Base Prospectus in connection with Exempt Notes.**

Application has been made to the CSSF in its capacity as competent authority under the Luxembourg Act dated 10th July 2005 on prospectuses for securities, as amended (the "Luxembourg Prospectus Law") to approve this document as a Base Prospectus in respect of Non-exempt Notes. **At the start of each relevant section of this Base Prospectus an indication is given whether the section applies to Exempt Notes, Non-exempt Notes or both.** Application has been made to the Luxembourg Stock Exchange (*Bourse de Luxembourg*) for Notes issued under the Programme to be listed on the official list of the Luxembourg Stock Exchange (the "Official List") and admitted to trading on the "*Bourse de Luxembourg*", which is the name of the regulated market of the Luxembourg Stock Exchange (the "Luxembourg Regulated Market"). Application has also been made to the Luxembourg Stock Exchange to approve this document as a base prospectus in respect of Exempt Notes in accordance with Part IV of the Luxembourg Act dated 10 July 2005 on prospectuses for securities, as amended, and for Notes issued under the Programme during the 12 months from the date of approval of this Base Prospectus to be listed on the Official List and admitted to trading on the Euro MTF Market of the Luxembourg Stock Exchange (the "Euro MTF Market"). Application may be made to Euronext Brussels for Notes issued under the Programme during the 12 months from the date of approval of this Base Prospectus to be admitted to listing and trading on Euronext Brussels, which is the regulated market of Euronext Brussels (the "Belgian Regulated Market").

References in this Base Prospectus to Notes being "listed" (and all related references) shall mean that such Notes have been (a) admitted to the Official List of the Luxembourg Stock Exchange and have either been admitted to trading on (i) the Luxembourg Regulated Market or (ii) the Euro MTF Market or (b) have been admitted to listing and trading on the Belgian Regulated Market. The Luxembourg Regulated Market and the Belgian Regulated Market are each regulated markets for the purpose of Directive 2014/65/EU on Markets in Financial Instruments (as amended, "MiFID II"). The Euro MTF Market is not a regulated market for the purposes of the Markets in Financial Instruments Directive and is not subject to the supervision of the CSSF.

**BY APPROVING THIS BASE PROSPECTUS, THE CSSF SHALL GIVE NO UNDERTAKING AS TO THE ECONOMIC AND FINANCIAL SOUNDNESS OF THE OPERATION OR THE QUALITY OR SOLVENCY OF THE ISSUER IN ACCORDANCE WITH ARTICLE 7(7) OF THE LUXEMBOURG LAW ON PROSPECTUSES FOR SECURITIES.**

The Notes may be issued on a continuing basis to one or more of the Dealers specified on page 2 and any additional Dealer appointed under the Programme from time to time, which appointment may be for a specific issue or on an ongoing basis (each a "Dealer" and together the "Dealers"). References in this Base Prospectus to the "Relevant Dealer" shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "Risk Factors". Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined on page 198 or 235, as the case may be) of Notes (other than Exempt Notes) will be set forth in the final terms (the "Final Terms") which, with respect to Notes to be listed on the Official List and admitted to trading on the Luxembourg Regulated Market or to be listed and admitted to trading on the Belgian Regulated Market, will be filed with the CSSF or the Belgian Regulated Market (as the case may be). Copies of Final Terms in relation to Notes to be listed on the Luxembourg Stock Exchange will also be published on the website of the Luxembourg Stock Exchange ([www.bourse.lu](http://www.bourse.lu)). Copies of Final Terms in relation to Notes to be listed on the Belgian Regulated Market will also be published on the website of Euronext ([www.euronext.com](http://www.euronext.com)). In the case of Exempt Notes, notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche will be set out in a pricing supplement document (the "Pricing Supplement"). Copies of Pricing Supplements will be available from the specified office of the Agent (see "Documents available" on page 377 hereof). Any reference in this Base Prospectus to "relevant Final Terms", "applicable Final Terms" or "Final Terms" will be deemed to include a reference to "relevant Pricing Supplement", "applicable Pricing Supplement" or "Pricing Supplement", respectively in relation to Exempt Notes, to the extent applicable.

Under the Luxembourg Prospectus Law which implements the Prospectus Directive, an offer to the public or the admission to trading on a regulated market of money market instruments having a maturity at issue of less than 12 months and complying with the definition of securities is regulated under part III of the Luxembourg Prospectus Law and shall either (a) require due approval of a simplified prospectus by the CSSF or the Luxembourg Stock Exchange as the case may be pursuant to part III of the Luxembourg Prospectus Law; or (b) be exempt from or constitute a transaction not subject to, the requirement to publish a simplified prospectus under part III of the Luxembourg Prospectus Law. Under the Luxembourg Prospectus Law, prospectuses relating to money market instruments having a maturity at issue of less than 12 months and complying also with the definition of securities are not subject to the approval provisions of Part II of such law.

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or markets as may be agreed between the Issuer and the Relevant Dealer. The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any markets. The Issuer has requested the CSSF to provide to the relevant competent authority of Belgium, France and Germany respectively with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Directive. In accordance with Article 18 of the Prospectus Directive and Article 19 of the Luxembourg Prospectus Law, the Issuer reserves the right to request the CSSF to provide any other competent authority with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Directive.

Unless otherwise provided in the applicable Final Terms, Bearer Notes will initially be represented by a temporary global note ("Temporary Global Note") or a permanent global note ("Permanent Global Note" and, together with the Temporary Global Note, "Global Notes"), in each case as specified in the relevant Final Terms and Registered Notes will be represented by a global certificate ("Global Certificate"). Each Global Note which is not intended to be issued in a new global note ("NGN") form (such Global Note being a "Classic Global Note" or "CGN"), as specified in the relevant Final Terms will be deposited on the relevant issue date with, or with a nominee for, a common depository on behalf of Euroclear Bank SA/NV ("Euroclear") and Clearstream Banking S.A. ("Clearstream, Luxembourg") or a

depository for any other relevant clearing system as may be agreed between the Issuer and the Relevant Dealer(s). Each Global Note which is intended to be issued in NGN form (a "New Global Note" or "NGN"), as specified in the relevant Final Terms, will be deposited on or around the relevant issue date with Euroclear or Clearstream, Luxembourg (together the "ICSDs") acting as a common safekeeper for the ICSDs. Notes represented by a Global Certificate which are not intended to be issued under the new safekeeping structure ("NSS") (the Notes represented by such Global Certificate being issued under the classic safekeeping structure or "CSS"), as specified in the relevant Final Terms, will be deposited on the relevant issue date with, and will be registered in the name of, or in the name of a nominee for, a common depository on behalf of Euroclear and Clearstream, Luxembourg and/or a depository for any other relevant clearing system as may be agreed between the Issuer and the Relevant Dealer(s). Notes represented by a Global Certificate which are intended to be issued under the NSS, as specified in the relevant Final Terms, on or around the relevant issue date, will be deposited with and registered in the name of one of the ICSDs acting as common safekeeper for the ICSDs. The Temporary Global Note will be exchangeable (as provided in the applicable Final Terms) for either a Permanent Global Note or Notes in definitive form ("**Definitive Notes**"), in each case (unless otherwise provided in the applicable Final Terms) upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury regulations. Unless otherwise specified in the applicable Final Terms, a Permanent Global Note will be exchangeable for Definitive Notes, and a Global Certificate will be exchangeable for individual certificates ("**Individual Certificates**"), only in the limited circumstances described in "Form of the Notes" below.

BGL's long-term credit ratings are A1 with a stable outlook (Moody's France S.A.S. ("**Moody's**")), A with a stable outlook (Standard & Poor's Credit Market Services France S.A.S. ("**S&P**")) and A+ with a stable outlook (Fitch France S.A.S. ("**Fitch**")) and BGL's short-term credit ratings are P-1 (Moody's), A-1 (S&P) and F1 (Fitch).

Moody's credit rating in respect of the Programme is (P)A2 (Senior Unsecured). S&P's credit ratings in respect of the Programme are: (i) A (Senior Unsecured Debt maturing in one year or more) and (ii) A-1 (Senior Unsecured Debt maturing in less than one year). Fitch's credit ratings in respect of the Programme are A+ (long-term senior unsecured) and F1 (short-term senior unsecured).

A short description of the ratings is provided below based on the publicly available definitions published by each of the rating agencies.

#### **Moody's**

Obligations rated 'A' by Moody's are judged to be upper-medium grade and are subject to low credit risk. Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; and the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category. Issuers (or supporting institutions) rated 'P-1' by Moody's have a superior ability to repay short-term debt obligations. A Moody's "stable" outlook indicates a low likelihood of a rating change over the medium term. A negative, positive or developing outlook indicates a higher likelihood of a rating change over the medium term. MTN programme ratings by Moody's are intended to reflect the ratings likely to be assigned to drawdowns issued from the programme with the specified priority of claim (e.g. senior or subordinated). To capture the contingent nature of a programme rating, Moody's assigns provisional ratings to MTN programs. A provisional rating is denoted by a (P) in front of the rating and is assigned when the assignment of a definitive rating is subject to the fulfilment of contingencies that are highly likely to be completed. Upon fulfilment of these contingencies, such as finalization of documents and issuance of the securities, the provisional notation is removed.

#### **S&P**

Long-Term Issuer Credit Ratings: An obligor rated 'A' by S&P has strong capacity to meet its financial commitments but is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligors in higher-rated categories. Short-Term Issuer Credit Ratings: An obligor rated 'A-1' has strong capacity to meet its financial commitments. It is rated in the highest category by S&P. Rating Outlooks: A S&P rating outlook assesses the potential direction of a long-term credit rating over the intermediate term (typically six months to two years). In determining a rating outlook, consideration is given to any changes in the economic and/or fundamental business conditions. An outlook is not necessarily a precursor of a rating change or future CreditWatch action. Stable means that a rating is not likely to change.

Long Term Issue Credit Ratings: A long term obligation rated 'A' by S&P is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitment on the obligation is still strong. Short Term Issue Credit Ratings: A short-term obligation rated 'A-1' is rated in the highest category by S&P. The obligor's capacity to meet its financial commitment on the obligation is strong. Within this category, certain obligations are designated with a plus sign (+). This indicates that the obligor's capacity to meet its financial commitment on these obligations is extremely strong.

#### **Fitch**

'A' ratings by Fitch denote expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. The modifiers "+" or "-" may be appended to a rating by Fitch to denote relative status within major rating categories. An 'F1' rating by Fitch indicates the strongest intrinsic capacity for timely payment of financial commitments. Rating Outlooks applied by Fitch indicate the direction a rating is likely to move over a one- to two-year period. They reflect financial or other trends that have not yet reached or been sustained the level that would cause a rating action, but which may do so if such trends continue. A Positive rating Outlook indicates an upward trend on the rating scale. Conversely, a Negative rating Outlook signals a negative trend on the rating scale. Positive or Negative rating Outlooks do not imply that a rating change is inevitable and, similarly, ratings with Stable Outlooks can be raised or lowered without a prior revision to the Outlook.

The information set out above relating to the description of the ratings has been extracted from the website of the relevant rating agency. The Issuer confirms that such information has been accurately reproduced and that, so far as it is aware and is able to ascertain from such websites, no facts have been omitted which would render the reproduced information inaccurate or misleading. This paragraph should be read in conjunction with the second paragraph on the following page.

Each of Moody's, S&P and Fitch is established in the European Union and is registered under Regulation (EC) No 1060/2009 (as amended) (the "**CRA Regulation**"). As such each of Moody's, S&P and Fitch is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the CRA Regulation. Some Tranches of Notes issued under the Programme may be assigned a specific rating that will not necessarily be the same as the rating assigned to the Programme or may not receive a credit rating. Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms (or Pricing Supplement, in the case of Exempt Notes) and will not necessarily be the same as the rating assigned to the Issuer by the relevant rating agency. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the relevant assigning rating agency. Please also refer to "*Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in the Notes*" in the Risk Factors section of this Base Prospectus.

Tranches of Notes issued under the Programme may be rated or unrated. Where a tranche of Notes is rated, such rating will not necessarily be the same as the ratings assigned to the Programme. Whether or not each credit rating in relation to relevant tranche of Notes will be issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the applicable Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency. Please also refer to "*Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in those Notes*" in the Risk Factors section of this Base Prospectus.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended, and include Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons.

No person is or has been authorised by the Issuer to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Notes (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by the Issuer or any of the Dealers that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. #### **IMPORTANT INFORMATION RELATING TO THE USE OF THIS BASE PROSPECTUS AND OFFERS OF THE NOTES**

*Neither this Base Prospectus nor any Final Terms constitutes an offer to sell or the solicitation of any offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer and the Dealers do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder or assume any responsibility for facilitating any such distribution or offering. In particular, unless specifically indicated to the contrary in the applicable Final Terms, no action has been taken by the Issuer or the Dealers which is intended to permit a public offering of any Notes outside Luxembourg, Belgium, France or Germany, or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations and the Dealers have represented that all offers and sales by them will be made on the same terms. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the European Economic Area (including Belgium, France and the United Kingdom), Switzerland, Hong Kong and Japan (see "Subscription and Sale" below).*

*The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act") and the Bearer Notes are subject to U.S. tax law requirements. The Notes are being offered and sold outside the United States to persons other than U.S. persons in accordance with Regulation S of the Securities Act and may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (see "Subscription and Sale" below).*

*Notes issued under the Programme do not constitute a Collective Investment Scheme within the meaning of the Swiss Collective Investment Schemes Act of 23 June 2006 (the "CISA") and have not been approved by the Swiss Financial Markets Supervisory Authority ("FINMA"). Notes issued under the Programme are neither issued nor guaranteed by a Swiss financial intermediary.*

**IMPORTANT – EEA RETAIL INVESTORS** – If the Final Terms in respect of any Notes (or Pricing Supplement in the case of Exempt Notes) specifies "Prohibition of Sales to EEA Retail Investors" as:

- (i) "Applicable", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. Consequently, no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared, and therefore, offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation; or
- (ii) "Applicable, other than in the jurisdiction(s) for which a key information document will be made available", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA, other than in those jurisdiction(s) where a key information document required pursuant to the PRIIPs Regulation will be made available. Consequently, no key information document required by the PRIIPs Regulation for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared, other than in respect of the jurisdiction(s) for which a key information document will be made available, and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation; or
- (iii) "Not applicable", then the Notes may be offered, sold or otherwise made available to any retail investor in the EEA, provided that, where a key information document is required pursuant to the PRIIPs Regulation, the Notes may only be offered, sold or otherwise made available to retail investors in the EEA in jurisdiction(s) for which a key information document has been made available. Consequently, if no key information document required by the PRIIPs Regulation for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared, offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation, other than in respect of the jurisdiction(s) for which a key information document will be made available.

For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended "**MiFID II**"); (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the "**Insurance Mediation Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive.

Amounts payable under the Notes may be calculated by reference to one or more "benchmarks" for the purposes of Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of 8 June 2016 (the "**Benchmarks Regulation**"). In the case of Non-Exempt Notes, a statement will be included in the applicable Final Terms as to whether or not the relevant administrator of the "benchmark" is included in ESMA's register of administrators under Article 36 of the Benchmarks Regulation. Certain "benchmarks" may not fall within the scope of the Benchmarks Regulation by virtue of Article 2 of that regulation and transitional provisions in the Benchmarks Regulation may apply such that the administrator of a particular "benchmark" is not required to be included in the register of administrators and benchmarks at the date of the relevant Final Terms.

Amounts payable under the Floating Rate Notes may be calculated by reference to LIBOR or EURIBOR, as specified in the relevant Final Terms. As at the date of this Base Prospectus, the ICE Benchmark Administration (as administrator of LIBOR) is included in the register of administrators maintained by the European Securities and Markets Authority ("**ESMA**") under Article 36 of the Benchmarks Regulation. As at the date of this Base Prospectus, the European Money Markets Institute (as administrator of EURIBOR) is not included in the ESMA's register of administrators under Article 36 of the Benchmarks Regulation. As far as the Issuer is aware, the transitional provisions in Article 51 of the Benchmarks Regulation apply, such

that, as at the date of this Base Prospectus, the administrator of EURIBOR is not required to obtain authorisation or registration.

**MiFID product governance / target market** – The Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) may include a legend entitled "MiFID II product governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MIFID Product Governance Rules.

## SUMMARY OF THE BASE PROSPECTUS

*[The following text which comprises the form of Summary applies to Non-exempt Notes only and is provided in accordance with Article 5.2 of the Prospectus Directive]*

Summaries are made up of disclosure requirements known as "Elements". These Elements are numbered in Sections A – E (A.1 – E.7). This Summary contains all the Elements required to be included in a summary for the Notes and the Issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in a summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element should be included in the summary explaining why it is not applicable.

### Section B – Issuer

Element	Title	
B.1	Legal and commercial name of the Issuer	BGL BNP Paribas (the " <b>Issuer</b> ", the " <b>Bank</b> " or " <b>BGL</b> ").

Element	Title	
B.2	Domicile/ legal form/ legislation/ country of incorporation	<p>The Issuer was incorporated with limited liability, and operates, under the laws of the Grand Duchy of Luxembourg as a public limited liability company (<i>société anonyme</i>). The Issuer is domiciled in Luxembourg (for which purposes "domiciled" in Luxembourg means that the registered office of the Issuer is located in Luxembourg) having its registered office at 50, avenue J.F. Kennedy, L-2951 Luxembourg, Grand Duchy of Luxembourg.</p>
B.4b	Trend information	<p><b><i>Macro-economic environment</i></b></p> <p>Macroeconomic and market conditions affect BGL's results. The nature of BGL's business makes it particularly sensitive to macroeconomic and market conditions in Europe, which have been at times challenging and volatile in recent years.</p> <p>In 2017, global growth increased to about 3.5%, reflecting an improvement in all geographic regions. In the large developed countries, this increase in activity is leading to a tightening of, or a tapering of, accommodating monetary policy. However, with inflation levels still very moderate, the central banks are able to manage this transition very gradually, without compromising the economic outlook. The IMF expects worldwide growth to strengthen further in 2018 and has revised its forecast from +3.6% to +3.7%: the slight slowdown expected in the advanced economies should be more than offset by the forecasted improvement in the emerging economies (driven by the recovery in Latin America and the Middle East, and despite the structural, lower pace of economic growth in China).</p> <p>In this context, the following two risk categories can be identified:</p> <p><i>Risks of financial instability due to the conduct of monetary policies</i></p> <p>Two risks should be emphasised: a sharp increase in interest rates and the current, very accommodating monetary policy being maintained for too long.</p> <p>On the one hand, the continued tightening of monetary policy in the United States (which started in 2015) and the less accommodating monetary policy in the euro zone (a planned reduction in asset purchases starting in January 2018) involve risks of financial turbulence. The risk of an inadequately controlled rise in long-term interest rates may in particular be emphasised, under the scenario of an unexpected increase in inflation or an unanticipated tightening of monetary policies. If this risk materialises, it could have negative consequences on the asset markets, particularly those for which risk premiums are extremely low compared to their historic average, following a decade of accommodating monetary policies (credit to non-investment grade corporates or countries, certain sectors of the equity markets, real estate, etc.).</p> <p>On the other hand, despite the upturn since mid-2016, interest rates remain low, which may encourage excessive risk-taking among some</p>

Element	Title	
		<p>financial market participants: lengthening maturities of financings and assets held, less stringent credit policy and an increase in leveraged financings.</p> <p>Some of these participants (insurance companies, pension funds, asset managers, etc.) have an increasingly systemic dimension and in the event of market turbulence (linked for example to a sharp rise in interest rates and/or a sharp price correction) they could be brought to unwind large positions in relatively weak market liquidity.</p> <p><i>Systemic risks related to increased debt</i></p> <p>Macroeconomically, the impact of a rate increase could be significant for countries with high public and/or private debt-to-GDP ratio. This is particularly the case for the United States and certain European countries (in particular Greece, Italy and Portugal), which are posting public debt-to-GDP ratios often above 100% but also for emerging countries.</p> <p>Between 2008 and 2017, emerging countries recorded a marked increase in their debt, including foreign currency debt owed to foreign creditors. The private sector was the main source of the increase in this debt, but also the public sector to a lesser extent, particularly in Africa. These countries are particularly vulnerable to the prospect of a tightening in monetary policies in the advanced economies. Capital outflows could weigh on exchange rates, increase the costs of servicing that debt, import inflation, and cause the emerging countries' central banks to tighten their credit conditions. This would bring about a reduction in forecasted economic growth, possible downgrades of sovereign ratings and an increase in risk for banks. While the exposure of the BNPP Group to emerging countries is limited, the vulnerability of these economies may generate disruptions in the global financial system that could affect the BNPP Group (including BGL) and potentially alter its results.</p> <p>It should be noted that the debt-related risk could materialise not only in the event of a sharp rise in interest rates, but also with any negative growth shock.</p> <p><b><i>Laws and Regulations Applicable to Financial Institutions</i></b></p> <p>Recent and future changes in the laws and regulations applicable to financial institutions or their business activities may have a significant impact on BGL. Measures that were recently adopted or which are (or whose application measures are) still in draft format, that have or are likely to have an impact on BGL notably include:</p> <ul style="list-style-type: none"> <li>- the structural reforms comprising the French banking law of 26 July 2013 requiring that banks create subsidiaries for or segregate "speculative" proprietary operations from their traditional retail banking activities, the "Volcker rule" in the US which restricts proprietary transactions, sponsorship and investment in private equity funds and</li> </ul>

Businesses run the risk of severe penalties if they do not comply with the standards set by the GDPR. This Regulation applies to all banks providing services to European clients.</li> </ul> <p><b>Cyber risk</b></p> <p>In recent years, financial institutions have been impacted by a number of cyber incidents, notably involving large-scale alterations of data which compromise the quality of financial information. This risk remains and BGL, like other banks, has taken measures to implement systems to deal with cyber attacks that could destroy or damage data and critical systems and hamper the smooth running of its operations. Moreover, the regulatory and supervisory authorities are taking initiatives to promote the exchange of information on cyber security and cyber criminality in order to improve the security of technological infrastructures and establish effective recovery plans after a cyber incident.</p>

D.2	Key risks regarding the Issuer	<p>In purchasing Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. In the event of the insolvency of BGL or if it is otherwise unable or unwilling to repay the Notes when repayment falls due, an investor may lose all or part of his investment in the Notes.</p> <p>There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified a number of factors which could materially adversely affect its business and ability to make payments</p>

## RISK FACTORS

*The following section applies to both Exempt Notes and Non-exempt Notes.*

*In purchasing Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified in this Base Prospectus a number of factors which could materially adversely affect its business and ability to make payments due.*

*In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.*

*Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.*

*Before making an investment decision with respect to any Notes issued under the Programme, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Notes and consider such an investment decision in the light of the prospective investor's personal circumstances.*

*Words and expressions defined elsewhere in this Base Prospectus shall have the same meaning in this section.*

### **Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme**

#### **Difficult market and economic conditions have in the past had and may in the future have a material adverse effect on the operating environment for financial institutions and hence on BGL's financial condition, results of operations and cost of risk**

As part of a global financial institution, BGL's businesses are highly sensitive to changes in financial markets and economic conditions (globally and especially in Luxembourg and Belgium). In recent years, BGL has been, and may again in the future be confronted with a significant deterioration of market and economic conditions resulting, among other things, from crises affecting sovereign debt and capital markets, the availability of credit or liquidity, regional or global recessions, sharp fluctuations in commodity prices (including oil), currency exchange rates or interest rates, volatility in prices of financial derivatives, inflation or deflation, corporate or sovereign debt rating downgrades, counterparty restructurings or defaults, or adverse political and geopolitical events (such as natural disasters, pandemics, societal unrest, geopolitical tensions, acts of terrorism, cyber-attacks, military conflicts or threats thereof and related risks). Such disruptions, which may develop quickly and hence not be fully hedged, could affect the operating environment for financial institutions for short or extended periods and have a material adverse effect on BGL's financial condition, results of operations or cost of risk. The economy in BGL's principal markets and, generally speaking, globally, experienced growth in 2017 and the cyclical recovery may continue in 2018. There are nonetheless downside risks arising from factors such as evolving monetary policies (and, in particular, the risk of sharper than expected tighter lending due to financial turbulence), trends in inflation, geographical tensions, protectionist tendencies and possible volatility in financial markets.

Moreover, a resurgence of sovereign debt tensions cannot be ruled out, particularly in a rising interest rate environment together with increasing funding costs. In particular, European markets have experienced significant disruptions at various points in recent years from this source, initially originating from concerns regarding the ability of certain countries or institutions in the Euro-zone to refinance their debt obligations.

These disruptions have in certain periods caused tighter credit markets, increased volatility in the exchange rate of the euro against other major currencies, affected the levels of stock market indices and created uncertainty regarding the economic prospects of certain countries in the European Union as well as the quality of bank loans to sovereign debtors in the European Union.

BGL holds and may in the future hold substantial portfolios of sovereign debt and has and may in the future have substantial amounts of loans outstanding to sovereign borrowers; a new sovereign debt crisis could cause it to incur impairment charges or losses on sales. BGL also participates in the interbank financial market and as a result, is indirectly exposed to risks relating to financial institutions with which it does business. More generally, the sovereign debt crisis has had, and could again in the future have, an indirect impact on financial markets and, increasingly, economies, in Europe and worldwide, and more generally on the environment in which BGL operates.

If economic conditions generally or in Europe in particular (the latter due to any of the above generally applicable factors or to heightened risk of or even the occurrence of a sovereign default, the failure of a significant financial institution or the exit of a country or territory from the euro zone or the European Union), were to deteriorate, the resulting market disruptions could have a significant adverse impact on the credit quality of BGL's customers and financial institution counterparties, on market parameters such as interest rates, foreign exchange rates and stock market indices, and on BGL's results of operations, liquidity, ability to raise financing on acceptable terms and financial condition.

**The United Kingdom's referendum to leave the European Union may lead to significant uncertainty, volatility and disruption in European and broader financial and economic markets and hence may adversely affect BGL's operating environment.**

On 23 June 2016, the United Kingdom held a referendum in which a majority of its voters opted to leave the European Union ("**Brexit**") and on 29 March 2017 the government of the United Kingdom has invoked Article 50 of the Treaty on the European Union (the "**Lisbon Treaty**") relating to withdrawal. Under Article 50, the Treaty on the European Union and the Treaty on the Functioning of the European Union cease to apply in the relevant state from the date of entry into force of a withdrawal agreement, or, failing that, two years after the relevant state notifies the European Council of its intention to withdraw, although this period may be extended in certain circumstances. Negotiations between the United Kingdom and the European Union to determine their relationship going forward, including regarding trade, financial and legal arrangements are ongoing. The nature, timing and economic and political effects of Brexit remain highly uncertain and will depend upon the results of future negotiations between the United Kingdom and the European Union, and hence may adversely affect BGL's operating environment and therefore its results and financial condition.

**Legislative action and regulatory measures taken in response to the global financial crisis may materially impact BGL and the financial and economic environment in which it operates**

In the past few years, laws and regulations recently have been enacted, adopted or proposed in particular in Europe and the United States, with a view to introduce a number of changes, some permanent, in the financial environment. The impact of the new measures has changed substantially the environment in which BGL and other financial institutions operate. The new measures that have been or may be proposed and adopted include more stringent capital and liquidity requirements (particularly for large global banking groups such as the BNPP Group (as defined below)), taxes on financial transactions, restrictions and increased taxes on employee compensation over specified levels, restrictions on certain types of activities considered as speculative undertaken by commercial banks that will be prohibited or need to be ring-fenced in subsidiaries (particularly proprietary trading), restrictions or prohibitions on certain types of financial products or activities, enhanced recovery and resolution regimes, revised risk-weighting methodologies, increased internal control and reporting requirements with respect to certain activities, more stringent governance and conduct of business rules, more extensive market abuse regulations, measures to improve the transparency and efficiency of financial markets and in particular to regulate high frequency trading, increased regulation of certain types of financial products including mandatory reporting of derivative and

securities financing transactions, requirements either to mandatorily clear, or otherwise mitigate risks in relation to, over-the-counter derivative transactions (including through posting of collateral in respect of non-centrally cleared derivatives), and the creation of new and strengthened regulatory bodies. Many of these measures have been adopted and are already applicable to BGL. The principal such measures are summarized below.

#### *Prudential ratios*

At the European level, many of the provisions of the EU Directive and Regulation on prudential requirements "**CRD 4/CRR**" dated 26 June 2013, implementing the Basel III capital requirements, took effect as of 1 January 2014 and many delegated and implementing acts provided for in the Directive and Regulation CRD 4/CRR were adopted in 2014. The prudential ratio requirements and the designation of BGL as an "other systemically important institution" increased BGL's prudential requirements and may limit its ability to extend credit or to hold certain assets, particularly those with longer maturities. A recent initiative of the European Commission to amend CRD 4/CRR has been launched, notably aiming at increasing the resilience of EU institutions and enhancing financial stability.

#### *Banking Union*

Regarding the European "Banking Union", the European Union adopted, in October 2013, a Single Supervisory Mechanism ("**SSM**") under the supervision of the ECB; as a consequence, since November 2014, BGL, along with all institutions qualified as important in the euro zone, are now under the direct supervision of the ECB, with respect to prudential regulation matters entrusted to the ECB by Council Regulation dated 15 October 2013. Within the SSM, the ECB is, in particular, tasked with carrying out an annual supervisory review and evaluation process ("**SREP**") and stress tests, in connection with which it has powers to require banks to hold capital requirements in excess of minimum capital requirements in order to address specific risks (so-called "Pillar 2" requirements), and more generally to impose additional liquidity requirements and possibly other regulatory measures. Such measures could have an adverse impact on BGL's results of operations and financial condition.

#### *Bank recovery and resolution measures*

In addition to the SSM, the EU Bank Recovery and Resolution Directive of 15 May 2014 ("**BRRD**"), which was implemented by the Luxembourg act dated 18 December 2015 (the "**BRR Act 2015**") is applicable to BGL. Under the BRR Act 2015, the competent authority is the *Commission de surveillance du secteur financier* (the "**CSSF**") and the resolution authority is the CSSF acting as Resolution Council (*le Conseil de résolution*).

The BRR Act 2015 provides for certain resolution measures, including the power to impose in certain circumstances a suspension of activities. Any suspension of activities can, to the extent determined by the CSSF, result in the partial or complete suspension of the performance of agreements entered into by BGL. The BRR Act 2015 also grants the power to the Resolution Council to take a number of resolution measures which may apply to BGL, including (i) a forced sale of the credit institution (sale of business), (ii) the establishment of a bridge institution bank or, (iii) the forced transfer of all or part of the assets, rights or obligations of the credit institution (asset separation) and (iv) the application of the general bail-in tool.

The powers set out in the BRR Act 2015 will impact how credit institutions (such as BGL), investment firms and any financial institution that is established in Luxembourg and is a subsidiary of a credit institution, or an investment firm, and is covered by the supervision of the parent undertaking on a consolidated basis in accordance with the Regulation (EU) No 575/2013, are managed as well as, in certain circumstances, the rights of creditors.

Regulation (EU) no. 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund has established as single resolution mechanism. A centralised power of resolution is entrusted to the Single Resolution Board and the

national resolution authorities (for Luxembourg, the CSSF through the Resolution Council) is working in close cooperation with it.

#### *Minimum requirement for own funds and eligible liabilities (MREL)*

In order to ensure the effectiveness of bail-in and other resolution tools, the BRRD (as implemented by the BRR Act 2015) requires that all institutions must meet an individual MREL requirement calculated as a percentage of total liabilities and own funds and set by the relevant resolution authorities. Items eligible for inclusion in MREL will include an institution's own funds along with "eligible liabilities".

The European Banking Authority (the "**EBA**") and the European Commission are required under the BRRD to develop the criteria for determining MREL, the calculation methodologies and related measures. The EBA published and submitted to the European Commission the final draft regulatory technical standards on the criteria for determining MREL on 3 July 2015 and this was amended and adopted by the European Commission and the European Parliament in the Commission Delegated Regulation 2016/1450 of 23 May 2016 (the "**DR 2016/1450**"). Although the DR 2016/1450 provides more specifics on the criteria to be taken into account by resolution authorities to determine the level of MREL applicable for each institution, it also provides for a transitional period therefor, at the discretion of the resolution authorities. In addition, the EBA released its final report on MREL (on the implementation and design of the MREL framework) on 14 December 2016, which contains some recommendations for the improvement of the MREL mechanism and its alignment with TLAC (see below). As part of the initiative of the Commission to amend CRD 4/CRR, notably aiming at increasing the resilience of EU institutions and enhancing financial stability, the latter also issued proposals to amend the BRRD (and Directive 2017/2399 on the hierarchy of creditors is, partially, an outcome of these proposals) and the precise impact of the MREL requirements on individual firms will remain a matter of some uncertainty until the final measures are fully adopted and specific requirements imposed on institutions by resolution authorities.

It is also uncertain how exactly the proposals published in November 2014 by the Financial Stability Board ("**FSB**") for a new international standard on total loss absorbing capacity ("**TLAC**") for globally systemically important banks ("**GSIB**"s) as well as the final TLAC Principles and Term Sheet published by the FSB on 9 November 2015 will affect the way EU law will cohabit with this requirement and the way in which the authorities implement the MREL regime.

Again, the initiative of the Commission to amend the BRRD may provide some answers in this regard but the precise impact of the TLAC requirements on EU institutions will remain a matter of some uncertainty until the final measures are fully adopted and specific requirements imposed on institutions by resolution authorities.

Until these measures are finally adopted and applied to BGL, it is not possible to determine the ultimate scope and nature of any resulting obligations for BGL, nor the impact that they will have on BGL. It is possible that BGL may have to issue MREL instruments in order to meet the new requirements within the required timeframes and/or that the MREL requirements would impose operational restrictions on BGL, increase BGL's expenses and/or otherwise have a material adverse effect on the business, financial condition, results of operations and/or prospects of BGL and, in turn, adversely affect the value of the Notes.

#### *Investment and retail bank separation*

Furthermore, a proposal for a Regulation of the European Parliament and of the Council of 29 January 2014 on structural measures improving the resilience of EU credit institutions, as amended on 19 June 2015, would prohibit certain proprietary trading activities by European credit institutions that meet certain criteria (particularly as to size) and require them to conduct certain high-risk trading activities only through subsidiaries.

#### *Other significant or existing or upcoming regulatory requirements*

Finally, regulations designed to enhance the transparency and soundness of financial markets, such as the so-called "EMIR" Regulation of 4 July 2012 on OTC derivatives, central counterparties and trade repositories and the measures adopted or to be adopted thereunder (including in relation to collateral requirements for non-centrally cleared derivatives), Regulation of 25 November 2015 on transparency of securities financing transactions and MiFID II may be a source of additional uncertainty and compliance risk and, more generally, the costs incurred due to the implementation of such regulations may have a negative impact on the profitability of certain activities currently conducted by BGL and weigh on BGL's results of operations and financial condition.

### *U.S. regulatory framework*

Bank regulation in the United States has been substantially changed and expanded in the wake of the financial crisis, including as follows. A final rule issued by the Board of Governors of the U.S. Federal Reserve System (the "**Federal Reserve Board**") imposing enhanced prudential standards on the U.S. operations of large foreign banks required BNPP, the parent company of BGL, to designate or create a new intermediate holding company ("**IHC**") for its U.S. subsidiaries by 1 July 2016. BNPP's IHC, BNP Paribas USA, Inc., must comply with risk-based and leverage capital requirements, liquidity requirements, supervisory stress testing and capital planning requirements as well as other prudential requirements on a consolidated basis at the IHC level. In addition, on 4 March 2016, the Federal Reserve Board re-proposed single counterparty credit limits that would apply to both the U.S. IHCs and the combined U.S. operations (including U.S. branch operations) of systemically important foreign banking organizations (such as BNPP). Under proposals that remain under consideration, the IHC and the combined U.S. operations of BNPP may become subject to limits on credit exposures to any single counterparty, and the combined U.S. operations of BNPP may also become subject to an early remediation regime which could be triggered by risk-based capital, leverage, stress tests, liquidity, risk management and market indicators. The Federal Reserve Board has also indicated that it is considering future rulemakings that could apply the U.S. rules implementing the Basel III liquidity coverage ratio and net stable funding ratio to the combined U.S. operations (including U.S. branch operations) of certain large foreign banking organisations. The scope and timing for the implementation of these liquidity requirements as well as additional expected changes to the capital and stress testing requirements and their impact on BNPP is difficult to predict at this point. On 15 December 2016, the Federal Reserve Board issued final rules that implement in the United States the Financial Stability Board's standards for a TLAC framework (the "**U.S. TLAC Rules**"). The final rules require, among other things, BNPP's U.S. IHC to maintain minimum levels of TLAC, consisting of the IHC's Tier 1 capital plus a minimum amount of long-term debt satisfying certain eligibility criteria, and a related TLAC buffer. BNPP will be subject to these requirements commencing 1 January 2019. BNPP's U.S. IHC will be required to issue this long-term debt internally to BNPP or any foreign affiliate that is wholly owned, directly or indirectly, by BNPP, for so long as BNPP's U.S. IHC is considered a "non-resolution covered IHC" under the U.S. TLAC Rules, meaning BNPP is subject to a single-point-of-entry resolution strategy that does not involve the U.S. IHC entering into resolution or similar proceedings in the United States. The rules also impose limitations on the types and amount of other financial transactions that BNPP's U.S. IHC may engage in. On 23 September 2016, the Federal Reserve Board proposed additional prudential requirements with respect to the physical commodity activities of financial holding companies ("**FHCs**") (such as BNPP), including significantly elevated capital requirements for physical commodity activities (and for investments in merchant banking companies that engage in physical commodity activities) that, according to the Federal Reserve Board, have the potential to expose an FHC to environmental liability. Finally, the "Volcker Rule", adopted by the U.S. regulatory authorities in December 2013, places certain restrictions on the ability of U.S. and non-U.S. banking entities, including BNPP and its affiliates, to engage in proprietary trading and to sponsor or invest in private equity and hedge funds. BNPP was generally required to come into compliance with the Volcker Rule by July 2015, although the Federal Reserve Board extended the conformance deadline for pre-2014 "legacy" investments in and relationships with private equity funds and hedge funds until 21 July 2017. In June 2017, the Federal Reserve Board granted the Bank an extended transition period to conform investments in certain illiquid funds under the Volcker Rule for an additional five years (i.e., until 21 July 2022). The Volcker Rule's implementing regulations are highly complex and may be subject to further regulatory amendments, interpretation and guidance, and its full impact will not be known with certainty for some time. U.S. regulators have also recently adopted or proposed new rules regulating OTC

derivatives activities under Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "**Dodd-Frank Act**"). In late 2015, the Federal Reserve Board and other U.S. banking regulators finalised margin requirements applicable to uncleared swaps and security-based swaps entered into by swap dealers, major swap participants, security-based swap dealers and major security-based swap participants that are regulated by one of the U.S. banking regulators, including BNPP. These margin requirements, which began to come into effect in phases beginning in September 2016 require BNPP to post and collect additional, high-quality collateral for certain transactions, increasing the costs of uncleared swaps and security-based swaps offered by BNPP to its customers who are "U.S. persons" as defined under the rules which apply globally. The U.S. Commodity Futures Trading Commission also finalised rules in 2016 that will require additional interest rate swaps to be cleared, which are expected to come into effect in phases based on the implementation of parallel clearing requirements in non-U.S. jurisdictions and in any event by October 2018, and has also proposed rules that would apply position limits to certain physical commodity swaps. The U.S. Securities and Exchange Commission also finalised rules in 2015 and 2016 regarding the registration of security-based swap dealers and major security-based swap participants, business conduct and trade acknowledgment and verification requirements for such entities, and obligations relating to transparency and mandatory reporting of security-based swap transactions. Further rules and regulations are expected in 2018 to complete this regulatory framework. The scope and timing for the implementation of these requirements, and therefore, their impact on BNPP's swap business, is difficult to predict at this stage.

In sum, extensive legislative and regulatory reform in respect of financial institutions has been enacted in recent years and some remains in progress. In addition, following the 2016 U.S. presidential election, there is uncertainty surrounding the regulatory agenda of the administration, which includes proposals to repeal or significantly reduce a number of elements of the Dodd-Frank Act. It is impossible to accurately predict which additional measures will be adopted or to determine the exact content of such measures and, given the complexity and uncertainty of a number of these measures, their ultimate impact on BGL. The overall effect of these measures, whether already adopted or in the process of being adopted, may be to restrict BGL's ability to allocate and apply capital and funding resources, limit its ability to diversify risk, reduce the availability of certain funding and liquidity resources, increase its funding costs, increase the cost for or reduce the demand for the products and services it offers, result in the obligation to carry out internal reorganizations, structural changes or divestitures, affect its ability to conduct (or impose limitations on) certain types of business as currently conducted, limit its ability to attract and retain talent, and, more generally, affect its competitiveness and profitability, which would in turn have an adverse effect on its business, financial condition and results of operations.

**BGL's access to and cost of funding could be adversely affected by a resurgence of one or more financial crises, worsening economic conditions, rating downgrades, increases in credit spreads or other factors**

The financial crisis, the Euro-zone sovereign debt crisis as well as the general macroeconomic environment have at times adversely affected the availability and cost of funding for European banks in recent years. This was due to several factors, including a sharp increase in the perception of bank credit risk due to exposure to sovereign debt in particular, credit rating downgrades of sovereigns and of banks, and debt market speculation. Many European banks, including BGL, experienced restricted access to wholesale debt markets and to the interbank market, as well as a general increase in their cost of funding. Accordingly, reliance on direct borrowing from the European Central Bank (the "**ECB**") at times increased substantially. If such adverse credit market conditions were to reappear in the event of prolonged stagnation of growth, the sovereign debt crisis or other forms of financial crises, factors relating to the economy or the financial industry in general or to BGL in particular (such as ratings downgrades), the effect on the liquidity of the European financial sector in general and BGL in particular could be materially adverse and have a negative impact on BGL's results of operations and financial condition.

**Downgrades in the credit ratings of BGL or of BNP Paribas may increase the BGL's borrowing cost**

BGL's cost of obtaining long-term unsecured funding from market investors is also directly related to its credit spreads, which in turn depend to a certain extent on its credit ratings. Increases in credit spreads can

significantly increase BGL's cost of funding. Changes in credit spreads are continuous, market-driven, and subject at times to unpredictable and highly volatile movements. Credit spreads are also influenced by market perceptions of creditworthiness of the BGL.

**The prolonged low interest rate environment carries inherent systemic risks and an exit from such environment also carries risks**

Since the 2008/2009 financial crisis, global markets have been characterized by an extended period of low interest rates. During such periods, interest rate spreads tend to tighten, and the BGL may be unable to lower interest rates on deposits sufficiently to offset reduced income from lending at lower interest rates. In addition, the BGL has been facing an increase in early repayment and refinancing of mortgages and other fixed-rate consumer and corporate loans as clients take advantage of lower borrowing costs. This, along with the issuance of new loans at the low prevailing market interest rates, has resulted in a decrease in the average interest rate of the BGL's portfolio of loans thereby causing a decline in the BGL's net interest income from its lending activities. Moreover, an environment of persistently low interest rates can also have the effect of flattening the yield curve in the market more generally, which could reduce the premium generated by the BGL from its funding activities. Additionally, the prolonged period of low interest rates may have contributed to, and may continue to contribute to, excessive risk-taking by financial market participants such as lengthening maturities of financings and assets held, more lenient lending standards and increased leveraged lending. Certain of the market participants that may have taken or may take additional or excessive risk are of systemic importance, and any unwinding of their positions during periods of market turbulence or stress (and hence reduced liquidity) could have a destabilizing effect on markets and could lead BGL to record operating losses or asset impairments.

The end of a period of prolonged low interest rates, in particular due to tightening monetary policy, also carries risks. In this respect, the U.S. Federal Reserve has been tightening its monetary policy since 2015 and the ECB has announced that it will significantly reduce asset purchases between January and September 2018, and reductions could continue thereafter. Any sharper or more rapid than expected tightening could have a negative impact on the economic recovery. On the lending side, it could in particular cause stress in loan and bond portfolios, possibly leading to an increase in non-performing exposures and defaults. Moreover, it may cause additional financial strain on sovereigns with particularly high debt to GDP ratios, such as countries on the periphery of the Euro-zone as well as in Africa, with attendant increased asset quality concerns for their lenders. On the borrowing side, should BGL's hedging strategies prove ineffective or provide only a partial hedge, BGL could incur losses due to higher refinancing costs. More generally, the ending of accommodative monetary policies (including liquidity infusions from central bank asset purchases) may lead to severe corrections in certain market or asset classes (e.g. non-investment grade corporate and sovereign borrowers, certain sectors of equities and real estate) that particularly benefitted (including from very low risk premia as compared to historical averages) from the prolonged low interest rate and high liquidity environment, and such corrections could potentially be contagious to financial markets generally, including through substantially increased volatility.

**There are risks related to the implementation of BNPP Group's strategic plans and commitment to environmental responsibility**

BNPP Group has announced and presented a strategic plan for the 2017-2020 period on 7 February 2017. This plan contemplates a number of initiatives, including the implementation of new customer pathways, the digital transformation of the BNPP Group, continuing to improve operating efficiency and various business development initiatives.

The plan includes a number of financial targets and objectives relating to net banking income, operating costs, net income, capital adequacy ratios and return on equity, among other things. These financial targets and objectives were established primarily for purposes of internal planning and allocation of resources, and are based on a number of assumptions with regard to business and economic conditions. BNPP Group's actual results could vary significantly from these targets and objectives for a number of reasons, including the occurrence of one or more of the risk factors described elsewhere in this section.

Additionally, as a part of BNPP Group's commitment to environmental responsibility within its CSR policy, it has announced a number of initiatives to support the energy transition towards a low-carbon economy, including a reduction in financing for energies with the most negative environmental impact. These measures (and any future ones along similar lines) may in certain cases adversely affect BNPP Group's results in the relevant sectors.

**A substantial increase in new provisions or a shortfall in the level of previously recorded provisions could adversely affect BGL's results of operations and financial condition**

In connection with its lending activities, BGL regularly establishes provisions for loan losses, which are recorded in its profit and loss account under "cost of risk". BGL's overall level of provisions is based on its assessment of prior loss experience, the volume and type of lending being conducted, industry standards, past due loans, economic conditions and other factors related to the recoverability of various loans. Although BGL seeks to establish an appropriate level of provisions, its lending businesses may have to increase their provisions for loan losses substantially in the future as a result of deteriorating economic conditions or other causes. Any significant increase in provisions for loan losses or a significant change in BGL's estimate of the risk of loss inherent in its portfolio of non-impaired loans, as well as the occurrence of loan losses in excess of the related provisions, could have a material adverse effect on BGL's results of operations and financial condition.

BGL also establishes provisions for contingencies and charges including in particular provisions for litigation. Any loss arising from a risk that has not already been provisioned or that is greater than the amount of the provision would have a negative impact on BGL's results of operation and, potentially, its financial condition.

**BGL may incur significant losses on its investment activities due to market fluctuations and volatility**

BGL maintains investment positions in the debt and currency markets, and in private equity, property and other assets, including through derivative contracts. These positions could be adversely affected by volatility in financial and other markets, i.e. the degree to which prices fluctuate over a particular period in a particular market, regardless of market levels. Moreover, volatility trends that prove substantially different from BGL's expectations may lead to losses relating to a broad range of other products that BGL uses, including swaps, forward and future contracts, options and structured products.

To the extent that BGL owns assets, or has net long positions, in any of those markets, a market downturn could result in losses from a decline in the value of its positions. Conversely, to the extent that BGL has sold assets that it does not own or has net short positions in any of those markets, a market upturn could, in spite of the existing limitation of risks and control systems, expose it to potentially substantial losses as it attempts to cover its net short positions by acquiring assets in a rising market. BGL may from time to time hold a long position in one asset and a short position in another, in order to hedge transactions with clients and/or from which it expects to gain based on changes in the relative value of the two assets. If, however, the relative value of the two assets changes in a direction or manner that BGL did not anticipate or against which it is not hedged, BGL might realise a loss on those paired positions. Such losses, if significant, could adversely affect BGL's results and financial condition.

**BGL may generate lower revenues from brokerage and other commission and fee-based businesses during market downturns**

Financial and economic conditions affect the number and size of transactions for which BGL provides securities underwriting, financial advisory and other investment banking services. BGL's revenues, which include fees from these services, are directly related to the number and size of the transactions in which it participates and can thus be significantly affected by economic or financial changes that are unfavourable to its Investment Banking business and clients. In addition, because the fees that BGL charges for managing its clients' portfolios are in many cases based on the value or performance of those portfolios, a market downturn that reduces the value of its clients' portfolios or increases the amount of withdrawals would reduce the revenues BGL receives from its asset management, equity derivatives and private banking

businesses. Independently of market changes, below-market performance by BGL's mutual funds may result in increased withdrawals and reduced inflows, which would reduce the revenues BGL receives from its asset management business. BGL experienced some or all of these effects during the sharp market downturns of recent years and could experience them again in future market downturns, which may occur periodically and unexpectedly.

**Protracted market declines can reduce liquidity in the markets, making it harder to sell assets and possibly leading to material losses**

In some of the BGL's businesses, protracted market movements, particularly asset price declines, can reduce the level of activity in the market or reduce market liquidity. These developments can lead to material losses if BGL cannot close out deteriorating positions in a timely way. This is particularly true for assets that are intrinsically illiquid. Assets that are not traded on stock exchanges or other public trading markets, such as certain derivative contracts between financial institutions, may have values that BGL calculates using models rather than publicly-quoted prices. Monitoring the deterioration of prices of assets like these is difficult and could lead to significant losses that BGL did not anticipate.

**BGL is subject to extensive and evolving regulatory regimes in the jurisdictions in which it operates.**

BGL faces the risk of changes in legislation or regulation in all of the countries in which it operates, including, but not limited to, the following:

- monetary, liquidity, interest rate and other policies of central banks and regulatory authorities;
- changes in government or regulatory policy that may significantly influence investor decisions, in particular in the markets in which the BNPP Group operates;
- changes in regulatory requirements applicable to the financial industry, such as rules relating to applicable governance, remunerations, capital adequacy and liquidity frameworks, restrictions on activities considered as speculative and recovery and resolution frameworks;
- changes in securities regulations, as well as in financial reporting disclosure and market abuse regulations;
- general changes in the regulation of certain types of transactions and investments, such as derivatives and securities financing transactions and money market funds;
- changes in the regulation of market infrastructures, such as trading venues, central counterparties, central securities depositories, and payment and settlement systems;
- changes in the regulation of payment services, crowdfunding and fintech;
- changes in the regulation of data privacy and cybersecurity;
- changes in tax legislation or the application thereof;
- changes in accounting norms;
- changes in rules and procedures relating to internal controls, risk management and compliance; and
- expropriation, nationalisation, price controls, exchange controls, confiscation of assets and changes in legislation relating to foreign ownership.

These changes, the scope and implications of which are highly unpredictable, could substantially affect BGL, and have an adverse effect on its business, financial condition and results of operations. Some reforms not aimed specifically at financial institutions, such as measures relating to the funds industry or promoting

technological innovation (such as open data projects), could facilitate the entry of new players in the financial services sector or otherwise affect BGL's business model, competitiveness and profitability, which could in turn affect its financial condition and results of operations.

BGL may incur substantial fines and other administrative and criminal penalties for non-compliance with applicable laws and regulations, and may also incur losses in related (or unrelated) litigation with private parties

BGL is exposed to regulatory compliance risk, i.e. the failure to comply fully with the laws, regulations, codes of conduct, professional norms or recommendations applicable to the financial services industry. This risk is exacerbated by the adoption by different countries of multiple and occasionally diverging and even conflicting legal or regulatory requirements. Besides damage to BGL's reputation and private rights of action, non-compliance could lead to significant legal proceedings, fines and expenses (including fines and expenses in excess of recorded provisions), public reprimand, enforced suspension of operations or, in extreme cases, withdrawal by the authorities of operating licenses. This risk is further exacerbated by continuously increasing regulatory scrutiny of financial institutions, as well as substantial increases in the quantum of applicable fines and penalties. Moreover, litigation by private parties against financial institutions has substantially increased in recent years. Accordingly, BGL faces significant legal risk in its business, and the volume and amount of damages claimed in litigation, regulatory proceedings and other adversarial proceedings against financial services firms have substantially increased in recent years and may increase further.

#### **Significant interest rate changes could adversely affect BGL's net banking income and profitability**

The amount of net interest income earned by BGL during any given period significantly affects its overall net banking income and profitability for that period. Interest rates are sensitive to many factors beyond BGL's control, such as the level of inflation and the monetary policies of states, and government decisions relating to regulated savings rates. Changes in market interest rates could affect the interest rates charged on interest-earning assets differently than the interest rates paid on interest-bearing liabilities. Any adverse change in the yield curve could cause a decline in BGL's net interest income from its lending activities. In addition, maturity mismatches and increases in the interest rates relating to BGL's short-term financing may adversely affect BGL's profitability.

#### **The soundness and conduct of other financial institutions and market participants could adversely affect BGL.**

BGL's ability to engage in funding, investment and derivative transactions could be adversely affected by the soundness of other financial institutions or market participants. Financial services institutions are interrelated as a result of trading, clearing, counterparty, funding or other relationships. As a result, defaults, or even rumours or questions about, one or more financial services institutions, or the financial services industry generally, may lead to market-wide liquidity problems and could lead to further losses or defaults. BGL has exposure to many counterparties in the financial industry, directly and indirectly, including brokers and dealers, commercial banks, investment banks, mutual and hedge funds, and other institutional clients, with which it regularly executes transactions. BGL may also be exposed to risks related to the increasing involvement in the financial sector of players and the introduction of new types of transactions subject to little or no regulation (e.g. unregulated funds, trading venues or crowdfunding platforms). BGL is exposed to credit and counterparty risk in the event of default or financial distress of BGL's counterparties or clients. This credit risk could be exacerbated when the collateral held by it cannot be realised upon or is liquidated at prices not sufficient to recover the full amount of the loan or derivative exposure due to BGL or in case of a failure of a significant financial market participant such as a central counterparty. It is worth noting in this respect that regulatory changes requiring mandatory clearing of standardized over-the-counter ("OTC") derivatives through central counterparties have resulted in an increase of the exposure of financial market participants to such central counterparties.

In addition, fraud or misconduct by financial market participants can have a material adverse effect on financial institutions due in particular to the interrelated nature of the financial markets. An example is the fraud perpetrated by Bernard Madoff that came to light in 2008, as a result of which numerous financial institutions globally, including the BNPP Group announced losses or exposure to losses in substantial amounts. BNP Paribas remains the subject of various claims in connection with the Madoff matter.

There can be no assurance that any losses resulting from the risks summarised above will not materially and adversely affect BGL's results of operations.

### **BGL's competitive position could be harmed if its reputation is damaged**

Considering the highly competitive environment in the financial services industry, a reputation for financial strength and integrity is critical to BGL's ability to attract and retain customers. BGL's reputation could be harmed if it fails to adequately promote and market its products and services. BGL's reputation could also be damaged if, as it increases its client base and the scale of its businesses, BGL's comprehensive procedures and controls dealing with conflicts of interest fail, or appear to fail, to address conflicts of interest properly. At the same time, BGL's reputation could be damaged by employee misconduct, fraud or misconduct by market participants to which BGL is exposed, a decline in, a restatement of, or corrections to its financial results, as well as any adverse legal or regulatory action. Such risks to reputation have recently increased as a result of the growing use of social networks within the economic sphere. The loss of business that could result from damage to BGL's reputation could have an adverse effect on its results of operations and financial position.

### **An interruption in or a breach of BGL's information systems may result in material losses of client or customer information, damage to BGL's reputation and lead to financial losses**

As with most other banks, BGL relies heavily on communications and information systems to conduct its business. This dependency has increased with the spread of mobile and online banking services and the development of cloud computing and blockchain technologies. Any failure or interruption or breach in security of these systems could result in failures or interruptions in BGL's customer relationship management, general ledger, deposit, servicing and/or loan organisation systems. BGL cannot provide assurances that such failures or interruptions will not occur or, if they do occur, that they will be adequately addressed. An increasing number of companies (including financial institutions) have in recent years experienced intrusion attempts or even breaches of their information technology security, some of which have involved sophisticated and highly targeted attacks on their computer networks. Because the techniques used to obtain unauthorised access, disable or degrade service, steal confidential data or sabotage information systems have become more sophisticated, change frequently and often are not recognised until launched against a target, BGL and its third-party service providers may be unable to anticipate these techniques or to implement in a timely manner effective and efficient countermeasures. Any failures of or interruptions in BGL's information systems or those of its providers and any subsequent disclosure of confidential information related to any client, counterpart or employee of BGL (or any other person) or any intrusion or attack against BGL's communication system could cause significant losses and have an adverse effect on BGL's reputation, financial condition and results of operations.

In recent years, financial institutions have been impacted by a number of cyber incidents, notably involving large-scale alterations of data which compromise the quality of financial information. This risk remains and BGL, like other banks, has taken measures to implement systems to deal with cyber attacks that could destroy or damage data and critical systems and hamper the smooth running of its operations. Moreover, the regulatory and supervisory authorities are taking initiatives to promote the exchange of information on cyber security and cyber criminality in order to improve the security of technological infrastructures and establish effective recovery plans after a cyber incident.

**Unforeseen external events may disrupt BGL's operations and cause substantial losses and additional costs**

Unforeseen events such as an adverse change in the political, military or diplomatic environments, political and social unrest, severe natural disasters or climate-change related events, a pandemic, terrorist attacks, military conflicts, cyber-attacks or other states of emergency could affect the demand for the products and services offered by BGL, or lead to an abrupt interruption of BGL's operations and could cause substantial losses that may not necessarily be covered by an insurance policy. Such losses can relate to property, financial assets, trading positions, personal data and key employees. Such unforeseen events could also lead to temporary or longer-term business interruption, additional costs (such as relocation of employees affected) and increase the BGL's costs (particularly insurance premiums).

BGL is exposed to country risk, meaning the risk that economic, financial, political or social conditions of a foreign country, especially a country in which it operates, will affect its financial interests.

**BGL's risk management policies, procedures and methods may leave it exposed to unidentified or unanticipated risks, which could lead to material losses**

BGL has devoted significant resources to developing its risk management policies, procedures and assessment methods and intends to continue to do so in the future. Nonetheless, BGL risk management techniques and strategies may not be fully effective in mitigating its risk exposure in all economic and market environments or against all types of risk, particularly risks that BGL may have failed to identify or anticipate. BGL's ability to assess the creditworthiness of its customers or to estimate the values of its assets may be impaired if, as a result of market turmoil such as that experienced in recent years, the models and approaches it uses become less predictive of future behaviour, valuations, assumptions or estimates. Some of BGL's qualitative tools and metrics for managing risk are based on its use of observed historical market behaviour. BGL applies statistical and other tools to these observations to arrive at quantifications of its risk exposures. The process BGL uses to estimate losses inherent in its credit exposure or estimate the value of certain assets requires difficult, subjective, and complex judgments, including forecasts of economic conditions and how these economic predictions might impair the ability of its borrowers to repay their loans or impact the value of assets, which may, during periods of market disruption, be incapable of accurate estimation and, in turn, impact the reliability of the process. These tools and metrics may fail to predict future risk exposures, e.g. if BGL does not anticipate or correctly evaluate certain factors in its statistical models, or upon the occurrence of an event deemed extremely unlikely by the tools and metrics. This would limit BGL's ability to manage its risks. BGL's losses could therefore be significantly greater than the historical measures indicate. In addition, BGL's quantified modelling does not take all risks into account. Its more qualitative approach to managing certain risks could prove insufficient, exposing it to material unanticipated losses.

**BGL's hedging strategies may not prevent losses.**

If any of the variety of instruments and strategies that BGL uses to hedge its exposure to various types of risk in its businesses is not effective, BGL may incur losses. Many of its strategies are based on historical trading patterns and correlations. For example, if BGL holds a long position in an asset, it may hedge that position by taking a short position in another asset where the short position has historically moved in a direction that would offset a change in the value of the long position.

However, the hedge may only be partial, or the strategies used may not protect against all future risks or may not be fully effective in mitigating BGL's risk exposure in all market environments or against all types of risk in the future. Unexpected market developments may also reduce the effectiveness of BGL's hedging strategies. In addition, the manner in which gains and losses resulting from certain ineffective hedges are recorded may result in additional volatility in BGL's reported earnings.

**Intense competition by banking and non-banking operators could adversely affect BGL revenues and profitability.**

Competition is intense in all of BGL's primary business areas in Luxembourg, Belgium and the other regions in which BGL carries on business for the types of banking, asset management and insurance, and other products and services BGL provides.

Such competition is most pronounced in the core Benelux markets of BGL where BGL faces competition from companies such as KBL, ING Group, BCEE and BIL. As a result, BGL's strategy is to maintain customer loyalty and retention, which can be influenced by a number of factors, including service levels, the prices and attributes of products and services, financial strength and actions taken by competitors. If BGL is unable to compete with attractive product and service offerings that are profitable, BGL may lose market share or incur losses on some or all of BGL's activities.

Competitive pressures could result in increased pricing pressures on a number of BGL's products and services, particularly as competitors seek to win market share, and may harm BGL's ability to maintain or increase profitability.

In addition, competition in the banking industry could intensify as a result of consolidation in the financial services area or as a result of the presence of new players in the payment and the financing services area or the development of crowdfunding platforms. In particular, competitors subject to less extensive regulatory requirements or to less strict capital requirements (e.g., debt funds, shadow banks), or benefiting from economies of scale, data synergies or technological innovation (e.g., internet and mobile operators, digital platforms, fintechs), could be more competitive. If BGL is unable to respond to the competitive environment in Benelux by offering attractive and profitable product and service solutions, it may lose market share in key areas of its business or incur losses on some or all of its activities. In addition, downturns in the economies of its principal markets could add to the competitive pressure, through, for example, increased price pressure and lower business volumes for BGL and its competitors. It is also possible that the presence in the global marketplace of state-owned financial institutions, or financial institutions benefiting from State guarantees or other similar advantages, or the imposition of more stringent requirements (particularly capital requirements and business restrictions) on large or systemically significant financial institutions, could lead to distortions in competition in a manner adverse to large private-sector institutions such as BGL.

#### **Litigation or other proceedings or actions may adversely affect BGL's business, financial condition and results of operations**

In its normal course of business, BGL is subject to the risk of litigation by customers, employees or others through private actions, class actions, administrative proceedings, regulatory actions or other litigation. The outcome of litigation or similar proceedings or actions is difficult to assess or quantify. Plaintiffs in these types of actions may seek recovery of large or indeterminate amounts or other remedies that may affect BGL's ability to conduct business, and the magnitude of the potential loss relating to such actions may remain unknown for substantial periods of time. The cost to defend future actions may be significant. There may also be adverse publicity associated with litigation that could decrease customer acceptance of BGL's services, regardless of whether the allegations are valid or whether BGL is ultimately found liable. As a result, the possibility cannot be ruled out that the outcome of such litigations or investigations may adversely affect BGL's business, financial condition and results of operations.

#### **A deterioration of the credit rating of BNP Paribas of its debt quality could adversely affect BGL**

As part of the BNPP Group, BGL can be highly sensitive to a downgrade by rating agencies of the rating of the parent company of the BNPP Group or a deterioration of its debt quality. On 13 May 2009, BNP Paribas took control of BGL as part of the BNP Paribas Fortis SA/NV acquisition, of which BNP Paribas owns 99.94 per cent. of its share capital. BNP Paribas is now the major shareholder of BGL with a 65.96 per cent. interest.

#### **While each of BGL's businesses manages its operational risks, these risks remain an inherent part of all of BGL's businesses**

BGL is subject to operational risk because of the uncertainty inherent in all business undertakings and decisions. This risk can be broken down into business risk and event risk.

Business risk is the risk of 'being in business', which affects any enterprise, financial or non-financial. It is the risk of loss due to changes in the competitive environment that damage the business's franchise or operating economics. Typically, the fluctuation originates with variations in volume, pricing or margins against a fixed cost base. Business risk is thus mostly externally driven (by regulatory, fiscal, market and or competition changes, as well as strategic, reputation risks and other related risks).

Event risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. This definition includes legal and compliance risk. Event risk is often internally driven (internal and external fraud involving employees, clients, products and business practices, as well as technological and infrastructure failures and other related malfunctions) and can be limited through management processes and controls.

BGL attempts to keep these risks at appropriate levels by maintaining a sound and well controlled environment in light of the characteristics of its business, the markets and the regulatory environments in which BGL operates. While these control measures mitigate operational risks they do not eliminate them.

### **BGL has significant counterparty risk exposure and exposure to systemic risks**

BGL's business is subject to general credit risks, including credit risks of borrowers and other counterparties. Third parties that owe BGL money, securities or other assets may not pay or perform under their obligations. These parties include borrowers under loans made, the issuers whose securities BGL holds, customers, trading counterparties, counterparties under swaps and credit and other derivative contracts, clearing agents, exchanges, clearing houses and other financial intermediaries. These parties may default on their obligations to BGL due to bankruptcy, lack of liquidity, downturns in the economy or real estate values, operational failure or other reasons.

Counterparty credit risk is the translation of the credit risk embedded in financial transactions, investments and/or settlement transactions between counterparties. Those transactions include bilateral contracts such as over-the-counter ("OTC") derivatives contracts as well as contracts settled through clearing houses. The amount of this risk may vary over time in line with changing market parameters which then impacts the replacement value of the relevant transactions.

Counterparty risk lies in the event that a counterparty defaults on its obligations to pay BGL the full present value of the flows relating to a transaction or a portfolio for which BGL is a net receiver. Counterparty credit risk is also linked to the replacement cost of a derivative or portfolio in the event of counterparty default. Hence, it can be seen as a market risk in case of default or a contingent risk. Counterparty risk arises both from both bilateral activities of BGL with clients and clearing activities through a clearing house or an external clearer.

In addition, in the past, the general credit environment has been adversely affected by significant instances of fraud. Concerns about, or a default by, one institution could lead to significant liquidity problems, losses or defaults by other institutions because the commercial soundness of many financial institutions may be closely related as a result of their credit, trading, clearing or other relationships. This risk is sometimes referred to as "systemic risk" and may adversely affect financial intermediaries, such as clearing agencies, clearing houses, banks, securities firms and exchanges with whom BGL interacts on a daily basis, and could have an adverse effect on BGL's business.

### **Uncertainty linked to fair value accounting and use of estimates**

According to BGL's valuation rules financial assets can be carried at fair value through profit or loss. Concerned assets include financial assets held for trading, including non-cash flow hedging derivatives, and financial assets that BGL has irrevocably designated to be held at fair value through profit or loss ('fair value option'). The fair value of a financial instrument is determined based on quoted prices in active markets.

When quoted prices in active markets are not available, valuation techniques are used. Valuation techniques make maximum use of market inputs but are affected by the assumptions used, including discount rates and estimates of future cash flows, and take into consideration, where applicable, model risks. Such techniques include market prices of comparable investments, discounted cash flows, option pricing models and market multiples valuation methods. In the rare case where it is not possible to determine the fair value of a financial instrument, it is accounted for at cost. The effect of changing the assumptions for those financial instruments for which the fair values are measured using valuation techniques that are determined in full or in part on assumptions that are not supported by observable inputs may have a material adverse effect on BGL's earnings.

The preparation of financial statements in conformity with IFRS requires the use of certain accounting estimates and assumptions. It also requires management to exercise its judgment in the process of applying these accounting policies. Actual results may differ from those estimates and judgmental decisions.

Financial institutions may use different accounting categorisations for the same or similar financial assets due to their different intentions regarding those assets. In determining fair value of financial instruments, different financial institutions may use different valuation techniques, assumptions, judgments and estimates which may result in lower or higher fair values for such financial instruments.

**Adjustments to the carrying value of BGL's securities and derivatives portfolios and BGL's own debt could have an impact on its net income and shareholders' equity**

The carrying value of BGL's securities and derivatives portfolios and certain other assets, as well as its own debt, in its balance sheet is adjusted as of each financial statement date. Most of the adjustments are made on the basis of changes in fair value of its assets or its debt during an accounting period, with the changes recorded either in the income statement or directly in shareholders' equity. Changes that are recorded in the income statement, to the extent not offset by opposite changes in the value of other assets, affect its consolidated revenues and, as a result, its net income. All fair value adjustments affect shareholders' equity and, as a result, its capital adequacy ratios. The fact that fair value adjustments are recorded in one accounting period does not mean that further adjustments will not be needed in subsequent periods.

**The expected changes in accounting principles relating to financial instruments may have an impact on BGL's balance sheet and regulatory capital ratios and result in additional costs**

In July 2014, the International Accounting Standards Board published International Financial Reporting Standard 9 ("**IFRS 9**") "Financial Instruments" adopted by the European Union, which replaced IAS 39 as from 1 January 2018. The standard amends and complements the rules on the classification and measurement of financial instruments and will lead BGL to record certain reclassifications in substantial amounts on its balance sheet. The new standard includes an impairment model based on expected credit losses ("**ECL**"), while the IAS 39 model was based on provisions for incurred losses, and new rules on general hedge accounting. The new approach based on ECL will result in additional impairment charges for the Bank and could add some volatility to its regulatory capital ratios.

IFRS 9, which was adopted by the European Union on 22 November 2016, is mandatory for annual periods beginning on or after 1 January 2018.

*Classification and measurement*

According to IFRS 9, classification and measurement of financial assets will depend on the business model and the contractual characteristics of the instruments. On initial recognition, financial assets will be measured at amortised cost, at fair value through shareholders' equity (on a separate line) or at fair value through profit or loss.

It will no longer be possible to recognise derivatives embedded in financial assets separately from the host contract.

Application of the criteria relating to the business model and the contractual characteristics of the instruments may lead to different classification and measurement of some financial assets compared with IAS 39.

Debt instruments (loans, receivables or debt securities) will be classified at amortised cost, at fair value through shareholders' equity (on a separate line), or at fair value through profit or loss.

- They will be classified at amortised cost if the business model objective is to hold the financial assets in order to collect contractual cash flows, and if the contractual cash flows solely consist of payments relating to principal and interest on the principal.
- They will be classified at fair value through shareholders' equity if the business model is achieved by both holding the financial assets in order to collect contractual cash flows and selling the assets and if the cash flows solely consist of payments relating to principal and interest on the principal. Upon disposal, amounts previously recognised in shareholders' equity will be transferred to profit or loss.
- All debt instruments not eligible for classification at amortised cost or at fair value through shareholders' equity will be presented at fair value through profit or loss.

Debt instruments may only be designated as at fair value through profit or loss if the use of this option enables the entity to eliminate or significantly reduce an accounting mismatch in profit or loss.

Investments in equity instruments such as shares will be classified as instruments at fair value through profit or loss, or, as an option, as instruments at fair value through shareholders' equity (on a separate line). In the latter case, upon disposal of equity instruments classified at fair value through shareholders' equity, amounts previously recognised in shareholders' equity shall not be transferred to profit or loss. Only dividends will be recognised in profit or loss.

With respect to financial liabilities, the only change introduced by IFRS 9 relates to recognition of changes in fair value attributable to changes in the credit risk of the liabilities designated as at fair value through profit or loss (fair value option), which will be recognised on a separate line in shareholders' equity and no longer through profit or loss.

The provisions of IAS 39 concerning the derecognition of financial assets and financial liabilities have been maintained in IFRS 9 without any modification.

Based on existing business models, the main classifications would be expected to be as follows:

- Apart from those not complying with the contractual characteristics criterion, loans and receivables due from credit institutions and customers and repurchase agreements recognised in "Loans and receivables" under IAS 39 should be eligible to amortised cost under IFRS 9;
- Treasury bills, Government bonds and other fixed-income securities classified as "Available-for-sale financial assets" under IAS 39 should be recognised at amortised cost or at fair value through shareholders' equity depending on the business model, apart from those not complying with the contractual characteristics criterion;
- Financial assets classified at fair value through profit or loss under IAS 39 could remain in this category under IFRS 9;
- The majority of investments in equity instruments are likely to be classified as instruments at fair value through profit or loss, making income more volatile than under IAS 39. Some of these investments are likely to be classified at fair value through shareholders' equity.

## *Impairment*

IFRS 9 establishes a new credit risk impairment model based on expected losses.

This model will apply to loans and debt instruments measured at amortised cost or at fair value through shareholders' equity (on a separate line), to loan commitments and financial guarantees not recognised at fair value, as well as to lease receivables.

Under the impairment model in IAS 39, an impairment loss is recognised when there is an objective evidence of a decrease in value. Counterparties that are not individually impaired are risk-assessed on the basis of portfolios with similar characteristics and groups of counterparties which, as a result of events occurring since inception of the loans present objective indication of impairment, are subject to a portfolio-based impairment. Moreover, BGL may recognise additional collective impairment with respect to a given economic sector or geographic area affected by exceptional economic events.

The new impairment model under IFRS 9 requires accounting for 12-month expected credit losses (that result from the risk of default in the next 12 months) on the financial instruments issued or acquired, as of the date of initial recognition on the balance sheet.

Expected credit losses at maturity (that result from the risk of default over the life of the financial instrument) must be recognised if the credit risk has increased significantly since initial recognition.

Financial assets for which a 12-month expected credit loss will be recognised, will be included in "Stage 1". Interest income will be measured according to the effective interest method using the financial asset's gross value (before impairment).

Financial assets for which the credit risk has increased significantly since the initial recognition will be included in "Stage 2". Interest income will be measured according to the effective interest method using the financial asset's gross value (before impairment).

Significant increase in the credit risk will be assessed on an individual basis or on a collective basis (by grouping the financial instruments according to common credit risk characteristics) by taking into consideration all reasonable and supportable information and comparing the default risk of the financial instrument at the reporting date with the default risk on the date of its initial recognition.

Assessment of deterioration will be measured by comparing probability of default/ratings on the date of initial recognition and those existing on the reporting date.

Under the standard, there is also a rebuttable presumption that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due.

The standard suggests that it may be assumed that the credit risk of a financial instrument has not increased significantly since initial recognition if this risk is considered to be low on the reporting date (for example, a financial instrument which has an 'investment grade' rating). This provision could be applied to debt securities.

The amount of expected credit loss will be measured on the basis of probability-weighted scenarios, in view of past events, current conditions and reasonable economic forecasts.

Financial assets for which there is objective evidence of a decrease in value as a result of an event occurring after inception of the loan or acquisition of the asset will be considered as impaired and be included in "Stage 3". Criteria for identifying impaired assets will be similar to those prevailing under IAS 39. Interest income will be measured according to the effective interest method using the financial asset's net value (after impairment).

Treatment of restructuring for financial difficulties is likely to remain similar to that prevailing under IAS 39.

The new impairment model is likely to result in an increase in impairment for credit risk since all financial assets will be subject to a 12-month expected credit loss assessment. Moreover, the scope of the assets for which there is a significant increase in credit risk could be different from the scope of assets for which portfolio-based impairment was recognised under IAS 39.

Furthermore, the impairment model of IFRS 9 is based on more forward-looking information than that of IAS 39, inducing a more volatile amount of expected credit losses.

BGL is considering using existing concepts and methods (in particular the Basel framework) on exposures for which the capital requirement for credit risk is measured according to the IRBA methodology. This method will also need to be applied to portfolios for which the capital requirement for credit risk is measured according to the standardised approach. Moreover, the Basel framework will need to be supplemented with the specific provisions of IFRS 9, in particular the use of forward-looking information.

Methods of measuring expected credit losses will be based on 3 main parameters: the probability of default ("**PD**"), loss given default ("**LGD**") and exposure at default ("**EAD**") in light of amortisation profiles. Expected credit losses will be measured as the product of the PD, LGD and EAD.

#### *Hedge accounting*

The objective of the hedge accounting model under IFRS 9 is to better reflect risk management, especially by expanding the eligible hedging instruments and eliminating some overly prescriptive rules. On initial application of IFRS 9, BGL may choose either to apply the new hedge accounting provisions or to maintain the hedge accounting principles under IAS 39 until the new macro hedging standard enter into force. Irrespective of the chosen hedge accounting option, additional information will be required in the notes to the financial statements concerning risk management and the impacts of the hedge accounting on the financial statements.

IFRS 9 does not explicitly address the fair value hedge of the interest rate risk on a portfolio of financial assets or liabilities. The provisions of IAS 39 for these portfolio hedges, as adopted by the European Union, will continue to apply.

Based on the analyses made to date, the BNPP Group is considering maintaining all the provisions of IAS 39 for hedge accounting.

#### *Transition*

The IFRS 9 classification and measurement provisions, as well as its new impairment model, are applicable retrospectively by adjusting the opening balance sheet on the date of first application, without any obligation to restate the comparative figures for prior periods.

IFRS 9 allows early application of the requirements for the presentation of gains and losses attributable to changes in the credit risk of the financial liabilities designated as at fair value through profit or loss (fair value option). However, the BNPP Group does not envisage an early application of these requirements.

#### *Implementation of IFRS 9 at BGL*

The implementation of IFRS 9 at BGL relies on a project managed jointly by the Risk and Finance functions.

The work relating to the analysis of business models and the contractual cash flows characteristics of the assets of BGL has been finalized and the required IT developments and adaptations are finalized.

The work conducted on the impairment model to date has led to the definition of a methodology for the new impairment model that is consistent with that of the BNPP Group.

Operational implementation is based on the convergence of Finance, Risk and Liquidity reporting streams with the aim of guaranteeing high quality data and developing information sharing at every level.

### **IFRS 15 Revenue from Contracts with Customers**

IFRS 15 Revenue from Contracts with Customers, issued in May 2014, will supersede a number of standards and interpretations on revenue recognition (in particular IAS 18 Revenue and IAS 11 Construction Contracts). Revenues from lease contracts, insurance contracts or financial instruments are excluded from the scope of this standard.

Adopted by the European Union on 22 September 2016, IFRS 15 is mandatory for years beginning on, or after, 1 January 2018.

IFRS 15 defines a single model for recognising revenue based on five-step principles. These five steps determine performance obligations (contractual goods and services) that are considered to be distinct and the transaction price to be allocated to them.

Revenue is recognised when the performance obligations are satisfied, namely when the entity transfers control of the goods or services. BGL has finalized the process of analysing the standard and its potential impacts.

The implementation of IFRS 15 within BGL is based on a project structure managed by the Finance Department. The analysis of the standard and the documentation and identification of its potential impacts has been finalised and the impact is not expected to be material.

### **IFRS 16 Leases**

IFRS 16 Leases, issued in January 2016, will supersede IAS 17 Leases and the interpretations relating to the accounting of such contracts. The new definition of leases relies on both the identification of an asset and the right to control the identified asset by the lessee.

From the lessor's point of view, the expected impact should be limited, as the requirements of IFRS 16 remain substantially unchanged from the current IAS 17.

For the lessee, IFRS 16 will require recognition in the balance sheet of all leases, in the form of a right-of-use on the leased asset presented under fixed assets, along with the recognition of a financial liability for the rent and other payments to be made over the leasing period. The right-of-use assets will be amortised on a straight-line basis and the financial liabilities will be amortised on an actuarial basis over the lease period. Under IAS 17, operating leases require no recognition in the balance sheet.

IFRS 16 will become mandatory for annual periods beginning on or after 1 January 2019, after its adoption by the European Union for application in Europe. Following the publication of the standard, BGL has started to analyse the standard and define its potential impacts.

### **Risk factors that may affect the Notes generally**

#### **The Notes may not be a suitable investment for all investors**

Each potential investor of the Notes makes its own determination of the suitability of any such investment, with particular reference to its own investment objectives and experience, and any other factor which may be relevant to it in connection with such investment, either alone or with the help of a financial adviser. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus, or applicable supplement;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation and the investment(s) it is considering, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes;
- (d) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are sophisticated financial instruments. A potential investor should not invest in Notes which are sophisticated financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

None of the Issuer, the Dealer or any of their respective affiliates is responsible for the lawfulness or suitability of the acquisition of any Notes by a prospective investor or purchaser of Notes or for compliance by a prospective investor or purchaser of Notes (whether it is acquiring the Notes in a principal or in a fiduciary capacity) with any law, regulation, directive or policy applicable to it or, if it is acquiring the Notes in a fiduciary capacity, any law, regulation, directive or policy applicable to the beneficiary. A prospective investor or purchaser of Notes may not rely on the Issuer, the Dealer or any of their respective affiliates when making determinations in relation to any of these matters.

**If an investor holds Notes which are not denominated in the investor's home currency, he will be exposed to movements in exchange rates adversely affecting the value of his holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes**

Notes are issued in the currency specified in the Final Terms applicable thereto (the "**note currency**") and such income and principal arising from such Notes are subject to exchange rate risk for an investor who has to convert another currency (the "**investor currency**") into such note currency to purchase the Notes. Investors should be aware that as a result of such risk they may receive at maturity an amount in the note currency or settlement currency, as applicable, that, if converted back into the investor currency by the investor, may be less than the initially converted amount. The same cross-currency exposure risk applies to the interest payments made in the note currency or settlement currency, as applicable, that are intended to be converted at a spot rate into an investor currency by the Noteholder.

This currency risk may arise as a result of (but is not limited to) significant changes to exchange rates (including changes due to devaluation of the note currency or settlement currency, as applicable, or revaluation of the investor currency) and the risk that authorities with jurisdiction over the investor currency may impose or modify exchange controls. An appreciation in the value of the investor currency relative to the note currency or settlement currency, as applicable, would decrease (a) the investor currency-equivalent yield on the Notes, (b) the investor currency equivalent value of the principal payable on the Notes and (c) the investor currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

## **The Notes entail particular risks**

The Notes to be issued under the Programme will entail particular risks. The Notes are investment instruments which may or may not bear interest and which at maturity or earlier in case of early redemption pay the final redemption amount or the early redemption amount which may or may not be equal to the nominal amount of the relevant Note.

Notes which are not principal protected may result in the holder thereof losing some or, in certain limited cases, all of such holder's initial investment. In addition, all Notes, including Notes which are expressed to be fully or partially principal protected, will give an investor exposure to the credit and default risk of the Issuer.

Notes issued under the Programme may be structured such that principal, interest and/or premium, if any, payable on such Notes are determined by reference to the value or level of various underlying factors or a combination thereof, including, but not limited to, one or more inflation indices, one or more currencies (including exchange rates or swap indices between currencies or composite currencies), one or more interest rates, one or more equity indices, formulae or other variables (the "**Underlying Reference**"). Notes where the nominal amount, interest amount and/or premium payable (if any) is dependent upon the performance of the Underlying Reference may result in the Noteholder receiving no, or only a limited return on his investment.

The price at which a holder of Notes will be able to sell Notes prior to their redemption may be at a substantial discount to the market value of the Notes at the issue date depending upon the performance of the Underlying Reference at the time of sale.

## **The value of the Notes may fluctuate**

The value of the Notes may move up and down between their date of purchase and their maturity date. Holders of the Notes may sustain a total loss of their investment depending on the factors stated below (subject to any principal protection provided for under the terms of the relevant Notes, if applicable). Prospective purchasers should therefore ensure that they understand fully the nature of the Notes before they invest in the Notes.

Several factors, many of which are beyond the Issuer's control, will influence the value of the Notes at any time, including (but not limited to) the following:

- (a) **General economic conditions.** The market for debt securities is influenced by economic and market conditions, interest rates, currency exchange rates and inflation rates in Europe and other countries and areas. There can be no assurance that events occurring elsewhere will not cause market volatility or that such volatility will not adversely affect the price of Notes or that economic and market conditions will not have any other adverse effect.
- (b) **Valuation of the Underlying Reference.** Where the Notes are linked to the performance of an Underlying Reference, the market value of the Notes at any time is expected to be affected primarily by changes in the price, value level or rate (as the case may be) of the Underlying Reference to which such Notes are linked. It is impossible to predict how the price, value, level or rate (as the case may be) of the relevant Underlying Reference will vary over time. Factors that may have an effect on the price, value, level or rate (as the case may be) of the Underlying Reference include economic, financial and political events. Potential investors should also note that whilst the market value of the Notes is linked to the changes in the price, value, level or rate (as the case may be) of the Underlying Reference and will be influenced (positively or negatively) by such changes, any change may not be comparable and may be disproportionate. It is possible that while the price, value, level or rate (as the case may be) of the Underlying Reference is increasing, the value of the Notes may fall.
- (c) **Interest Rates.** Investors in Notes are exposed to the risk that subsequent changes in interest rates may adversely affect the value of the Notes. Investments in the Notes may involve interest rate risk

with respect to the currency of denomination of the Underlying Reference and/or the Notes. A variety of factors influence interest rates such as macroeconomic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Notes at any time prior to valuation of the Underlying Reference relating to the Notes.

- (d) **Volatility of the Underlying Reference.** The term "volatility" of an Underlying Reference refers to the actual and anticipated frequency and magnitude of changes of the price, value, level or rate (as the case may be) of an Underlying Reference. Volatility is affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of an Underlying Reference will move up and down over time (sometimes more sharply than others) and different Underlying References will most likely have separate volatilities at any particular time. Where Notes are linked to an Underlying Reference, the volatility of the Underlying Reference(s) may have an effect on the volatility of the Notes.
- (e) **Exchange Rates.** Even where payments in respect of the Notes are not expressly linked to a rate or rates of exchange between currencies, the value of the Notes could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Notes is to be made and any currency in which the Underlying Reference is traded, appreciation or depreciation of any such currencies and any existing or future governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the date of issue of any Notes will be representative of the relevant rates of exchange used in computing the value of the relevant Notes at any time thereafter.
- (f) **Disruption.** If so provided in the applicable Conditions, the Calculation Agent (as specified in the applicable Final Terms) may determine that a Disruption Event (as defined in the Conditions) has occurred or exists at a relevant time. Any such determination may affect the value of the Notes and/or may delay settlement in respect of the Notes. Prospective purchasers should review the Conditions and the applicable Final Terms to ascertain whether and how such provisions apply to the Notes.

**An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Notes**

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may be not very liquid or not liquid at all. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Potential investors should consequently be willing to hold the Notes through their life. The nature and extent of any secondary market in the Notes cannot be predicted. As a consequence any person intending to hold the Notes should consider liquidity in the Notes as a risk. If the Notes are listed or quoted on an exchange or quotation system this does not imply greater or lesser liquidity than if equivalent Notes were not so listed or quoted. However, if Notes are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The Issuer may affect the liquidity of the Notes by purchasing and holding the Notes for its own account during trading in the secondary market. Any such Notes may be resold at any time into the market.

### **Purchasing the Notes as a hedge may not be effective**

Any person intending to use the Notes as a hedge instrument should recognise the correlation risk. The Notes may not be a perfect hedge to an Underlying Reference or portfolio of which the Underlying Reference forms a part. In addition, it may not be possible to liquidate the Notes at a level which directly reflects the price of the Underlying Reference or portfolio of which the Underlying Reference forms a part.

### **Potential Conflicts of Interest**

Potential conflicts of interest may exist between the Issuer, the Dealer, the Calculation Agent and the Noteholders, including (but not limited to) with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Conditions that may influence any interest amount due on, and for the amount receivable upon redemption of, the Notes.

The Issuer and its affiliates (including, if applicable, any Dealer) may engage in trading activities (including hedging activities) related to any Notes, any Underlying Reference and any other instruments or derivative products for their proprietary accounts or for other accounts under their management. The Issuer and its affiliates (including, if applicable, any Dealer) may also issue other derivative instruments in respect of or related to any Notes or any Underlying Reference. The Issuer and its affiliates (including, if applicable, any Dealer) may also act as underwriter in connection with future offerings of shares or other securities related to an issue of Notes or, may act as financial adviser to certain companies or companies whose shares are included in the Underlying Reference or in a commercial banking capacity for such companies. The Issuer and its affiliates (including, if applicable, any Dealer) may carry out activities that minimise its and/or their risks related to the Notes, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Underlying Reference whether for risk reduction purposes or otherwise. In connection with such hedging or market making activities or with respect to proprietary or other trading activities by the Issuer and its affiliates, the Issuer and its affiliates may enter into transactions in the Underlying Reference which may affect the market price, liquidity or value of the Underlying Reference and/or the Notes and which could be deemed to be adverse to the interests of the holders of the Notes. The Issuer and its affiliates are likely to modify their hedging positions throughout the life of the Notes whether by effecting transactions in the Underlying Reference or in derivatives linked to the Underlying Reference. Further, it is possible that the advisory services that the Issuer and its affiliates provide in the ordinary course of their business could have an adverse effect on the value of the Underlying Reference. Such activities could present certain conflicts of interest, could influence the prices of the Underlying Reference or other securities and could adversely affect the value of the Notes.

### **Actions taken by the Calculation Agent may affect the Notes**

The Calculation Agent is the agent of the Issuer and not the agent of the Noteholders. The Issuer may itself act as the Calculation Agent. The Calculation Agent will have discretion, acting in good faith and a commercially reasonable manner, to make such adjustments to the Notes as it considers appropriate in certain circumstances (as set out in the Conditions of the Notes or, in the case of Exempt Notes only, the applicable Pricing Supplement). In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action or other event or circumstance entitling it to make an adjustment.

### **Holders have no ownership interest in the Underlying Reference**

The Notes convey no interest in the Underlying Reference. The Issuer may choose not to hold the Underlying Reference or any derivatives contracts or other instruments linked to the Underlying Reference. Under the Conditions of the Notes, there is no restriction on the ability of the Issuer and/or its affiliates to sell, pledge or otherwise convey all right, title and interest in any Underlying Reference or any derivative contracts or other instruments linked to the Underlying Reference.

## **Holders have no claim against the Underlying Reference**

The Notes do not represent a claim against any Underlying Reference (or any issuer, sponsor, manager or other connected person in respect of an Underlying Reference) and Noteholders will not have any right of recourse under the Notes to any such Underlying Reference (or any issuer, sponsor, manager or other connected person in respect of an Underlying Reference). The Notes are not in any way sponsored, endorsed or promoted by any issuer, sponsor, manager or other connected person in respect of an Underlying Reference and such entities have no obligation to take into account the consequences of their actions on any Noteholders.

## **Risk of Leveraged Exposure**

Leverage involves the use of a number of financial techniques to increase the exposure to an Underlying Reference, and can therefore magnify both returns and losses. While the use of leverage allows for potential multiples of a return (assuming a return is achieved) when the Underlying Reference moves in the anticipated direction, it will conversely magnify losses when the Underlying Reference moves against expectations. If the relevant Notes include leverage, potential holders of such Notes should note that these Notes will involve a higher level of risk, and that whenever there are losses such losses will be higher (other things being equal) than those of a similar Note which is not leveraged. Investors should therefore only invest in leveraged Notes if they fully understand the effect of leverage.

## **Taxes may be payable by investors**

Potential purchasers and sellers of the Notes should be aware that they may be required to pay stamp duties, taxes or documentary charges in accordance with the laws and practices of the country where the Notes are transferred. In addition, if so indicated in the relevant Final Terms, payments in respect of the Notes may be made subject to deduction for or on account of withholding taxes imposed within Luxembourg or, in the case of Exempt Notes only, the jurisdiction in which the Specified Branch (if any) is located, as provided in Condition 8 in the case of Euro Notes or Condition 7 in the case of Luxembourg Notes and without the Issuer being obliged to make additional payments in respect of such deduction or withholding. Consequently, the payment of principal, interest and/or premium, if any, in respect of the Notes may be less than expected. The applicable Final Terms will specify in each case whether the Issuer will pay additional amounts as specified in the Conditions. Potential purchasers should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment that will apply at any given time.

## **EU financial transaction tax**

On 14 February 2013, the European Commission issued proposals, including a draft Directive (the "**Commission's proposal**"), for a financial transaction tax ("**FTT**") to be adopted in certain participating EU member states (including Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia) although Estonia has stated it will not participate. If the Commission's proposal was adopted, the FTT would be a tax primarily on "financial institutions" (which could include the Issuer) in relation to "financial transactions" (which would include the conclusion or modification of derivative contracts and the purchase and sale of financial instruments).

Under the Commission's proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating member states. Generally, it would apply where at least one party is a financial institution, and at least one party is established in a participating member state. A financial institution may be, or be deemed to be, "established" in a participating member state in a broad range of circumstances, including (a) by transacting with a person established in a participating member state or (b) where the financial instrument which is subject to the financial transaction is issued in a participating member state.

The FTT may give rise to tax liabilities for the Issuer with respect to certain transactions if it is adopted based on the Commission's proposal. Examples of such transactions are the conclusion of a derivative

contract in the context of the Issuer's hedging arrangements or the purchase or sale of securities (such as charged assets). The Issuer is, in certain circumstances, able to pass on any such tax liabilities to holders of the Notes and therefore this may result in investors receiving less than expected in respect of the Notes. It should also be noted that the FTT could be payable in relation to relevant transactions by investors in respect of the Notes (including secondary market transactions) if conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission's proposal. Primary market transactions referred to in Article 5(c) of Regulation EC No 1287/2006 are expected to be exempt. There is however some uncertainty in relation to the intended scope of this exemption for certain money market instruments and structured issues.

The FTT proposal remains subject to negotiation between participating member states. It may therefore be altered prior to implementation, the timing of which remains unclear. Additional EU Member States may decide to participate and/or participating member states may decide to withdraw. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

### **The Notes may be redeemed prior to their stated maturity date**

The Issuer may at its discretion and without obligation redeem the Notes early for tax reasons (if specified as applicable in the relevant Final Terms), following an event of default, because the Issuer determines that the performance of its obligations under the Notes has become illegal or impractical in whole or in part for any reason or following the occurrence of an Administrator/Benchmark Event (see "*Administrator/Benchmark Event*" below) it becomes impossible or impracticable to perform, in whole or in part, its obligations under the Notes and/or any related hedging arrangements. The Issuer may also redeem the Notes early for certain reasons relating to an Underlying Reference, as further described below. If the Issuer redeems the Notes early, the Issuer will, if so provided in the Conditions as completed by the relevant Final Terms and if and to the extent permitted by applicable law, pay the holder of each such Note the Early Redemption Amount as specified in the relevant Final Terms. In addition, the Conditions as completed by the relevant Final Terms may provide for redemption at the option of the Issuer on the Optional Redemption Dates at the Optional Redemption Amount(s) (as specified in the relevant Final Terms). In the event of any early redemption, a Noteholder may not be able to reinvest the proceeds of such redemption in a comparable security. The Issuer is not liable for any disadvantage a holder of Notes incurs in respect of the new investment or non-investment of its capital.

In addition, in the case of a Foreign Exchange (FX) Rate Linked Note, an Underlying Interest Rate Linked Note or an Equity Index-Linked Note, if "Automatic Early Redemption Event" is specified as being applicable in the applicable Final Terms, on the occurrence of an Automatic Early Redemption Event the Notes will be automatically redeemed at their Automatic Early Redemption Amount.

### **Ownership in respect of the Notes in registered form**

The Issuer will, in respect of the Registered Notes, cause a register (the "**Register**") to be kept at the specified office of the Registrar in which will be entered the names and addresses of the holders of the Registered Notes and particulars of the Registered Notes held by them and all transfers and redemptions of the Registered Notes.

Ownership in respect of the Registered Notes is established by the relevant registration (*inscription*) in the Register. Individual Certificates representing the Registered Notes may be issued but they do not confer title to the Registered Notes. Such Individual Certificates would also, in principle, not be conclusive evidence to prove ownership in respect of the Registered Notes.

### **Risks associated with Notes held in global form**

Bearer Notes and Registered Notes will initially be represented by a Global Note deposited with a common depositary or a common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg or a depositary for one or more other clearing systems specified in the applicable Final Terms (each a "**Relevant Clearing System**"). A Global Note or Global Certificate will be exchangeable for Definitive Notes or Individual Certificates only in limited circumstances described in the Global Notes or Global Certificates.

For so long as any Notes are held by or on behalf of a Relevant Clearing System, payments of principal, interest and any other amounts will be made through the Relevant Clearing System, where required, against presentation (where applicable) or surrender (as the case may be) of the relevant Global Note or Global Certificate and, in the case of a temporary Global Note, certification as to non-U.S. beneficial ownership. The bearer of the relevant Global Note or the registered holder of the relevant Global Certificate, typically a depository for the Relevant Clearing System and not the holders of only a beneficial interest in the Global Note or Global Certificate, shall be treated by the Issuer and any Paying Agent as the sole holder of the relevant Notes with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Notes and the Issuer will discharge payment obligations under the Notes by making payments to the common depository for Euroclear and Clearstream, Luxembourg or such other depository, as the case may be, for distribution to their accountholders.

Notes which are held by or on behalf of a Relevant Clearing System will be transferable only in accordance with the rules and operating procedures for the time being of the Relevant Clearing System and investors will have to rely on such rules and operating procedures for transfer, payment and communication with the Issuer. None of the Issuer and the Paying Agents have any responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes and shall not under any circumstances be liable for any acts or defaults of any Relevant Clearing System in relation to the performance of its duties in relation to the Notes. Access to the Relevant Clearing Systems is available through their respective participants.

Accountholders holding beneficial interests in the Global Notes or Global Certificates through a Relevant Clearing System will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by the Relevant Clearing System to appoint appropriate proxies. Similarly, accountholders holding beneficial interests in the Global Notes or Global Certificates relating to the Euro Notes through a Relevant Clearing System will not have a direct right under the Global Notes or Global Certificates to take enforcement action against the Issuer in the event of a default under the relevant Notes but will have to rely upon their rights under the Deed of Covenant (as defined in the Conditions).

### **Settlement Risk**

Settlement of the Notes is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any clearing system in relation to the performance of its duties in relation to the Notes.

### **Risk associated with nominee arrangements**

Where a nominee service provider is used by an investor to hold Notes or such investor holds interests in any Note through an account with a Relevant Clearing System, such investor will receive payments in respect of principal, interest, or any other amounts due, or securities deliverable, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or Relevant Clearing System, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or Relevant Clearing System to distribute all payments or securities attributable to the relevant Notes which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or Relevant Clearing System, as well as the Issuer.

In addition, such a Noteholder will only be able to sell any Notes held by it prior to their stated maturity date with the assistance of the relevant nominee service provider. None of the Issuer or any Paying Agent shall be responsible for the acts or omissions of any relevant nominee service provider or Relevant Clearing System nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or Relevant Clearing System.

**The Conditions of the Notes contain provisions which may permit their modification without the consent of all investors**

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

**Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued**

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a nominal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a nominal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

**The return on an investment in Notes will be affected by charges incurred by investors**

An investor's total return on an investment in any Notes will be affected by the level of fees charged by the nominee service provider and/or Relevant Clearing System used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Notes, custody services and on payments of interest, principal and other amounts or delivery of securities. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Notes.

When Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred in addition to the current price of the security. These incidental costs may significantly reduce or even exclude the potential profit of the Notes. For instance, credit institutions as a rule charge their clients for own commissions which are either fixed minimum commissions or pro-rata commissions depending on the order value. To the extent that additional — domestic or foreign — parties are involved in the execution of an order, including but not limited to domestic dealers or brokers in foreign markets, Noteholders must take into account that they may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs).

In addition to such costs directly related to the purchase of securities (direct costs), Noteholders must also take into account any follow-up costs (such as custody fees). Prospective investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Notes before investing in the Notes.

**Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in those Notes**

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a

recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. A rating agency may fail to withdraw its rating in a timely manner.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended) subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by the European Securities and Markets Authority ("ESMA") on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Base Prospectus.

### **A credit rating reduction may result in a reduction in the trading value of the Notes**

The value of the Notes is expected to be affected, in part, by investors' general appraisal of the creditworthiness of the Issuer. Such perceptions are generally influenced by the ratings accorded to the outstanding securities of the Issuer by standard statistical rating services, such as Moody's, S&P and Fitch. A reduction in the rating, if any, accorded to outstanding debt securities of the Issuer by one of these or other rating agencies could result in a reduction in the trading value of the Notes.

### **Legal investment considerations may restrict certain investments**

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (a) Notes are legal investments for it, (b) Notes can be used as collateral for various types of borrowing and (c) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

### **Change of law**

The Terms and Conditions of the Euro Notes are governed by English law and the Terms and Conditions of Luxembourg Notes are governed by Luxembourg law, each in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or Luxembourg law or administrative practice after the date of this Base Prospectus.

### **U.S. Dividend Equivalent Withholding**

Section 871(m) of the U.S. Internal Revenue Code of 1986, as amended causes a 30 per cent. withholding tax on payments attributable to U.S. source dividends that are paid or "deemed paid" under certain financial instruments if certain conditions are met (such instruments, "**Specified Notes**"). If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. Prospective investors should refer to the section "*Taxation – U.S. Dividend Equivalent Withholding.*"

For the purposes of withholding under the U.S. Foreign Account Tax Compliance Act, commonly known as FATCA, Specified Notes are subject to a different grandfathering rule than other Notes. Prospective investors should refer to the section "*Taxation – Foreign Account Tax Compliance Act*".

## **The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks"**

The London Inter-Bank Offered Rate ("**LIBOR**"), the Euro Interbank Offered Rate ("**EURIBOR**") and other interest rate, equity, commodity, foreign exchange and other types of indices which are deemed to be "benchmarks", are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented.

Key international regulatory initiatives relating to the reform of benchmarks include (i) IOSCO's Principles for Financial Benchmarks<sup>4</sup> (the "**IOSCO Principles**") and Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directive 2008/48/EC and 2014/17/EC and Regulation (EU) No 596/2014 (the "**Benchmarks Regulation**"). The IOSCO Principles aim to create an overarching framework of principles for benchmarks to be used in financial markets, specifically covering (among other things) governance and accountability as well as the quality, integrity and transparency of benchmark design, determination and methodologies. A review published by IOSCO in February 2015 of the status of the voluntary market adoption of the IOSCO Principles noted that there have been significant but mixed progress on implementation of IOSCO Principles but that as the benchmarks industry is in a state of change, further steps may need to be taken by IOSCO in the future.

The Benchmarks Regulation was published in the Official Journal of the EU on 29 June 2016. Most of the provisions of the Benchmarks Regulation have applied since 1 January 2018 with the exception of certain provisions, mainly on critical benchmarks, that applied from 30 June 2016. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the European Union and will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of "benchmarks" and (ii) prevent certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised/registered (or, if non-EU based, deemed equivalent or recognised or endorsed). The scope of the Benchmarks Regulation is wide and, in addition to so-called "critical benchmark" indices, such as EURIBOR, applies to many interest rate, foreign exchange rate indices, equity indices and other indices (including "proprietary" indices or strategies) where used to determine the amount payable under or the value or performance of certain financial instruments traded on a trading venue (EU regulated market, EU multilateral trading facility ("**MTF**"), EU organised trading facility ("**OTF**")) or via a systematic internaliser or to measure the performance of certain investment funds with the purpose of tracking the return or defining the asset allocation or computing the performance fees. Different types of benchmark (critical benchmarks, significant benchmarks, non-significant benchmarks, interest rate benchmarks, commodity benchmarks, regulated data benchmarks) are subject some variations to take into account their characterisation.

The Benchmarks Regulation could have a material impact on any Notes traded on a trading venue or via a "systematic internaliser" linked to a "benchmark" for Benchmarks Regulation purposes, including in any of the following circumstances:

- subject to any applicable transitional provisions, an index which is a "benchmark" may not be used by a supervised entity in certain ways if its administrator, or the benchmark (in the case of benchmarks provided by an administrator located outside the EU), is not entered in or is removed from ESMA's register of Benchmarks Regulation approved administrators/benchmarks (as the administrator does not obtain or retain authorisation or registration under the Benchmarks Regulation, if based in a non-EU jurisdiction, the administrator does not obtain or retain recognition or endorsement and the administrator/benchmark does not benefit from equivalence);

<sup>4</sup> Principles for Financial Benchmarks – Final Report - FR07/13, July 2013, as recently supplemented by IOSCO's Report on Guidance on the IOSCO Principles for Financial Benchmarks FR 13/2016 providing guidance on the statement of compliance

- the methodology or other terms of the "benchmark" could be changed in order to comply with the requirements of the Benchmarks Regulation; and
- the fallback provisions specified in the terms of the Notes may apply or the Calculation Agent may amend the terms of the Notes in the event a benchmark materially changes or ceases to be provided in order to comply with the provisions of the Benchmarks Regulation (see "*Administrator/Benchmark Event*" below).

Any of the above changes or any other consequential changes to any benchmark as a result of international, national or other reforms, initiatives or investigations or the general increased regulatory scrutiny of "benchmarks" could potentially have a material adverse effect on the relevant benchmark or have other unforeseen consequences including, without limitation, that such changes could:

- affect the level of the published rate or the level of the benchmark which may have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level;
- increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with such regulations or requirements;
- discourage market participants from continuing to administer or contribute to certain "benchmarks"
- trigger changes in the rules or methodologies used in certain "benchmarks";
- lead to the disappearance of certain "benchmarks" (or certain currencies or tenors of benchmarks); or
- have other adverse effects or unforeseen consequences.

Any such consequences could have a material adverse effect on the value of and return on any Notes and/or could lead to the Notes being de-listed, adjusted, redeemed early following the occurrence of an Administrator/Benchmark Event, subject to discretionary valuation by the Calculation Agent or otherwise impacted depending on the particular "benchmark" and the applicable terms of the Notes.

A benchmark licence may also be required for the issuance/calculation of amounts payable under any Notes referencing a benchmark. To the extent any such licence is not obtained or retained, it may not be possible for such Notes to reference the benchmark and the Notes may be adjusted or redeemed early or otherwise impacted depending on the particular "benchmark" and the applicable terms of the Notes.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by benchmark reforms, investigations and licensing issues in making any investment decision with respect to any Notes linked to or referencing a "benchmark".

### **Administrator/Benchmark Event**

The occurrence of an Administrator/Benchmark Event may lead to early redemption or adjustment of the Notes which may include selecting one or more successor benchmarks and making related adjustments to the Notes, including, if applicable, to reflect increased costs. An Administrator/Benchmark Event may arise if any of the following circumstances occurs or may occur: (i) a benchmark is materially changed or permanently indefinitely cancelled, (ii) the relevant authorisation, registration, recognition, endorsement, equivalence decision or approval in respect of the benchmark or the administrator or sponsor of the benchmark is not obtained, (iii) an application for authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register is rejected or (iv) any authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or inclusion in any official register is withdrawn.

## **Future discontinuance of an -IBOR may adversely affect the value of the Notes**

On 27 July 2017, the Chief Executive of the United Kingdom Financial Conduct Authority, which regulates LIBOR, announced that it does not intend to continue to persuade, or use its powers to compel, panel banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021. The announcement indicates that the continuation of LIBOR on the current basis is not guaranteed after 2021. It is not possible to predict whether, and to what extent, panel banks will continue to provide LIBOR submissions to the administrator of LIBOR going forwards. This may cause LIBOR to perform differently than it did in the past and may have other consequences which cannot be predicted.

Investors should be aware that in relation to –IBOR (including LIBOR and EURIBOR) linked Notes, to the extent that the relevant -IBOR is discontinued or otherwise unavailable, amounts payable on the Notes referable to such -IBOR will be determined for the relevant period by the fall-back provisions applicable to such Notes, which, being dependent in part upon the provision by major banks of offered quotations for the –IBOR rate, may not operate as intended depending on market circumstances and the availability of rates information at the relevant time and may result, to the extent that other fall-back provisions are not applicable to such Notes, in the effective application of a fixed rate based on the rate which applied in the previous period when the relevant -IBOR was available. Any of these alternative methods may result in payments on the Notes that are lower than or that do not otherwise correlate over time with the payments that would have been made on the Notes if the relevant –IBOR was available in its current form.

**The Council of the European Union has adopted a bank recovery and resolution directive which is intended to enable a range of actions to be taken in relation to credit institutions, investment firms certain financial institutions and certain holding companies (each a relevant entity) considered to be at risk of failing. The implementation of the directive or the taking of any action under it could materially affect the value of any Notes.**

On 15 May 2014, the Directive 2014/59/EU of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms (the "**Bank Recovery and Resolution Directive**" or "**BRRD**") was adopted.

The impact of the BRRD and its implementing provisions on credit institutions, including the Issuer, is currently unclear but its current and future implementation and application to the Issuer or the taking of any action under it could materially affect the activity and financial condition of the Issuer and the value of any Notes.

Moreover, Regulation (EU) no. 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund (the "**SRM Regulation**") has established a centralised power of resolution entrusted to a Single Resolution Board (the "**SRB**") and to the national resolution authorities.

The BRRD currently contains four resolution tools and powers:

- (i) sale of business: enables resolution authorities to direct the sale of the relevant entity or the whole or part of its business on commercial terms without requiring the consent of the shareholders or complying with the procedural requirements that would otherwise apply;
- (ii) bridge institution: enables resolution authorities to transfer all or part of the business of the relevant entity to a "bridge bank" (a public controlled entity holding such business or part of a business with a view to reselling it);
- (iii) asset separation: enables resolution authorities to transfer impaired or problem assets to asset management vehicles to allow such assets to be managed and worked out over time; and

- (iv) bail-in: gives resolution authorities the power to write-down the claims of unsecured creditors of a failing relevant entity and to convert certain unsecured debt claims (including Notes) to equity (the "**general bail-in tool**"), which equity could also be subject to any future write-down by application of the general bail-in tool.

The powers set out in the BRRD will impact how credit institutions, including the Issuer, and investment firms are managed as well as, in certain circumstances, the rights of creditors. In particular, Noteholders may be subject to write-down (including to zero) or conversion into equity on any application of the general bail-in tool (including amendment of the terms of the Notes such as a variation of the maturity), which may result in such holders losing some or all of their investment.

The exercise of any power under the BRRD as applied to the Issuer or any suggestion of such exercise could, therefore, materially adversely affect the rights of the Noteholders, the price or value of their investment in any Notes and/or the ability of the Issuer to satisfy its obligations under any Notes.

The Single Resolution Board works in close cooperation with the CSSF, in particular in relation to the elaboration of resolution planning, and assumes full resolution powers since 1 January 2016. It is not yet possible to assess the full impact of the BRRD and the Luxembourg law provisions implementing the BRRD on the Issuer and there can be no assurance that its implementation or the taking of any actions currently contemplated in it will not adversely affect the rights of Noteholders, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

Since November 2014, the ECB has taken over the prudential supervision of significant credit institutions in the member states of the Eurozone under the SSM. In addition, a SRM has been put in place to ensure that the resolution of banks across the Eurozone is harmonised. As mentioned above, the SRM is managed by the SRB. Under Article 5(1) of the SRM Regulation, the SRM has been granted those responsibilities and powers granted to the member states' resolution authorities under the BRRD for those banks subject to direct supervision by the ECB. The ability of the SRB to exercise these powers came into force at the start of 2016.

The Issuer has been designated as a significant supervised entity for the purposes of Article 49(1) of the SSM Regulations and is consequently subject to the direct supervision of the ECB in the context of the SSM. This means that the Issuer is also subject to the SRM which came into force in 2015. The SRM Regulation mirrors the BRRD and, to a large part, refers to the BRRD so that the SRB is able to apply the same powers that would otherwise be available to the relevant national resolution authority.

#### *Application of the BRR Act 2015 to BGL*

If the debt bail-in tool and the statutory write-down and conversion power become applicable to BGL, the Notes may be subject to write-down or conversion into equity on any application of the bail-in tool, which may result in such holders losing some or all of their investment. Subject to certain conditions, the terms of the obligations owed by BGL may also be varied by the resolution authority (e.g. as to maturity, interest and interest payment dates). The exercise of any power under the BRR Act 2015 or any suggestion of such exercise could materially adversely affect the rights of Noteholders, the price or value of their investment in any Notes and/or the ability of BGL to satisfy its obligations under any Notes.

The Single Resolution Board and the CSSF as Luxembourg resolution authority when applying the above resolution tools and taking the above resolution measures may trigger the loss of the entire or a substantial part of the investments of Noteholders and may have a negative impact on the market value of Notes.

#### **Risks related to the structure of a particular issue of Notes**

A wide range of Notes may be issued under the Programme. A number of these Notes may, in addition to the risks described above, have features which contain particular risks for potential investors.

Prospective investors should consult their own financial, tax and legal advisors as to the risks entailed by an investment in such Notes and the suitability of such Notes in light of their particular circumstances and ensure that its acquisition is fully consistent with their financial needs and investment policies, is lawful under the laws of the jurisdiction of its incorporation and/or in which it operates, and is a suitable investment for it to make. The Issuer believes that such Notes should only be purchased by investors who are, or who are purchasing under the guidance of, financial institutions or other professional investors that are in a position to understand the special risks that an investment in these instruments involves, in particular relating to options and derivatives and related transactions, and should be prepared to sustain a total loss of the purchase price of their Notes.

Set out below is a description of some of the most common of such features.

### **Structured Notes in general**

An investment in Notes, the payment of principal, interest and/or premium of which is determined by reference to one or more Underlying Reference (either directly or indirectly) and has certain structural features or combination of structural features ("**Structured Notes**"), may entail significant risks not associated with similar investments in a conventional debt security or a direct investment in the Underlying Reference, including the risks that the resulting rate of return will be less than that on a conventional debt security or the Underlying Reference and/or that an investor may lose the value of its entire investment or part of it, as the case may be. Neither the current nor the historical value of the relevant Underlying Reference should be taken as an indication of future performance of (a) such Underlying Reference or (b) the trading or market value of a Note, during the term of any Note.

An issue of Structured Notes may not give a holder the right to reimbursement of the nominal value of such Note. Accordingly, investment in Structured Notes is only suitable for investors who are prepared to accept the risk that all or part of their capital may be lost.

The Underlying Reference(s) and/or the composition thereof, method of calculation (if applicable) or other factors of the Underlying Reference(s) may change in the future. There is no assurance that issuers, sponsors, licensors of the Underlying Reference(s) or any other third party (as the case may be) who have an influence on the Underlying Reference(s) will not change the composition thereof, method of calculation or other factors of the Underlying Reference(s). Any such change to the Underlying Reference(s) may be beyond the control of the Issuer and may adversely affect the value of the Notes.

If the formula used to determine the amount of principal, interest and/or premium, if any, with respect to such Notes contains a multiplier or leverage factor, the effect of any change in the Underlying Reference(s) will be magnified. In recent years, values of certain Underlying Reference(s) have been highly volatile; such volatility in the past is not necessarily indicative, however, of fluctuations that may occur in the future.

Structured Notes are Notes which do not provide for predetermined redemption amounts and/or interest payments but amounts payable (whether in respect of principal and/or interest) will be dependent upon the performance of the Underlying Reference which themselves may contain substantial interest rate, foreign exchange, correlation, time value, political and/or other risks. The exposure to the Underlying Reference in many cases will be achieved by the Issuer entering into hedging arrangements. Potential investors should be aware that under the terms of Structured Notes they are exposed to the performance of these hedging arrangements and the events that may affect these hedging arrangements and consequently the occurrence of any of these events may affect the value of the Notes.

An investment in Structured Notes linked to an Underlying Reference therefore entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. These risks include, among other things, the possibility that:

- the Underlying Reference may be subject to significant changes, whether due to the composition of any such Underlying Reference itself, or because of fluctuations in value of the Underlying Reference;

- the resulting interest rate will be less (or may be more) than that payable on a conventional debt security issued by the Issuer at the same time;
- the holder of a Structured Note linked to an Underlying Reference could lose all or a substantial portion of the principal of such Note (whether payable at maturity or upon redemption or repayment), and, if the principal is lost, interest may cease to be payable on such Note;
- any Note that is linked to more than one type of Underlying Reference, or to formulae that encompass the risks associated with more than one type of Underlying Reference, may carry levels of risk that are greater than Notes that are indexed to one type of Underlying Reference only;
- it may not be possible for investors to hedge their exposure to these various risks relating to Structured Notes linked to one or more Underlying Reference(s);
- a significant market disruption could mean that any Underlying Reference ceases to exist; and
- as a result of one or more of the above factors the trading or market value of the Structured Notes may be volatile or non-correlated with the Underlying Reference.

#### **Notes subject to optional redemption by the Issuer**

Notes may be subject to optional redemption by the Issuer. An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may choose to redeem Notes early for various reasons. For example, the Issuer may choose to redeem Notes early when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time and that it may not be able to find a comparable product to the Note being redeemed at the time of redemption. In addition, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes and part of the Noteholders' investment may be lost.

#### **Additional Disruption Events and Optional Additional Disruption Events**

If an Additional Disruption Event or any Optional Additional Disruption Event specified in the applicable Final Terms occurs, the Notes may be subject to adjustment or redemption or the amount payable on scheduled redemption may be different from the amount expected to be paid at scheduled redemption. The Additional Disruption Events relate to changes in law (including changes in tax or regulatory capital requirements) and hedging disruption in respect of any hedging transactions relating to the Notes (both as more fully set out in the Conditions). Optional Additional Disruption Events relate to increased cost of any hedging transactions in respect of the Notes (as set out in the Conditions).

Consequently the occurrence of an Additional Disruption Event and/or an Optional Additional Disruption Event may have an adverse effect on the value or liquidity of the Notes.

#### **Limited Exposure to Underlying Reference**

If the applicable Final Terms provide that the exposure of any Structured Notes to one or more Underlying References is limited or capped to a certain level or amount, such Notes will not benefit from any upside in the value of any such Underlying References beyond such limit or cap.

## **Partly Paid Notes**

The Issuer may issue Exempt Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

## **Inverse Floating Rate Notes**

Investments in Notes which bear interest at an inverse floating rate comprise (a) a fixed base rate minus (b) a reference rate ("**Inverse Floating Rate Notes**"). Investors should note that any increase in the value or level of the Underlying Reference will not lead to a corresponding increase in the principal, interest and/or premium payable on the Notes and consequently the value of the Notes. Any increase in the value or level of the Underlying Reference will result in a decrease in the principal, interest and/or premium payable on the Notes, and therefore the market value of such Notes. The market value of such Notes is usually more volatile than the market value of floating rate Notes based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which may further reduce the market value of these Notes.

## **Variable Rate Notes**

The Issuer may issue Notes where the redemption amount, interest and/or premium, if any payable on the Notes is linked to changes in one or more rates and/or Underlying References specified in the Final Terms ("**Variable Rate Notes**") during the period specified therein. Prospective purchasers of the Notes should make their own independent evaluation of the risks associated with an investment in the Notes. The rates and/or Underlying References to which the Variable Rate Notes are linked to may be volatile and unpredictable. Investors should be aware that it may be possible that there may be significant changes in such rates and/or Underlying References and such changes may lead to a decrease in the value of the Notes and the amount of the redemption amount and any interest and/or premium payable on the Notes.

## **Fixed to Floating Rate Notes**

Fixed to floating rate Notes initially bear interest at a fixed rate. Conversion from a fixed rate to a floating rate then takes place either automatically or, in the case of Exempt Notes only, at the option of the Issuer (if certain predetermined conditions are met or at the sole discretion of the Issuer). The conversion (whether automatic or optional) of the interest rate will affect the secondary market in, and the market value of, the Notes since the conversion may lead to a lower overall cost of borrowing for the Issuer. If a fixed rate is converted to a floating rate, the spread on the fixed to floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes.

## **Fixed Rate Notes**

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

## **Certain Considerations Associated with Notes Linked to Emerging Markets**

The Issuer may issue Notes where the amount payable on redemption or the interest payable is linked to Underlying References which consist of (i) indices comprising securities of issuers that are located in, or subject to regulation in, emerging or developing countries, or (ii) Notes which are denominated in the currency of, or are traded in, emerging or developing countries or (iii) currencies of emerging or developing countries. Prospective investors should note that additional risks may be associated with investment in such Notes, including risks associated with political and economic uncertainty, adverse governmental policies, restrictions on foreign investment and currency convertibility, currency exchange rate fluctuations, possible lower levels of disclosure and regulation, and uncertainties as to the status, interpretation and application of laws including, but not limited to, those relating to expropriation, nationalisation and confiscation.

Notes traded in emerging or developing countries tend to be less liquid and the prices of such securities more volatile. In addition, settlement of trades in some such markets may be slower and more subject to failure than in markets in developed countries.

Increased custodian costs, if applicable, as well as administrative difficulties (such as the applicability of the laws of the jurisdictions of emerging or developing countries to custodians in such jurisdictions in various circumstances, including bankruptcy, ability to recover lost assets, expropriation, nationalisation and record access) may also arise from the maintenance of assets in such emerging or developing countries.

Prospective purchasers of such Notes should also be aware that the probability of the occurrence of a disruption event and consequently loss of investment or profit by an investor may be higher for certain developing or emerging markets. Prospective purchasers are expected to conduct their own enquiries and be satisfied that there are additional risks associated with investments linked to the performance of underlying assets located in these markets.

### **The occurrence of a FX Settlement Disruption Event may lead to postponement or payment in an alternative currency**

If FX Settlement Disruption applies to the Notes and the Calculation Agent determines on the second Business Day prior to the relevant due date for payment (the "**FX Disrupted Payment Date**") that a FX Settlement Disruption Event has occurred and is subsisting, investors should be aware that payments of principal and/or interest (if applicable) may (i) occur at a different time than expected and that no additional amount of interest will be payable in respect of any delay in payment of principal and/or interest and (ii) be made in USD (the "**FX Settlement Disruption Currency**"). In certain circumstances, the rate of exchange used to convert the currency in which the Notes are denominated into the FX Settlement Disruption Currency may not be the market rate of exchange for such currencies and, in some cases, may be determined by the Calculation Agent in its discretion.

### **Notes issued at a substantial discount or premium**

The market values of Notes issued at a substantial discount or premium from their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing Notes. Generally, the longer the remaining term of the Notes, the greater the price volatility as compared to conventional interest-bearing Notes with comparable maturities.

### **Noteholders will not be able to calculate in advance their rate of return on Floating Rate Notes**

A key difference between Notes which pay a floating rate of interest ("**Floating Rate Notes**") and Notes which pay a fixed rate of interest ("**Fixed Rate Notes**") is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of the Notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to issue Fixed Rate Notes may affect the market value and secondary market (if any) of the Floating Rate Notes (and *vice versa*).

### **Zero Coupon Notes are subject to higher price fluctuations than non-discounted Notes**

Changes in market interest rates generally have a substantially stronger impact on the prices of Zero Coupon Notes (as defined below) than on the prices of ordinary notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other notes having the same maturity and credit rating.

## **Inflation Index-Linked Notes, Foreign Exchange (FX) Rate-Linked Notes, Equity Index-Linked Notes, Dual Currency Notes and Underlying Interest Rate-Linked Notes**

### (a) *Inflation Index-Linked Notes*

Inflation Index-Linked Notes ("**Inflation Index-Linked Notes**") are Notes whose redemption amount, interest amounts and/or premium, if any, may be linked to the performance of one or more inflation or price indices during a specified period or on specified dates (as set out in the relevant Final Terms). Investment in Inflation Index-Linked Notes involves risks not associated with an investment in conventional debt securities. In addition to the risk factors that may apply to Notes in general and Structured Notes in general, potential investors should be aware that in relation to Inflation Index-Linked Notes:

- (i) the payment of principal, interest and/or premium is linked to the change in the level of the relevant inflation or price index. If there is little or no change in inflation, the level of the inflation or price index may not change. If there is deflation, the level of the inflation or price index may decrease; consequently, the payment of principal, interest and/or premium, if any, may be less than expected, may be zero or may be the principal protected amount, if any (as specified in the relevant Final Terms);
- (ii) the inflation or price index itself and the way such inflation or price index is calculated may change in the future. There can be no assurance that the sponsor of the relevant inflation or price index will not change the method by which it calculates the index. In addition, changes in the way the inflation or price index is calculated could reduce the level of the index, lower the redemption amount, interest amount and/or premium, if any, payable on the Notes and consequently significantly reduce the value of the Notes. If the relevant inflation or price index is substantially altered or has been terminated and/or a substitute index is employed to calculate the redemption amount, interest amounts and/or premium, if any, payable on the Notes, as described in the applicable Final Terms, that substitution may adversely affect the value of the Notes;
- (iii) the historical levels of the relevant inflation or price index are not an indication of future levels of such index. Fluctuations and trends in the inflation or price index that may have occurred in the past are not necessarily indicative of fluctuations or trends that may occur in the future. Noteholders will receive the redemption amount, interest amounts and/or premium, if any, which will be affected by changes in the relevant inflation or price index and such changes may be significant. Changes in the inflation or price index may be a result of various factors over which the Issuer has no control;
- (iv) where an "adjusted" inflation or price index is being used in calculating the redemption amount, interest amounts and/or premium, if any, payable on the Notes, there is a risk that the adjustments that have been made by the sponsor of such "adjusted" inflation or price index have not been made accurately in reducing the impact of seasonally and trends which affect inflation. Conversely, where a "non-adjusted" inflation or price index is being used in calculating the redemption amount, interest amounts and/or premium, if any, payable on the Notes, Noteholders should be aware that such "non-adjusted" inflation or price index is subject to the effects of seasonality and trends which affect inflation;
- (v) in certain circumstances following cessation of publication of the inflation index, the Calculation Agent may determine that there is no appropriate alternative inflation index, in which case the Issuer may redeem the Notes. Such action may have an effect on the value of the Notes;
- (vi) if the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of

changes in the level of the inflation index or the indices on principal or interest payable will be magnified; and

- (vii) the market price of such Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the level of the inflation index or indices. The level of the inflation index or indices may be affected by the economic, financial and political events in one or more jurisdictions.

Potential investors in any such Notes should be aware that depending on the terms of the Inflation Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the level of the inflation index or indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the inflation index or indices may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an inflation index or result of a formula, the greater the effect on yield.

(b) *Foreign Exchange (FX) Rate-Linked Notes*

Foreign Exchange (FX) Rate-Linked Notes ("**Foreign Exchange (FX) Rate-Linked Notes**") are Notes whose redemption amount, interest amounts and/or premium, if any, may be linked to one or more currency exchange rate. An investment in Foreign Exchange (FX) Rate-Linked Notes will entail significant risks not associated with an investment in a conventional debt security. On redemption of Foreign Exchange (FX) Rate-Linked Notes, Noteholders will receive an amount (if any) determined by reference to the value of one or more Subject Currencies against one or more Base Currencies. Accordingly, an investment in Foreign Exchange (FX) Rate-Linked Notes may bear similar market risks to a direct currency investment, and investors should take advice accordingly.

Potential investors in any such Notes should be aware that, depending on the terms of the Foreign Exchange (FX) Rate Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time or in a different currency than expected and (iii) they may lose a substantial portion of their investment. In addition, movements in currency exchange rates may be subject to significant fluctuations that may not correlate with changes in interest rates or other indices and the timing of changes in the exchange rates may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in currency exchange rates, the greater the effect on yield.

Fluctuations in exchange rates of the relevant currency (or basket of currencies) will affect the value of Foreign Exchange (FX) Rate-Linked Notes. Furthermore, investors who intend to convert gains or losses from the redemption or sale of Foreign Exchange (FX) Rate-Linked Notes into their home currency may be affected by fluctuations in exchange rates between their home currency and the relevant currency (or basket of currencies). Currency values may be affected by complex political and economic factors, including governmental action to fix or support the value of a currency (or basket of currencies), regardless of other market forces. Purchasers of Foreign Exchange (FX) Rate-Linked Notes risk losing their entire investment if exchange rates of the relevant currency (or basket of currencies) do not move in the anticipated direction.

Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro-economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). If additional securities relating to particular currencies or particular currency indices are subsequently issued, the supply of securities relating to such currencies or currency indices, as applicable, in the market will increase, which could cause the price at which the Notes and such

other securities trade in the secondary market to decline significantly. In recent years, rates of exchange between some currencies have been volatile. This volatility may be expected in the future. Fluctuations that have occurred in any particular exchange rate in the past are not necessarily indicative, however, of fluctuation that may occur in the rate during the term of any Note. Fluctuations in exchange rates will affect the value of Foreign Exchange (FX) Rate-Linked Notes.

If the amount of principal and/or interest payable are dependent upon movements in currency exchange rates and are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the currency exchange rates on principal or interest payable will be magnified.

The market price of such Notes may be volatile and, if the amount of principal and/or interest payable is dependent upon movements in currency exchange rates, may depend upon the time remaining to the redemption date and the volatility of currency exchange rates. Movements in currency exchange rates may be dependent upon economic, financial and political events in one or more jurisdictions.

If the Calculation Agent determines that a Disruption Event (as defined in the Foreign Exchange (FX) Rate-Linked Note Conditions) has occurred or exists on such valuation date, any consequential postponement of the valuation date, or any alternative provisions for valuation provided in any such Notes may have an adverse effect on the value and liquidity of such Notes. The timing of such dates (as scheduled or as so postponed or adjusted) may affect the value of the relevant Notes such that the Noteholder may receive a lower cash redemption amount and/or interest amount or other payment under the relevant Notes than otherwise would have been the case. The occurrence of such a Disruption Event in relation to any currency exchange rate comprising a basket may also have such an adverse effect on Notes related to such basket. In addition, any such consequential postponement may result in the postponement of the date of redemption of the Notes.

(c) *Risks relating to Equity Index-Linked Notes*

The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon the level of an equity index or indices ("**Equity Index-Linked Notes**").

Potential investors in any such Notes should be aware that depending on the terms of the Equity Index-Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the level of the equity index or indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the equity index or indices may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an equity index or result of a formula, the greater the effect on yield.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the equity index or the indices on principal or interest payable will be magnified.

The market price of such Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the level of the equity index or indices. The level of the equity index or indices may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities comprising the equity index or indices may be traded. The equity index may reference equities or other securities.

For the avoidance of doubt, the Issuer and/or its affiliates may not be able to trade on and hedge its obligations in respect of the equity index under the Notes notwithstanding the calculation or

publication of the level of such equity index. In the event that any relevant date for valuation is a Disrupted Day for such equity index, that valuation date shall be the first succeeding day that is not a Disrupted Day and on which the Issuer or relevant affiliate is able to trade on and hedge its obligations in respect of such equity index, subject to a specified maximum days of disruption, as more fully set out in the terms and conditions of the Notes. Where this occurs on (i) the Strike Date for valuation, the Calculation Agent will not be able to determine the initial or strike level for the equity index or (ii) the final date for valuation, the Calculation Agent will not determine the final level for the equity index until such time as the disruption is no longer subsisting, or the specified maximum days of disruption has elapsed, whichever is sooner. Investors should be aware that any delay to the determination of the final level of the equity index may result in a delay in the payment of the Final Redemption Amount.

(d) *Dual Currency Notes*

Dual Currency Notes issued under the Programme will be Exempt Notes. The Issuer may issue Notes with principal, interest and/or premium payable in a currency which may be different from the currency in which the Notes are denominated ("**Dual Currency Notes**"). In addition to the risk factors that may apply to Notes in general and Structured Notes in general, potential investors should be aware that in relation to Dual Currency Notes:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest and/or premium;
- (iii) payment of principal, interest and/or premium (if applicable) may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) there may be movements in currency exchange rates which may result in significant fluctuations that may not correlate with changes in interest rates, currencies or related factors;
- (vi) the exchange rate used to calculate amounts payable in the settlement currency may be fixed prior to, on or after the issue date of the Notes, meaning the investors will not benefit from favourable changes in exchange rates during the terms of the Dual Currency Notes; and
- (vii) settlement in the settlement currency may result in a lower return than if settlement had been made in the Specified Currency due to the risk on the exchange rate and potential disruption expenses.

(e) *Underlying Interest Rate-Linked Notes*

The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon movements in underlying interest rates ("**Underlying Interest Rate-Linked Notes**"). Accordingly an investment in Underlying Interest Rate-Linked Notes may bear similar market risks to a direct interest rate investment and potential investors should take advice accordingly.

Potential investors in any such Notes should be aware that, depending on the terms of the Underlying Interest Rate-Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose a substantial portion of their investment. In addition, movements in interest rates may be subject to significant fluctuations that may not correlate with changes in other indices and the timing of changes in the interest rates may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in interest rates, the greater the effect on yield.

Interest rates are determined by various factors which are influenced by macro economic, political or financial factors, speculation and central bank and government intervention. In recent years, interest rates have been relatively low and stable, but this may not continue and interest rates may rise and/or become volatile. Fluctuations that have occurred in any interest rate in the past are not necessarily indicative, however, of fluctuation that may occur in the rate during the term of any Note. Fluctuations in interest rates will affect the value of Underlying Interest Rate-Linked Notes.

If the amount of principal and/or interest payable are dependent upon movements in interest rates and are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the interest rates on principal or interest payable will be magnified.

The market price of such Notes may be volatile and, if the amount of principal and/or interest payable is dependent upon movements in interest rates, may depend upon the time remaining to the redemption date and the volatility of interest rates. Movements in interest rates may be dependent upon economic, financial and political events in one or more jurisdictions.

**Additional Factors relating to certain Underlying References:**

*Adjustment to indices*

Where the Underlying Reference is an index, if an index adjustment event (as described in the terms and conditions of the Notes) occurs the Issuer may require the Calculation Agent to make such adjustments as it determines appropriate to the terms of the Notes or redeem the Notes. Such action may have an adverse effect on the value and liquidity of the affected Underlying Reference Linked Notes.

*Market Disruption Events or Failure to Open of an Exchange*

If an issue of Underlying Reference Linked Notes includes provisions dealing with the occurrence of a Market Disruption Event or failure to open of an exchange on a date for valuation of an Underlying Reference and the Calculation Agent determines that a Market Disruption Event or failure to open of an exchange has occurred or exists on such valuation date, any consequential postponement of the valuation date, or any alternative provisions for valuation provided in any such Notes may have an adverse effect on the value and liquidity of such Notes. The timing of such dates (as scheduled or as so postponed or adjusted) may affect the value of the relevant Notes such that the Noteholder may receive a lower cash redemption amount and/or interest amount or other payment under the relevant Notes than otherwise would have been the case. The occurrence of such a Market Disruption Event or failure to open of an exchange in relation to any Underlying Reference comprising a basket may also have such an adverse effect on Notes related to such basket. In addition, any such consequential postponement may result in the postponement of the date of redemption of the Notes.

## IMPORTANT INFORMATION RELATING TO NON-EXEMPT OFFERS OF NOTES

Certain Tranches of Notes with a denomination of less than €100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. Any such offer is referred to as a "**Non-exempt Offer**".

If, in the context of a Non-exempt Offer, you are offered Notes by any entity, you should check that such entity has been given consent to use this Base Prospectus for the purposes of making its offer before agreeing to purchase any Notes. The following entities have consent to use this Base Prospectus in connection with a Non-exempt Offer:

- any entity named as a Dealer or Manager in the applicable Final Terms;
- any financial intermediary specified in the applicable Final Terms as having been granted specific consent to use the Base Prospectus;
- any financial intermediary named on the Issuer's website ([www.bgl.lu](http://www.bgl.lu)) as an Authorised Offeror in respect of the Non-exempt Offer (if that financial intermediary has been appointed after the date of the applicable Final Terms); and
- if Part B of the applicable Final Terms specifies "General Consent" as "Applicable", any financial intermediary authorised to make such offers under the Markets in Financial Instruments Directive, as amended (Directive 2014/65/EU) who has published the Acceptance Statement (set out below) on its website.

The entities listed above have been given consent to use the Base Prospectus only during the Offer Period specified in the applicable Final Terms and only in the Non-exempt Offer Jurisdictions specified in the applicable Final Terms. Other than as set out above, the Issuer has not authorised the making of any Non-exempt Offer by any person and the Issuer has consented to the use of this Base Prospectus by any other person in connection with any Non-exempt Offer of Notes.

Please see below for certain important legal information relating to Non-exempt Offers.

### Restrictions on Non-exempt offers of Notes in relevant Member States

This Base Prospectus has been prepared on a basis that permits Non-exempt Offers of Notes in each Member State in relation to which the Issuer has given its consent, as specified in the applicable Final Terms (each specified Member State a "**Non-exempt Offer Jurisdiction**" and together the "**Non-exempt Offer Jurisdictions**"). Any person making or intending to make a Non-exempt Offer of Notes on the basis of this Base Prospectus must do so only with the Issuer's consent to the use of this Base Prospectus as provided under "*Consent given in accordance with Article 3.2 of the Prospectus Directive*" below and provided such person complies with the conditions attached to that consent.

Save as provided above, neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any Non-exempt Offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

### Consent given in accordance with Article 3.2 of the Prospectus Directive

In the context of a Non-exempt Offer of Notes, the Issuer accepts responsibility, in each of the Non-exempt Offer Jurisdictions, for the content of this Base Prospectus in relation to any person (an "**Investor**") who purchases any Notes in a Non-exempt Offer made by a Dealer or an Authorised Offeror (as defined below), where that offer is made during the Offer Period specified in the applicable Final Terms and, provided that the conditions attached to the giving of consent for the use of this Base Prospectus are complied with. The

consent and conditions attached to it are set out under "*Consent*" and "*Common Conditions to Consent*" below.

None of the Issuer or any Dealer makes any representation as to the compliance by an Authorised Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-exempt Offer and none of the Issuer or any Dealer has any responsibility or liability for the actions of that Authorised Offeror.

**Except in circumstances set out in the following paragraphs, the Issuer has not authorised the making of any Non-exempt Offer by any Offeror and the Issuer has not consented to the use of this Base Prospectus by any other person in connection with any Non-exempt Offer of Notes. Any Non-exempt Offer made without the consent of the Issuer is unauthorised and neither the Issuer nor, for the avoidance of doubt, any Dealer accepts any responsibility or liability in relation to such offer or for the actions of the persons making any such unauthorised offer.**

If, in the context of a Non-exempt Offer, an Investor is offered Notes by a person which is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Base Prospectus for the purposes of the relevant Non-exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

The financial intermediaries referred to in paragraphs (a)(ii), (a)(iii) and (b) below are together the "**Authorised Offerors**" and each an "**Authorised Offeror**".

### ***Consent***

- (b) if (and only if) Part B of the applicable Final Terms specifies "General Consent" as "Applicable", the Issuer hereby offers to grant its consent to the use of this Base Prospectus (as supplemented as at the relevant time, if applicable) in connection with a Non-exempt Offer of Notes by any other financial intermediary which satisfies the following conditions:
  - (i) it is authorised to make such offers under applicable legislation implementing the Markets in Financial Instruments Directive, as amended (Directive 2014/65/EU); and
  - (ii) it accepts the Issuer's offer to grant consent to the use of this Base Prospectus by publishing on its website the following statement (with the information in square brackets duly completed) (the "**Acceptance Statement**"):

"We, [insert legal name of financial intermediary], refer to the offer of [insert title of relevant Notes] (the "**Notes**") described in the Final Terms dated [insert date] (the "**Final Terms**") published by BGL BNP Paribas (the "**Issuer**"). The "**Authorised Offeror Terms**", being the terms to which the relevant financial intermediary agrees in connection with using this Base Prospectus, are that the relevant financial intermediary:

- (A) will, and it agrees, represents, warrants and undertakes for the benefit of the Issuer and the relevant Dealer that it will, at all times in connection with the relevant Non-exempt Offer:
- I. act in accordance with, and be solely responsible for complying with, all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the "**Rules**") from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential Investor,;
  - II. comply with the restrictions set out under "*Subscription and Sale*" in this Base Prospectus which would apply if the relevant financial intermediary were a Dealer and consider the relevant manufacturer's target market assessment and distribution channels identified under the "MiFID II product governance" legend set out in the applicable Final Terms;
  - III. ensure that any fee (and any other commissions or benefits of any kind) or rebate received or paid by the relevant financial intermediary in relation to the offer or sale of the Notes does not violate the Rules and, to the extent required by the Rules, is fully and clearly disclosed to Investors or potential Investors;
  - IV. hold all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules;
  - V. comply with applicable anti-money laundering, anti-bribery, anti-corruption and "know your client" Rules (including, without limitation, taking appropriate steps, in compliance with such Rules, to establish and document the identity of each potential Investor prior to initial investment in any Notes by the Investor), and will not permit any application for Notes in circumstances where the financial intermediary has any suspicions as to the source of the application monies;
  - VI. retain Investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested and to the extent permitted by the Rules, make such records available to the relevant Dealer, the Issuer or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer in order to enable the Issuer and/or the relevant Dealer to comply with anti-money laundering, anti-bribery, anti-

corruption and "know your client" Rules applying to the Issuer and the relevant Dealer, as the case may be;

- VII. ensure that no holder of Notes or potential Investor in Notes shall become an indirect or direct client of the Issuer or the relevant Dealer for the purposes of any applicable Rules from time to time, and to the extent that any client obligations are created by the relevant financial intermediary under any applicable Rules, then such financial intermediary shall perform any such obligations so arising;
- VIII. co-operate with the Issuer and the relevant Dealer in providing relevant information (including, without limitation, documents and records maintained pursuant to paragraph (VI) above) and such further assistance as is reasonably requested upon written request from the Issuer or the relevant Dealer in each case, as soon as is reasonably practicable and, in any event, within any time frame set by any such regulator or regulatory process. For this purpose, "**relevant information**" is information that is available to or can be acquired by the relevant financial intermediary:
  - (a) in connection with any request or investigation by any regulator in relation to the Notes, the Issuer or the relevant Dealer; and/or
  - (b) in connection with any complaints received by the Issuer and/or the relevant Dealer relating to the Issuer and/or the relevant Dealer or another Authorised Offeror including, without limitation, complaints as defined in the Rules; and/or
  - (c) which the Issuer or the relevant Dealer may reasonably require from time to time in relation to the Notes and/or as to allow the Issuer or the relevant Dealer fully to comply with its own legal, tax and regulatory requirements;

- X. either (a) obtain from each potential investor an executed application for the Notes, or (b) keep a record of all requests the relevant financial intermediary (x) makes for its discretionary management clients, (y) receives from its advisory clients and (z) receives from its execution-only clients, in each case prior to making any order for the Notes on their behalf, and in each case maintain the same on its files for so long as is required by any applicable Rules;
- XI. ensure that it does not, directly or indirectly, cause the Issuer or the relevant Dealer to breach any Rule or subject the Issuer or the relevant Dealer to any requirement to obtain or make any filing, authorisation or consent in any jurisdiction;

- XII. immediately inform the Issuer and the relevant Dealer if at any time it becomes aware, or suspects, that it is or may be in violation of any Rules and take all appropriate steps to remedy such violation and comply with such Rules in all respects;
  - XIII. ensure that Investors understand the rights associated with an investment in the Notes;
  - XIV. comply with the conditions to the consent referred to under "*Common Conditions to Consent*" below and any further requirements or other Authorised Offeror Terms relevant to the Non-exempt Offer as specified in the applicable Final Terms;
  - XV. make available to each potential Investor in the Notes this Base Prospectus (as supplemented as at the relevant time, if applicable), the applicable Final Terms and any applicable information booklet provided by the Issuer for such purpose, and not convey or publish any information that is not contained in or entirely consistent with this Base Prospectus; and
  - XVI. if it conveys or publishes any communication (other than this Base Prospectus or any other materials provided to such financial intermediary by or on behalf of the Issuer for the purposes of the relevant Non-exempt Offer) in connection with the relevant Non-exempt Offer, it will ensure that such communication (a) is fair, clear and not misleading and complies with the Rules, (b) states that such financial intermediary has provided such communication independently of the Issuer, that such financial intermediary is solely responsible for such communication and that none of the Issuer and the relevant Dealer accepts any responsibility for such communication and (c) does not, without the prior written consent of the Issuer, or the relevant Dealer (as applicable), use the legal or publicity names of the Issuer or the relevant Dealer or any other name, brand or logo registered by an entity within their respective groups or any material over which any such entity retains a proprietary interest, except to describe the Issuer as issuer of the relevant Notes on the basis set out in this Base Prospectus;
- (B) agrees and undertakes to each of the Issuer and the relevant Dealer that if it or any of its respective directors, officers, employees, agents, affiliates and controlling persons (each a "**Relevant Party**") incurs any losses, liabilities, costs, claims, charges, expenses, actions or demands (including reasonable costs of investigation and any defence raised thereto and counsel's fees and disbursements associated with any such investigation or defence) (a "**Loss**") arising out of or in relation to, or in connection with, any breach of any of the foregoing agreements, representations, warranties or undertakings by the relevant financial intermediary, including (without limitation) any unauthorised action by the relevant financial intermediary or failure by it to observe any of the above restrictions or requirements or the making by it of any unauthorised representation or the giving or use by it of any information which has not been authorised for such purposes by the Issuer or the relevant Dealer, the relevant financial intermediary shall pay to the Issuer or the relevant Dealer, as the case may be, an amount equal to the Loss. None of the Issuer nor any Dealer shall have any duty or obligation, whether as fiduciary or trustee for any Relevant Party or otherwise, to recover any such payment or to account to any other person for any amounts paid to it under this provision; and
- (C) agrees and accepts that:

- I. the contract between the Issuer and the relevant financial intermediary formed upon acceptance by the relevant financial intermediary of the Issuer's offer to use the Base Prospectus with its consent in connection with the relevant Non-Exempt Offer (the "**Authorised Offeror Contract**"), and any non-contractual obligations arising out of or in connection with the Authorised Offeror Contract, shall be governed by, and construed in accordance with, English law;
- II. subject to (V) below when the offer relates to Euro Notes, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Authorised Offeror Contract (including any dispute relating to any non-contractual obligations arising out of or in connection with the Authorised Offeror Contract) (a "**Dispute**") and the Issuer and the relevant financial intermediary submit to the exclusive jurisdiction of the English courts;
- III. where the offer relates to Luxembourg Notes, the courts within the jurisdiction of Luxembourg have jurisdiction to settle any dispute arising out of or in connection with the Authorised Offeror Contract (including any dispute relating to any non-contractual obligations arising out of or in connection with the Authorised Offeror Contract) (a "**Dispute**") and the Issuer and the financial intermediary submit to the jurisdiction of such Luxembourg courts;
- IV. for the purposes of (C) (II) and (V), the relevant financial intermediary waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any dispute;
- V. to the extent allowed by law, the Issuer and each relevant Dealer may, in respect of any Dispute or Disputes, take (a) proceedings in any other court with jurisdiction; and (b) concurrent proceedings in any number of jurisdictions; and
- VI. each Relevant Dealer will, pursuant to the Contracts (Rights of Third Parties) Act 1999, be entitled to enforce those provisions of the Authorised Offeror Contract which are, or are expressed to be, for their benefit, including the agreements, representations, warranties, undertakings and indemnity given by the financial intermediary pursuant to the Authorised Offeror Terms.

**Any Authorised Offeror falling within (b) above who meets the conditions set out in (b) and the other conditions stated in "*Common Conditions to Consent*" below and who wishes to use this Base Prospectus in connection with a Non-exempt Offer is required, for the duration of the relevant Offer Period, to publish on its website the Acceptance Statement.**

#### ***Common Conditions to Consent***

The conditions to the Issuer's consent to the use of this Base Prospectus in the context of the relevant Non-exempt Offer are (in addition to the conditions described in paragraph (b) above if Part B of the applicable Final Terms specifies "*General Consent*" as "Applicable") that such consent:

- (a) is only valid during the Offer Period specified in the applicable Final Terms; and

- (b) only extends to the use of this Base Prospectus to make Non-exempt Offers of the relevant Tranche of Notes in Belgium, France, Germany or Luxembourg, as specified in the applicable Final Terms.

The consent referred to above only relates to Offer Periods (if any) occurring within 12 months from the date of this Base Prospectus.

The only relevant Member States which may, in respect of any Tranche of Notes, be specified in the applicable Final Terms (if any Relevant Member States are so specified) as indicated in (b) above, will be Belgium, France, Germany or Luxembourg, and accordingly each Tranche of Notes may only be offered to Investors as part of a Non-exempt Offer in Belgium, France, Germany or Luxembourg, as specified in the applicable Final Terms, or otherwise in circumstances in which no obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

***ARRANGEMENTS BETWEEN INVESTORS AND AUTHORISED OFFERORS***

**AN INVESTOR INTENDING TO PURCHASE OR PURCHASING ANY NOTES IN A NON-EXEMPT OFFER FROM AN AUTHORISED OFFEROR WILL DO SO, AND OFFERS AND SALES OF SUCH NOTES TO AN INVESTOR BY SUCH AUTHORISED OFFEROR WILL BE MADE, IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF THE OFFER IN PLACE BETWEEN SUCH AUTHORISED OFFEROR AND SUCH INVESTOR INCLUDING ARRANGEMENTS IN RELATION TO PRICE, ALLOCATIONS, EXPENSES AND SETTLEMENT. THE ISSUER WILL NOT BE A PARTY TO ANY SUCH ARRANGEMENTS WITH SUCH INVESTORS IN CONNECTION WITH THE NON-EXEMPT OFFER OR SALE OF THE NOTES CONCERNED AND, ACCORDINGLY, THIS BASE PROSPECTUS AND ANY FINAL TERMS WILL NOT CONTAIN SUCH INFORMATION. THE RELEVANT INFORMATION WILL BE PROVIDED BY THE AUTHORISED OFFEROR AT THE TIME OF SUCH OFFER. NONE OF THE ISSUER OR, FOR THE AVOIDANCE OF DOUBT, ANY DEALER HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF SUCH INFORMATION.**

## FINAL TERMS AND DRAWDOWN PROSPECTUSES

*The following section relates to Non-exempt Notes.*

In this section the expression "**necessary information**" means, in relation to any Tranche of Notes, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and of the rights attaching to the relevant Notes. In relation to the different types of Notes which may be issued under the Programme, the Issuer has endeavoured to include in this Base Prospectus all of the necessary information except for information relating to the Notes which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Notes.

Such information will be contained in the relevant Final Terms unless any of such information constitutes a significant new factor relating to the information contained in this Base Prospectus in which case such information, together with all of the other necessary information in relation to the relevant series of Notes, will be contained in a Drawdown Prospectus.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, complete the Conditions and must be read in conjunction with this Base Prospectus. For a Tranche of Notes which is the subject of a Drawdown Prospectus, that Drawdown Prospectus will complete, supplement, amend and/or replace the Conditions. The Terms and Conditions applicable to any particular Tranche of Notes which is the subject of Final Terms are the Conditions as completed to the extent described in the relevant Final Terms or which is the subject of a Drawdown Prospectus are the Conditions as completed, supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

In relation to Non-exempt Notes, in accordance with Article 5.3 of the Prospectus Directive, any Drawdown Prospectus will be drawn up as a single document containing the necessary information relating to the Issuer and the relevant Notes.

## GENERAL DESCRIPTION OF THE PROGRAMME

In relation to Non-exempt Notes a summary of the terms and conditions of the Programme and the Notes is set out under "**Summary of the Base Prospectus**" and, in relation to each issue of Non-exempt Notes, an issue specific summary will be annexed to the applicable Final Terms where the minimum denomination of the Notes is less than €100,000 (or the equivalent in another currency). No Summary is required for Exempt Notes.

## FORM OF THE NOTES

*The following section applies to both Exempt Notes and Non-exempt Notes.*

### **Euro and Luxembourg Notes**

Any reference in this section "**Form of the Notes**" to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system as may be approved by the Issuer and the Agent and/or specified in the applicable Final Terms.

### **Euro Notes**

The Euro Notes of each Tranche will either be Bearer Notes or Registered Notes.

#### *Euro Notes in Bearer Form*

Each Tranche of Euro Notes in bearer form will be initially issued in the form of a temporary global note (a "**Temporary Global Note**") or a permanent global note (a "**Permanent Global Note**") as indicated in the applicable Final Terms, which, in either case, will (where it is not intended to be issued in new global note ("NGN") form, as specified in the relevant Final Terms) be delivered on or prior to the issue date of the Tranche to a common depositary (the "**Common Depositary**") for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking S.A. ("**Clearstream, Luxembourg**" and together with Euroclear, the "**ICSDs**") and/or a depositary for any other relevant clearing system and each Temporary Global Note or Permanent Global Note, as the case may be, which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with one of the ICSDs acting as common safekeeper for the ICSDs.

On 13 June 2006 the ECB announced that Notes in NGN form are in compliance with the "Standards for the use of EU securities settlement systems in ESCB credit operations" of the central banking system for the euro (the "**Eurosystem**"), provided that certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form would be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 would only be eligible as collateral for Eurosystem operations if the NGN form is used.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of such Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life, as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeepers for NGNs will be either Euroclear or Clearstream, Luxembourg.

Whilst any Euro Note is represented by a Temporary Global Note, payments of principal and interest (if any) and any other amount payable in respect of the Euro Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg, as applicable, and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent.

On and after the date (the "**Exchange Date**") which, in respect of each Tranche in respect of which a Temporary Global Note is issued, is 40 days after the issue date of the relevant Notes, interests in such

Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (a) interests in a Permanent Global Note of the same series or (b) for Definitive Notes of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms), in each case against certification of beneficial ownership as described unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest or principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for Definitive Notes is improperly withheld or refused.

Payments of principal and interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note, if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

A Permanent Global Note will be exchangeable (free of charge) for Definitive Notes with, where applicable, receipts, interest coupons and talons attached either (as specified in the applicable Final Terms) (i) only (a) upon the happening of any of the events defined in the Terms and Conditions as "Events of Default", (b) if Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or does in fact do so and no alternative clearing system is available, or (c) the Issuer has or will become subject to adverse tax consequences to which the Issuer would not be subject were the Notes represented by the Permanent Global Note in definitive form (each such event, an "**Exchange Event**") or (ii) if the Issuer so elects, at any time. The Issuer will promptly give notice to Noteholders in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) may give notice to the Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (c) above, the Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Agent. The physical delivery of Definitive Notes will not be possible in Belgium.

The following legend will appear on all Permanent Global Notes and Definitive Notes and the Receipts, Coupons and Talons relating to such Notes where TEFRA D is specified in the applicable Final Terms or Pricing Supplement, as the case may be:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE".

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes, receipts or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

So long as a Bearer Global Note is held by a common depositary for or on behalf of Euroclear or Clearstream, Luxembourg, or by one of them directly, the Notes which are represented by such Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

#### *Euro Notes in Registered Form*

Each Tranche of Euro Notes in registered form will be represented by a Global Certificate which may be issued under either the classic safekeeping structure ("**CSS**") or the new safekeeping structure ("**NSS**"), in each case as specified in the relevant Final Terms. Each Tranche of Euro Notes represented by a Global Certificate which are not intended to be issued under the NSS will be issued under the CSS, as specified in

the relevant Final Terms, will be deposited on the relevant issue date with and will be registered in the name of, or in the name of a nominee for a common depositary on behalf of Euroclear and Clearstream, Luxembourg or a depositary for any other relevant clearing system as may be agreed between the Issuer and the Relevant Dealer. Each Tranche of Euro Notes represented by a Global Certificate which are intended to be issued under the NSS, as specified in the relevant Final Terms, will be deposited with and registered in the name of one of ICSDs acting as common safekeeper on or around the issue date of the relevant Tranche.

The ECB announced on 22 October 2008 that the NGN structure would be extended to securities in global registered form. This new holding structure was introduced on 30 June 2010 for international debt securities issued in global registered form and cleared through Euroclear and/or Clearstream, Luxembourg. Since 1 October, 2010, new issues of debt securities in global registered form and cleared through Euroclear and Clearstream, Luxembourg, are only eligible as collateral for Eurosystem operations if they are issued under this new structure (known as the New Safekeeping Structure or NSS).

Where the Global Notes issued in respect of any Tranche are in NSS form, the applicable Final Terms will also indicate whether such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of such Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeepers for NSS will be either Euroclear or Clearstream, Luxembourg.

Payments in respect of Registered Notes will be made by cheque or transfer to the person in whose name the relevant Note is registered at the close of business on the applicable Record Date. The "**Record Date**" shall be: (a) in the case of Registered Notes represented by a Global Certificate, the first day on which each clearing system for which the relevant Global Certificate is being held, is open for business before the due date for such payment; and (b) in the case of Registered Notes represented by Individual Certificates, (i) in relation to a payment that is a payment of principal (other than instalments of principal prior to the final instalment), the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date such payment, and (ii) in relation to a payment that is a payment of interest or a payment of an instalment of principal (other than the final instalment), the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date for such payment, in both cases, as more particularly set out under "*Terms and Conditions of the Euro Notes*" and "*Terms and Conditions of the Luxembourg Notes*". Upon payment in full of the nominal amount of all Registered Notes represented thereby each Certificate must be surrendered to the specified office of the Registrar or any Transfer Agent and, in any event, will be deemed to have been cancelled.

A Global Certificate will become exchangeable for Individual Certificates either (i) upon the happening of any of the events defined in the Terms and Conditions as "Events of Default", (ii) if Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business and does in fact do so and no alternative clearing system is available or (iii) if the Issuer so elects (each an "**Exchange Event**"). The Issuer will promptly give notice to Noteholders in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (acting on the instructions of any holder of an interest in such Global Certificate) may give notice to the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than five Business Days of the delivery to the Registrar of such information as is required to complete and deliver the relevant Individual Certificates upon presentation of the Global Certificates at the office of the Registrar.

Any such exchange will be effected in accordance with the provisions of the Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled thereto and, in particular, shall be effected without charge to any holder, but against such indemnity as the Registrar may require in respect of

any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

### *General*

#### *Direct Rights in respect of Global Notes*

In the event that (a) following an Exchange Event, a Permanent Global Note is not duly exchanged for definitive Notes by the day described above or (b) a Global Note (or any part hereof) has become due and repayable in accordance with the Conditions or the Maturity Date has occurred and, in either case, payment in full of the amount due in respect thereof has not been made to the bearer in accordance with the provisions of the Global Note, then, from 8.00 p.m. (Luxembourg time) on (in the case of (a) above) the relevant day or (in the case of (b) above) such due date, holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, as the case may be, shall automatically acquire, under a deed of covenant dated 20 June 2018 executed by the Issuer (the "**Deed of Covenant**"), against the Issuer all those rights which such holders would have had if, immediately before the bearer ceased to have rights under the Global Note, they held and beneficially owned duly executed and authenticated Definitive Notes (and any related receipts and coupons) in an aggregate nominal amount equal to the nominal amount of the Notes credited to their accounts with Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

#### *Direct Rights in respect of Global Certificates*

If:

- (a) Following an Exchange Event, Individual Certificates have not been issued and delivered by the day provided above; or
- (b) any of the Notes evidenced by the Global Certificate has become due and payable in accordance with the Conditions or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amounts due in respect thereof has not been made to the holder of the Global Certificate on the due date for payment in accordance with the terms of the Global Certificate,

then, at 8.00 p.m. (Luxembourg time) on such day (in the case of (a) above) or at 8.00 p.m. (Luxembourg time) on such due date (in the case of (b) above) each person shown in the records of Euroclear and/or Clearstream, Luxembourg (or any other relevant clearing system) as having interests in such Global Notes credited to their account with Euroclear and/or Clearstream, as the case may be, (each a "**Relevant Account Holder**") shall acquire the right ("**Direct Rights**") under the deed of covenant dated 20 June 2018 (the "**Deed of Covenant**") of enforcement against the Issuer, to compel the Issuer to perform its obligations to the holder of the Global Certificate in respect of the Notes represented by the Global Certificate, including the obligation of the Issuer to make all payments when due at any time in respect of such Notes as if such Notes had been duly presented and (where required by the Conditions) surrendered on the due date in accordance with the Conditions. The Direct Rights shall be without prejudice to the rights which the holder of the Global Certificate may have under the Global Certificate or otherwise. Payment to the holder of the Global Certificate in respect of any Notes represented by the Global Certificate shall constitute a discharge of the Issuer's obligations under the Notes and the Deed of Covenant to the extent of any such payment.

Upon any exercise of Direct Rights by a Relevant Account Holder, such Relevant Account Holder shall, as soon as practicable, give notice of such exercise to the Noteholders in the manner provided for in the Conditions or the Global Certificate for notices to be given by the Issuer to Noteholders.

### **Luxembourg Notes**

Each Tranche of Luxembourg Notes will be initially issued in the form of a temporary global note (a "**Temporary Global Note**") or a permanent global note (a "**Permanent Global Note**") as indicated in the

applicable Final Terms, which, in either case, will (where it is not intended to be issued in new global note ("NGN") form, as specified in the relevant Final Terms) be delivered on or prior to the original issue date of the Tranche to a common depositary (the "**Common Depositary**") for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking S.A. ("**Clearstream, Luxembourg**") and/or any other relevant clearing system and each Temporary Global Note or Permanent Global Note, as the case may be, which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

The NGN form has been introduced to allow for the possibility of Notes being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the euro (the "**Eurosystem**") and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. However in any particular case such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time.

Whilst any Luxembourg Note is represented by a Temporary Global Note, payments of principal and interest (if any) and any other amount payable in respect of the Luxembourg Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for re-sale to any U.S. person as required by U.S. Treasury Regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent.

On and after the date (the "**Exchange Date**") which, in respect of each Tranche in respect of which a Temporary Global Note is issued, is 40 days after the Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (a) interests in a Permanent Global Note of the same series upon presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Agent or (b) for Definitive Notes with, where applicable, receipts, interest, coupons and talons attached (as indicated in the applicable Final Terms and subject in the case of Definitive Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certificate has already been given, provided that purchasers in the United States and certain U.S. persons will not be able to receive Definitive Notes. The holder of any Temporary Global Note will not be entitled to collect any payment of interest or principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for Definitive Notes is improperly withheld or refused.

Payments of principal and interest (if any) or any other amount on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) to or to the order of the Agent without any requirement for certification. Unless otherwise specified in the applicable Final Terms, a Permanent Global Note will be exchangeable for Definitive Notes with, where applicable, receipts, interest coupons and talons attached only in the limited circumstances described above in relation to a Permanent Global Note representing Euro Notes. The physical delivery of Definitive Notes will not be possible in Belgium.

Under Luxembourg law, owners of interests in a Global Note governed by Luxembourg law will, subject to proof of ownership of such interest, be entitled to proceed directly against the Issuer either individually or, following the appointment of a Noteholder's representative collectively through such representative, pursuant to articles 470-3 to 470-19 of the Law of the Grand Duchy of Luxembourg of 10th August 1915 on commercial companies, as amended.

The following legend will appear on all Permanent Global Notes and Definitive Notes and the Receipts, Coupons and Talons relating to such Notes where TEFRA D is specified in the applicable Final Terms or Pricing Supplement, as the case may be:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE".

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes, receipts or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

## FORM OF FINAL TERMS FOR NON-EXEMPT NOTES

*Set out below is the form of Final Terms which will be completed for each Tranche of Non-exempt Notes issued under the Programme.*

**PROHIBITION OF SALES TO EEA RETAIL INVESTORS** – [Other than with respect to the jurisdiction(s) in which a key information document will be made available, ][T]/[t]he Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the "**Insurance Mediation Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently [,save as provided above,] no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

**[MiFID II product governance / target market assessment** – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties[,] [and] professional clients [and retail clients], each as defined in [Directive 2014/65/EU (as amended, "**MiFID II**")][MiFID II]; [and (ii) all channels for distribution of the Notes are appropriate[, including investment advice, portfolio management, non-advised sales and pure execution services]]/[(ii) all channels for distribution to eligible counterparties and professional clients are appropriate; and (iii) the following channels for distribution of the Notes to retail clients are appropriate – [investment advice][./ and] [portfolio management][./ and][ non-advised sales ][and pure execution services][, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable]]. [*Consider/insert any negative target market*] Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels[, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable]].]

A Global Certificate will be exchangeable for Individual Certificates either (i) upon the happening of any of the events defined in Condition 10 as "Events of Default", (ii) if Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business and does in fact do so and no alternative clearing system is available or (iii) if the Issuer so elects (each an "**Exchange Event**"). In the event that (a) following an Exchange Event a Global Note is not duly exchanged for definitive Notes by the day described above or (b) a Global Note (or any part hereof) has become due and repayable in accordance with the Conditions or the Maturity Date has occurred and, in either case, payment in full of the amount due in respect thereof has not been made to the bearer in accordance with the provisions of the Global Note, then, from 8.00 p.m. (Luxembourg time) on (in the case of (a) above) the relevant day or (in the case of (b) above) such due date, holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg, as the case may be, shall automatically acquire, under the Deed of Covenant, against the Issuer all those rights which such holders would have had if, immediately before the bearer ceased to have rights under the Global Note, they held and beneficially owned duly executed and authenticated Definitive Notes (and any related receipts and coupons) in an aggregate nominal amount equal to the nominal amount of the Notes credited to their accounts with Euroclear and/or Clearstream, Luxembourg.

The Direct Rights shall be without prejudice to the rights which the holder of the Global Certificate may have under the Global Certificate or otherwise. Payment to the holder of the Global Certificate in respect of any Notes represented by the Global Certificate shall constitute a discharge of the Issuer's obligations under the Notes and the Deed of Covenant to the extent of any such payment.

Upon any exercise of Direct Rights by a Relevant Account Holder in respect of a Global Certificate, such Relevant Account Holder shall, as soon as practicable, give notice of such exercise to the Noteholders in the manner provided for in the Conditions or the Global Certificate for notices to be given by the Issuer to Noteholders.

Interests in a Global Note or a Global Certificate will, so long as the Global Note or Global Certificate is being held by or on behalf of Euroclear and/or Clearstream, Luxembourg, be transferable only in accordance with the rules and procedures for the time being of Euroclear and/or of Clearstream, Luxembourg, as the case may be. References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system as may be approved by the Issuer, the Agent and, if the Notes are intended to be listed and admitted to trading, recognised by the relevant Stock Exchange.

The payment obligations of the Issuer under the Notes and the Receipts and Coupons relating to them shall, save for such exceptions as may be provided by applicable legislation and subject to Condition 3, at all times rank at least equally with all other unsecured and unsubordinated indebtedness of the Issuer present and future (other than indebtedness or monetary obligations preferred by mandatory provisions of law).

## **3. NEGATIVE PLEDGE IN RESPECT OF NOTES**

The Issuer undertakes that, so long as any of the Notes, the Receipts or the Coupons relating to them remain outstanding (as defined in the Agency Agreement), it shall not create or have outstanding any mortgage, charge, pledge, lien (other than a lien arising solely by operation of law in the ordinary course of business) or other encumbrance, upon or with respect to, the whole or any part of, its present or future property, assets or revenues to secure repayment of, or to secure any guarantee of or indemnity in respect of, any external indebtedness unless such Notes, Receipts and Coupons are, at the same time, secured equally and rateably therewith, or have the benefit of such other security or other arrangement as shall be approved by an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders. In this Condition 3, "**external indebtedness**" means any obligation for the repayment of borrowed money in the form of, or represented by, bonds, notes, debentures or other securities:

- (a) that are payable or may be required to be paid in, or by reference to, any currency other than euro which on issue was offered through an international group of banks or financial institutions as to more than 50 per cent. in issue amount outside Belgium and Luxembourg; and
- (b) that are, or are capable of being, quoted, listed or ordinarily traded on any stock exchange, automated trading system, over-the-counter or other securities market.

## 4. REDENOMINATION

### 4.1 Redenomination

Where redenomination is specified in the applicable Final Terms, the Issuer may, without the consent of the Noteholders, the Receiptholders and the Couponholders, on giving prior notice to the Agent, Euroclear and Clearstream, Luxembourg and at least 30 days' prior notice to the Noteholders in accordance with Condition 14, elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro.

The election will have effect as follows:

- (a) the Notes and the Receipts shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a nominal amount for each Note and Receipt equal to the nominal amount of that Note or Receipt in the Specified Currency, converted into euro at the Established Rate, provided that, if the Issuer determines, with the agreement of the Agent, that the then market practice in respect of the redenomination into euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and admitted to trading and the Paying Agents of such deemed amendments;
- (b) save to the extent that an Exchange Notice has been given in accordance with paragraph (d) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate nominal amount of Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (c) if Definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations of euro 1,000, euro 10,000, euro 100,000 and (but only to the extent of any remaining amounts less than euro 1,000 or such smaller denominations as the Agent may approve) euro 0.01 and such other denominations as the Agent shall determine and notify to the Noteholders;
- (d) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the "**Exchange Notice**") that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro-denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Currency in such manner as the Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;
- (e) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;

- (f) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated by applying the Rate of Interest to the Calculation Amount, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, (half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount; and
- (g) such other changes shall be made to the Conditions as the Issuer may decide, after consultation with the Agent and as may be specified in the notice or (in respect of Exempt Notes) set out in the applicable Pricing Supplement, to conform them to conventions then applicable to instruments denominated in euro.

## 4.2 Definitions

In these Conditions, the following expressions will have the following meanings:

"**Calculation Amount**" has the meaning given in the relevant Final Terms;

"**Established Rate**" means the rate for the conversion of the Specified Currency (including compliance with rules relating to roundings in accordance with applicable European Community regulations) into euro established by the Council of the European Union pursuant to Article 140 of the Treaty;

"**euro**" means the lawful currency introduced at the start of the third stage of European Economic and Monetary Union pursuant to the Treaty;

"**Redenomination Date**" means (in the case of interest bearing Notes) any date for payment of interest under the Notes or (in the case of Zero Coupon Notes) any date, in each case specified by the Issuer in the notice given to the Noteholders pursuant to Condition 4.1 above and which falls on or after the date on which the country of the Specified Currency first participates in the third stage of European economic and monetary union; and

"**Treaty**" means the Treaty on the Functioning of the European Union, as amended.

## 5. INTEREST

The applicable Final Terms will indicate whether the Notes are Fixed Rate Notes ("**Fixed Rate Notes**"), Floating Rate Notes ("**Floating Rate Notes**"), Inflation Index-Linked Interest Notes ("**Inflation Index-Linked Interest Notes**"), Foreign Exchange (FX) Rate-Linked Interest Notes ("**Foreign Exchange (FX) Rate-Linked Interest Notes**"), Underlying Interest Rate-Linked Interest Notes ("**Underlying Interest Rate-Linked Interest Notes**") and/or Equity Index-Linked Interest Notes ("**Equity Index-Linked Interest Notes**"), do not accrue interest ("**Non-Interest Bearing**") or, in the case of Exempt Notes only, Variable Interest Rate Notes ("**Variable Interest Rate Notes**") or whether a different interest basis applies.

### 5.1 Interest on Fixed Rate Notes

This Condition 5.1 applies to Fixed Rate Notes only.

The applicable Final Terms contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 5.1 for full information on the manner in which interest is calculated on Fixed Rate Notes. In particular, the applicable Final Terms will specify the Interest Commencement Date, the Rate(s) of Interest, the Interest Payment Date(s), the Maturity

Date, the Fixed Coupon Amount, any applicable Broken Amount, the Calculation Amount and the Day Count Fraction.

Each Fixed Rate Note bears interest on its nominal amount (or, in the case of Exempt Notes only, if it is a Partly Paid Note, the amount paid up) from and including the Interest Commencement Date.

Except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of each Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Conditions, "**Fixed Interest Period**" means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except where a Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms in respect of a Fixed Interest Period, interest shall be calculated in respect of any period by applying the Rate of Interest to the Calculation Amount, multiplying such sum by the applicable Day Count Fraction (as defined in Condition 5.2(d)), and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, (half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount.

In these Conditions:

"**sub-unit**" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

## **5.2 Interest on Floating Rate Notes, Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes, Equity Index-Linked Interest Notes and Variable Interest Rate Notes**

This Condition 5.2 applies to Floating Rate Notes, Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes, Equity Index-Linked Interest Notes and/or Variable Interest Rate Notes.

In respect of Floating Rate Notes, the applicable Final Terms contains provisions applicable to the determination of floating rate interest and must be read in conjunction with this Condition 5.2 for full information on the manner in which interest is calculated on Floating Rate Notes. In particular, the applicable Final Terms will identify any Specified Interest Payment Dates, any Specified Period, the Interest Commencement Date, the Business Day Convention, any Additional Business Centres, whether ISDA Determination or Screen Rate Determination applies to the calculation of interest, the party who will calculate the amount of interest due if it is not the Agent, the Margin and the Day Count Fraction. Where ISDA Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Floating Rate Option, Designated Maturity and Reset Date. Where Screen Rate Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Reference Rate, Interest Determination Date(s) and Relevant Screen Page. Where an entity other than the Agent will calculate the amount of interest due, references in this Condition 5.2 to the Agent shall be deemed to be references to such other entity, where applicable.

In respect of Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes and/or Equity Index-Linked Interest Notes, the applicable Final Terms contains provisions applicable to the determination of the relevant rate of

interest and must be read in conjunction with this Condition 5.2 and any additional terms and conditions specified as applicable in the relevant Final Terms for full information on the manner in which interest is calculated on Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes and/or Equity Index-Linked Interest Notes.

In the case of Inflation Index-Linked Interest Notes, the applicable Final Terms will set out, among other things, the relevant Index and Index Sponsor, any Related Bond, relevant Determination Dates, provisions relating in determination of the Rate of Interest, the Calculation Amount, relevant Interest Payment Dates, the Day Count Fraction and the Business Day Convention.

In the case of Foreign Exchange (FX) Rate-Linked Interest Notes, the applicable Final Terms will set out, among other things, the relevant Base Currency, any Subject Currencies, any applicable Weighting, provisions relating in determination of the Rate of Interest, the Calculation Amount, relevant Interest Payment Dates, the Day Count Fraction and the Business Day Convention.

In the case of Underlying Interest Rate-Linked Interest Notes, the applicable Final Terms will set out, among other things, the Underlying Interest Determination Dates, whether ISDA Determination or Screen Rate Determination applies to the determination of the underlying interest rate and, (a) where ISDA Determination applies the applicable Floating Rate Option, Designated Maturity and Reset Date or (b) where Screen Rate Determination applies, the Underlying Reference Rate, the Specified Time (Underlying) and the Relevant Screen Page and, in either case, provisions relating in determination of the Rate of Interest, the Calculation Amount, relevant Interest Payment Dates, the Day Count Fraction and the Business Day Convention.

In the case of Equity Index-Linked Interest Notes, the applicable Final Terms will set out, among other things, the relevant Index, Index Currency, Screen Page, Exchange(s) and Index Sponsor, any applicable Weighting, provisions relating to determination of the Rate of Interest, the Calculation Amount, relevant Interest Payment Dates, the Day Count Fraction and the Business Day Convention.

Variable Interest Rate Notes will be issued as Exempt Notes only, the terms of which will be specified in the applicable Pricing Supplement.

(a) *Interest Payment Dates*

Each Floating Rate Note, Inflation Index-Linked Interest Note, Foreign Exchange (FX) Rate-Linked Interest Note, Underlying Interest Rate-Linked Interest Note, Equity Index-Linked Interest Note and in the case of Exempt Notes only, Variable Interest Rate Note bears interest on its outstanding nominal amount (or, in the case of Exempt Notes only, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Specified Interest Payment Date(s) (each an "**Interest Payment Date**") in each year as specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an "**Interest Payment Date**") which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each interest period (an "**Interest Period**", which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

(b) *Rate of Interest*

The Rate of Interest or Rate payable from time to time in respect of Floating Rate Notes, Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes, Equity Index-Linked Interest Notes and, in the case of Exempt Notes only, Variable Interest Rate Notes, will be determined in the manner specified in the applicable Final Terms.

(i) *ISDA Determination for Floating Rate Notes*

If the Interest Rate or Rate is specified as being Floating Rate and ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest or Rate is to be determined, the Rate of Interest or Rate, as the case may be, for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any) specified in the applicable Final Terms. For the purposes of this Condition 5.2(b)(i), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent (as defined in the ISDA Definitions) for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions (as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series) as published by the International Swaps and Derivatives Association, Inc. (the "**ISDA Definitions**") and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is, as specified in the applicable Final Terms.

For the purposes of this Condition 5.2(b)(i), "**Floating Rate**", "**Calculation Agent**" for a swap transaction, "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

(ii) *Screen Rate Determination for Floating Rate Notes*

If the Interest Rate or Rate is specified as being Floating Rate and Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest or Rate is to be determined, the Rate of Interest or Rate, as the case may be, for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either the London interbank offered rate ("**LIBOR**") or the Euro-zone interbank offered rate ("**EURIBOR**"), as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Specified Time indicated in the applicable Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question, plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is

more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if in the case of sub-Condition (ii)(A) above, no such offered quotation appears or, in the case of sub-Condition (ii)(B) above, fewer than three such offered quotations appear, in each case as at the relevant time, the Agent shall request the principal London office of each of the Reference Banks to provide the Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately 11.00 a.m. (London time in the case of LIBOR, or Brussels time, in the case of EURIBOR) (or, in the case of any other Reference Rate, the time specified in the applicable Pricing Supplement) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Agent with such offered quotations, the Rate of Interest or Rate, as the case may be, for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Agent with such offered quotations as provided in the preceding paragraph, the Rate of Interest or Rate for the relevant Interest Period shall be the rate per annum which the Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately 11.00 a.m. (London time in the case of LIBOR, or Brussels time, in the case of EURIBOR) (or, in the case of any other Reference Rate, the time specified in the applicable Pricing Supplement) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London interbank market (if the Reference Rate is LIBOR) or the Euro-zone interbank market (if the Reference Rate is EURIBOR) or the interbank market of the Relevant Financial Centre (if any other Reference Rate is used (in the case of Exempt Notes only)) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately 11.00 a.m. (London time) on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Agent it is quoting to leading banks in the London interbank market (if the Reference Rate is LIBOR) or the Euro-zone interbank market (if the Reference Rate is EURIBOR) or the interbank market of the Relevant Financial Centre (if any other Reference Rate is used (in the case of Exempt Notes only)) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest or Rate, as the case may be, cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest or Rate, as the case may be, shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

In the case of Exempt Notes only, if the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Pricing Supplement as being other than the LIBOR or EURIBOR, the Rate of Interest or Rate in respect of such Notes will be determined as provided in the applicable Pricing Supplement.

(c) *Minimum and/or Maximum Interest Rate*

If the applicable Final Terms specifies a Minimum Interest Rate for any Interest Period, then, in the event that the Rate of Interest or Rate in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Interest Rate, the Rate of Interest or Rate, as the case may be, for such Interest Period shall be such Minimum Interest Rate.

Unless otherwise specified in the applicable Final Terms, the Minimum Interest Rate shall be deemed to be zero.

If the applicable Final Terms specifies a Maximum Interest Rate for any Interest Period, then, in the event that the Rate of Interest or Rate in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Interest Rate, the Rate of Interest or Rate, as the case may be, for such Interest Period shall be such Maximum Interest Rate.

(d) *Determination of Rate of Interest, Rate and Calculation of Interest Amounts*

The Agent, in the case of Floating Rate Notes, or the Calculation Agent, in the case of Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes, Equity Index-Linked Interest Notes and/or, in the case of Exempt Notes only, Variable Interest Rate Notes, or any other party responsible for calculating the Rate(s) of Interest and Interest Amount(s) will at, or as soon as practicable after, each time at which the Rate of Interest and/or Rate is to be determined, determine the Rate of Interest and/or Rate, as the case may be, for the relevant Interest Period. In the case of Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes, Equity Index-Linked Interest Notes and/or, in the case of Exempt Notes only, Variable Interest Rate Notes, the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Floating Rate Notes, Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes, Equity Index-Linked Interest Notes and/or, in the case of Exempt Notes only, Variable Interest Rate Notes in respect of each Specified Denomination for the relevant Interest Period. Each such Interest Amount shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying such sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency (half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount.

"**Day Count Fraction**" means, in respect of the calculation of an amount of interest on any Note for any period of time (the "**Calculation Period**"), such day count fraction as may be specified in these Conditions or the applicable Final Terms:

- (i) if "**Actual/Actual (ICMA)**" is so specified:
  - (A) where the Calculation Period is equal to or shorter than the Regular Period during which it falls, the actual number of days in the Calculation Period divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and
  - (B) where the Calculation Period is longer than one Regular Period, the sum of:
    - (1) the actual number of days in such Calculation Period falling in the Regular Period in which it begins divided by the product of (a) the actual number of

days in such Regular Period and (b) the number of Regular Periods in any year; and

- (2) the actually number of days in such Calculation Period falling in the next Regular Period divided by the product of (a) the actual number of days in such Regular Period and (b) the number of Regular Periods in any year;

where:

**"Regular Period"** means:

- (A) in the case of Notes where interest is scheduled to be paid only by means of regular payments, each period from and including the Interest Commencement Date to but excluding the first Interest Payment Date and each successive period from and including one Interest Payment Date to but excluding the next Interest Payment Date;
- (B) in the case of Notes where, apart from the first Interest Period, interest is scheduled to be paid only by means of regular payments, each period from and including a Regular Date falling in any year to but excluding the next Regular Date, where "Regular Date" means the day and month (but not the year) on which any Interest Payment Date falls; and
- (C) in the case of Notes where, apart from one Interest Period other than the first Interest Period, interest is scheduled to be paid only by means of regular payments, each period from and including a Regular Date falling in any year to but excluding the next Regular Date, where "Regular Date" means the day and month (but not the year) on which any Interest Payment Date falls other than the Interest Payment Date falling at the end of the irregular Interest Period;
- (ii) if "**Actual/Actual**" is so specified, the actual number of days in the Calculation Period divided by 365 (or, if any portion of the Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (iii) if "**Actual/365 (Fixed)**" is so specified, the actual number of days in the Calculation Period divided by 365;
- (iv) if "**Actual/360**" is so specified, the actual number of days in the Calculation Period divided by 360;
- (v) if "**30/360**", "**360/360**" or "**Bond Basis**" is so specified, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y<sub>1</sub>**" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"**Y<sub>2</sub>**" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**M<sub>1</sub>**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M<sub>2</sub>**" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**D<sub>1</sub>**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D<sub>1</sub> will be 30; and

"**D<sub>2</sub>**" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D<sub>1</sub> is greater than 29, in which case D<sub>2</sub> will be 30; and

- (vi) if "**30E/360**" or "**Eurobond Basis**" is so specified, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y<sub>1</sub>**" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"**Y<sub>2</sub>**" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**M<sub>1</sub>**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M<sub>2</sub>**" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**D<sub>1</sub>**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D<sub>1</sub> will be 30; and

"**D<sub>2</sub>**" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D<sub>2</sub> will be 30.

(e) *Notification of Rate of Interest and Interest Amounts*

The Agent and/or the party responsible for calculating the Rate(s) of Interest and Interest Amount(s) will cause the Rate of Interest and each Interest Amount (except that if the Calculation Amount is less than the minimum Specified Denomination, the Agent and/or the party responsible for calculating the Interest Amount(s) shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination) for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any relevant stock exchange and/or quotation system on which the Notes are admitted to listing, trading and/or quotation and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth Luxembourg Business Day (where the expression "**Luxembourg Business Day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business and settle payments in Luxembourg) after such determination. To the extent required by the rules of any stock exchange on which the relevant Floating Rate Notes or Inflation Index-Linked

Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes and/or Underlying Interest Rate-Linked Interest Notes and/or Equity Index-Linked Interest Notes are for the time being listed and admitted to trading, the Issuer will also make available to Noteholders on request the Rate of Interest, Rate, Interest Amount, Interest Period and Interest Payment Date relating to each Interest Period. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will, to the extent required by the rules of the relevant stock exchanges, be promptly notified to each stock exchange on which the relevant Floating Rate Notes or Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes and/or Underlying Interest Rate-Linked Interest Notes and/or Equity Index-Linked Interest Notes are for the time being listed and admitted to trading and to the Noteholders in accordance with Condition 14.

(f) *Certificates to be Final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5.2, whether by the Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the Calculation Agent (if applicable), the other Paying Agent, the Registrar and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent or the Calculation Agent (if applicable) in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

### 5.3 Exempt Notes

This Condition applies to Exempt Notes only.

The rate or amount of interest payable in respect of Exempt Notes which are not also Fixed Rate Notes or Floating Rate Notes, including but not limited to Variable Interest Rate Notes, shall be determined in the manner specified in the applicable Pricing Supplement.

(a) *Interest on Dual Currency Notes*

In the case of Dual Currency Notes, the rate or amount of interest payable shall be determined in the manner specified in the applicable Pricing Supplement.

(b) *Interest on Partly Paid Notes*

### 5.4 Accrual of Interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless such Note is redeemed early. If such Note is redeemed early (a) if the applicable Final Terms specify that Accrual to Redemption is applicable, interest will cease to accrue on the due date for redemption or (b) if the applicable Final Terms specify that Accrual to Redemption is not applicable, no interest shall accrue or be payable in respect of which the relevant Interest Payment Date has not occurred on or prior to the due date for redemption of such Note. If, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until the date which is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) five days after the date on which the full amount of the monies payable in respect of such Note has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14.

## 5.5 General provisions applicable to interest

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month on which an Interest Payment Date should occur, or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (a) in any case where Interest Periods are specified in accordance with Condition 5.2(a)(ii), the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (b) below shall apply *mutatis mutandis*, or (ii), in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls in the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (b) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (c) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (d) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the Conditions:

**"Business Day"** means:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre (other than TARGET2) specified in the applicable Final Terms;
- (ii) if TARGET2 is specified as an Additional Business Centre in the applicable Final Terms, a TARGET Settlement Day; and
- (iii) either (A) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than any Additional Business Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Melbourne or Wellington, respectively) or (B) in relation to any sum payable in euro, a TARGET Settlement Day.

"**TARGET2**" means the Trans-European Automated Real-Time Gross Settlement Express Transfer payment system which utilises a single shared platform and which was launched on 19 November 2007.

"**TARGET Settlement Day**" means any day on which TARGET2 is open for the settlement of payments in euro.

## **6. PAYMENTS**

### **6.1 Method of Payment**

Subject as provided below:

- (a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or at the option of the payee by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian or New Zealand dollars, shall be Melbourne or Wellington respectively); and
- (b) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments in respect of the Notes will be subject in all cases to (a) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8 (*Taxation*) (b) any withholding or deduction required pursuant to Section 871(m) of the U.S. Internal Revenue Code of 1986 (the "**Code**") ("**871(m) Withholding**") and (c) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or (without prejudice to the provisions of Condition 8 (*Taxation*)) any law implementing an intergovernmental approach thereto. In addition, in determining the amount of 871(m) Withholding imposed with respect to any amounts to be paid on the Notes, the Issuer shall be entitled to withhold on any "dividend equivalent" (as defined for purposes of Section 871(m) of the Code) at the highest rate applicable to such payments regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law.

Payments on the Notes that reference U.S. securities or an index that includes U.S. securities may be calculated by reference to dividends on such U.S. securities that are reinvested at a rate of 70 per cent. In such case, in calculating the relevant payment amount, the Issuer may withhold, and the holder may be deemed to receive, 30 per cent. of any "dividend equivalent" payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

### **6.2 Presentation of Notes, Receipts and Coupons**

Payments of principal in respect of Definitive Notes will (subject as provided below) be made in the manner provided in Condition 6.1 above only against presentation and surrender or, in the case of part payment of any sum due, endorsement of Definitive Notes, and payments of interest in respect of Definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender or, in the case of part payment of any sum due, endorsement of Coupons, in each case to or to the order of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any), other than the final instalment, in respect of Definitive Notes will (subject as provided below) be made in the manner provided in Condition 6.1 above against presentation and surrender of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in Condition 6.1 above only against presentation and surrender or, in the case of part payment of any sum due, endorsement of the relevant Definitive Note. Each Receipt must be presented for payment of the relevant instalment together with the Definitive Note to which it appertains. Receipts presented without the Definitive Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any Definitive Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive form (other than Dual Currency Notes or Long Maturity Notes (as defined below) and save as provided in Condition 6.5 below), should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Inflation Index-Linked Note, Foreign Exchange (FX) Rate-Linked Note, Underlying Interest Rate-Linked Note, Equity Index-Linked Note, Long Maturity Note or, in the case of Exempt Notes only, Variable Interest Rate Note or Variable Redemption Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A "**Long Maturity Note**" is a Fixed Rate Note (other than a Fixed Rate Note which on issue has a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any Definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Definitive Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant Definitive Note.

### **6.3 Payments in respect of Global Notes**

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to Definitive Notes and otherwise in the manner specified in the relevant Global Note (against presentation or surrender, as the case may be, of such Global Note if the Global Note is not intended to be issued in NGN form) to or to the order of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any Global Note, distinguishing between any payment of principal and any payment of interest, will be made, (a) in the case of a Global Note in CGN form, be made on such Global Note by the Paying Agent to which it was presented and (b) in the case of a

Global Note in NGN form, in the records of the relevant ICSD upon the instruction of the Paying Agent to which it was presented and such record shall be *prima facie* evidence that the payment in question has been made.

#### 6.4 Payments in respect of Registered Notes

##### (a) Payments in respect of Individual Certificates

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Note in definitive form will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the Register at the close of business on, in respect of Registered Notes in definitive form, the third business day (being, for this purpose, a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date (the "**Record Date**"). Notwithstanding the previous sentence, if (a) a holder does not have a Designated Account or (b) the nominal amount of the Notes held by a holder is less than EUR 250,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, "**Designated Account**" means the account (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained by a holder with a Designated Bank and identified as such in the Register and "**Designated Bank**" means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne or Wellington, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Registered Note in definitive form will be made by transfer on the due date to the Designated Account of the holder (or the first named of joint holders) of the Registered Note appearing in the Register at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the "**Record Date**"). Payment of the interest due in respect of each Registered Note on redemption and the final instalment of principal will be made in the same manner as payment of the nominal amount of such Registered Note.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

##### (b) Payments in respect of Global Certificates

Notwithstanding any other provision of this Condition 6.4, each payment in respect of Registered Notes represented at such time by a Global Certificate will be made in the manner specified in Condition 6.4(a) above to the person appearing in the Register at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment (the "**Record Date**") where "**Clearing System Business Day**" means a day on which Euroclear and Clearstream, Luxembourg are open for business.

Payment of the interest due in respect of each Registered Note in global form and instalments of principal other than the final instalment of nominal will be made in the same manner as payment of the nominal amount of such Registered Note.

(c) General

None of the Issuer or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

**6.5 Specific provisions in relation to payments in respect of certain types of Exempt Notes**

Upon the date on which any Dual Currency Note becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

**6.6 General provisions applicable to payments**

The holder of a Global Note or the registered holder of a Global Certificate shall be the only person entitled to receive payments in respect of Notes represented by such Global Note or Global Certificate and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note or the registered holder of such Global Certificate in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note or Global Certificate must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such global Note or the registered holder of such Global Certificate.

Notwithstanding the foregoing, if this Note is a Bearer Note and any amount of principal and/or interest in respect of this Note is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of this Note will be made at the specified office of a Paying Agent in the United States if:

- (a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Bearer Notes in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

**6.7 Payment Day**

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay.

For these purposes, "**Payment Day**" means any day which is (subject to Condition 9):

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits): (i) in the case of Notes in definitive form, the relevant place of presentation; and (ii) in any Additional Financial Centre (other than TARGET2) specified in the applicable Final Terms;

- (b) if TARGET2 is specified as an Additional Financial Centre in the applicable Final Terms, a TARGET Settlement Day; and
- (c) either (i) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation and any Additional Financial Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Melbourne or Wellington respectively) or (ii) in relation to any sum payable in euro, a TARGET Settlement Day.

- (b) Following the occurrence of a FX Settlement Disruption Event:
  - (A) the date for payment of the relevant Disrupted Amount will be postponed to (i) the second Business Day following the date on which the Calculation Agent determines that a FX Settlement Disruption Event is no longer subsisting or if earlier (ii) the date falling thirty (30) calendar days following the scheduled due date for payment of the relevant Disrupted Amount (the "**FX Settlement Disruption Cut-off Date**")

- (B) (i) in the case of (A)(i) above, the Issuer will pay the relevant Disrupted Amount, less FX Settlement Disruption Expenses (if any), in the Specified Currency specified in the applicable Final Terms or, in the case of (A)(ii) above, in lieu of paying the relevant Disrupted Amount in the relevant Specified Currency, the Issuer will, subject to sub-paragraph (c) below, convert the relevant Disrupted Amount into the FX Settlement Disruption Currency (using the FX Settlement Disruption Exchange Rate for the relevant Disrupted Payment Date) and will pay the relevant Disrupted Amount, less FX Settlement Disruption Expenses (if any), in the FX Settlement Disruption Currency on the FX Settlement Disruption Cut-off Date.
- (c) If sub-paragraph (b)(A)(ii) applies, the Calculation Agent will determine the FX Settlement Disruption Exchange Rate in its sole and absolute discretion in accordance with the following procedures:
  - (A) the FX Settlement Disruption Exchange Rate shall be the arithmetic mean (rounded, if necessary, to four decimal places (with 0.00005 being rounded upwards)) as determined by or on behalf of the Calculation Agent of the bid and offer Specified Currency/FX Settlement Disruption Currency exchange rates provided by two or more leading dealers on a foreign exchange market (as selected by the Calculation Agent) on such day; or
  - (B) if fewer than two leading dealers provide the Calculation Agent with bid and offer Specified Currency/FX Settlement Disruption Currency exchange rates on such day, the Calculation Agent shall determine the FX Settlement Disruption Exchange Rate in its discretion.
- (d) For the avoidance of doubt, no Interest Period will be adjusted as a result of the postponement of any interest payment pursuant to this Condition 6.9, and no additional interest will be paid in respect of any postponement of the date for payment.
- (e) For the avoidance of doubt, nothing contained in this Condition 6.9 shall prevent the Issuer and/or Calculation Agent from determining that an Additional Disruption Event and/or Optional Additional Disruption Event has occurred, in which case, the provisions of Inflation Index-Linked Note Condition 3.7 or Foreign Exchange (FX) Rate-Linked Note Condition 6, as applicable, shall prevail in the event of any conflict between such Conditions and this Condition 6.9.

### **7.1 Redemption at Maturity**

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date. The Final Redemption Amount in respect of each Note, will be an amount in the relevant Specified Currency equal to (i) the Calculation Amount multiplied by the Final Redemption Percentage, or (ii) the Final Payout, in each case as specified in the applicable Final Terms, provided that, if the product of the Final Payout is zero, no amount will be payable on redemption of the Note.

**"Final Redemption Percentage"** means the percentage specified in the applicable Final Terms.

### **7.2 Redemption for Tax Reasons**

The Notes will be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is neither a Floating Rate Note, an Inflation Index-Linked Note, a Foreign Exchange (FX) Rate-Linked Note, an Underlying Interest Rate-Linked Note, an Equity Index-Linked Note nor, in the case of Exempt Notes only, a Variable Interest Rate Note or a Variable Redemption Note,) or on any Interest Payment Date (if this Note is either a Floating Rate Note, an Inflation Index-Linked Note, a Foreign Exchange (FX) Rate-Linked Note, an Underlying Interest Rate-Linked Note, an Equity Index-Linked Note or, in the case of Exempt Notes only, a Variable Interest Rate Note or a Variable Redemption Note), on giving not less than the minimum period nor more than the maximum period of notice to the Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if:

- (a) on the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 8) or any political subdivision of, or any authority in, or of, a Tax Jurisdiction having power to tax, or any change in the application of such laws or regulations, which change or

amendment becomes effective on or after the Issue Date of the first Tranche of the Notes; and

(b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Agent to make available at its specified office to the Noteholders a certificate signed by two directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

Notes redeemed pursuant to this Condition 7.2 will be redeemed at their Early Redemption Amount referred to in paragraph 7.6 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

### **7.3 Redemption at the Option of the Issuer (Issuer Call)**

This Condition 7.3 applies to Notes which are specified to be subject to redemption prior to the Maturity Date at the option of the Issuer in the applicable Final Terms, such option being referred to as an Issuer Call. The applicable Final Terms contains provisions applicable to any Issuer Call and must be read in conjunction with this Condition 7.3 for full information on any Issuer Call. In particular, the applicable Final Terms will identify the Optional Redemption Date(s), the Optional Redemption Amount, any minimum or maximum early redemption amount and the applicable notice periods.

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer shall, having given not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Noteholders in accordance with Condition 14 (which notice shall be irrevocable and shall specify the applicable Optional Redemption Date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Early Redemption Amount or not more than the Maximum Early Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms. The Optional Redemption Amount will be the specified percentage of the nominal amount of the Notes stated in the applicable Final Terms.

In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the case of Redeemed Notes represented by Definitive Notes or Individual Certificates, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), in the case of Redeemed Notes represented by a Global Note or Global Certificate, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**").

In the case of Redeemed Notes represented by Definitive Notes or Individual Certificates, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 7 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed

Notes represented by Definitive Notes or Individual Certificates shall in each case bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of Definitive Notes or Individual Certificates outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, provided that, if necessary, appropriate adjustments shall be made to such nominal amounts to ensure that each represents an integral multiple of the Specified Denomination. No exchange of the relevant Global Note or Global Certificate will be permitted or transfer of a Registered Note will be registered during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph 7.3 and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 14 at least five days prior to the Selection Date.

In the event of any such redemption, the Luxembourg Stock Exchange shall be notified of such redemption by the Issuer.

#### **7.4 Redemption at the Option of the Noteholders (Investor Put)**

This Condition 7.4 applies to Notes which are subject to redemption prior to the Maturity Date at the option of the Noteholder, such option being referred to as an Investor Put. The applicable Final Terms contains provisions applicable to any Investor Put and must be read in conjunction with this Condition 7.4 for full information on any Investor Put. In particular, the applicable Final Terms will identify the Optional Redemption Date(s), the Optional Redemption Amount and the applicable notice periods.

If Investor Put is specified as being applicable in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 14 not less than the minimum period nor more than the maximum period of notice specified in applicable Final Terms, the Issuer will, upon the expiry of such notice, redeem, in whole (but not in part) such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

If the relevant Note is in definitive form, to exercise the right to require redemption of the relevant Note, the holder of such Note must deliver such Note at the specified office of any Paying Agent (in the case of a Definitive Note) or the Registrar or any Transfer Agent (in the case of an Individual Certificate) at any time during normal business hours of such Paying Agent, such Transfer Agent or, as the case may be, the Registrar falling within the notice period, accompanied by a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or Registrar (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition accompanied by the relevant Note or evidence satisfactory to the Paying Agent concerned that the relevant Note will, following delivery of the Put Notice, be held to its order or under its control; and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of Condition 11.

If the relevant Note is represented by a Global Note or a Global Certificate, as the case may be, to exercise the right to require redemption of a Note, the holder of the relevant Note must, within the notice period, give notice to the Agent (in the case of Global Notes) or the Registrar (in the case of Global Certificates) of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear, Clearstream, Luxembourg or any common depositary or common safekeeper for them, as the case may be, to the Agent by electronic means), in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg by a holder of any Note pursuant to this Condition 7.4 shall be irrevocable except where prior to the due date of redemption an Event of Default has occurred and is continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 10.

- (c) in the case of a Zero Coupon Note, at an amount (the "**Amortised Face Amount**") calculated in accordance with the following formula:

## **7.7 Instalment Notes**

For the purposes of Condition 7.2, Dual Currency Notes may be redeemed only on an Interest Payment Date.

### *(b) Partly Paid Notes*

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Pricing Supplement.

## **7.9 Purchases**

The Issuer or any of its subsidiaries may at any time purchase Notes (provided that, in the case of Definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. If purchases are made by tender, tenders must be available to all Noteholders alike. Such Notes (to the extent permitted by law) may be held, reissued, resold or, at the option of the Issuer, surrendered to any Paying Agent or the Registrar, as the case may be, for cancellation.

## **7.10 Cancellation**

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts and Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to paragraph 7.1 above (together with, in the case of

definitive Bearer Notes, all unmatured Receipts and Coupons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

### **7.11 Late payment on Zero Coupon Notes**

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph 7.1, 7.2, 7.3, 7.4 or 7.5 above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused by the Issuer or its Agent, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph 7.6(c) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (a) the date on which all amounts due in respect of Zero Coupon Notes have been paid; and
- (b) five days after the date on which the full amount of the monies payable in respect of such Zero Coupon Notes has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14.

### **7.12 Redemption/Adjustment for an Administrator/Benchmark Event**

In the event that an Administrator/Benchmark Event occurs, the Issuer may (at its option and in its sole and absolute discretion):

- (a) instruct the Calculation Agent to make such adjustment(s) to the Terms and Conditions of the Notes as it may determine appropriate in its sole and absolute discretion to account for the relevant event or circumstance and, without limitation, such adjustments may include selecting a successor benchmark(s) and making related adjustments to the Terms and Conditions of the Notes including where applicable to reflect any increased costs of the Issuer providing such exposure to the successor benchmark(s) and, in the case of more than one successor benchmark, making provision for allocation of exposure as between the successor benchmarks; or
- (b) having given not less than 10 nor more than 30 days' notice to the Noteholders in accordance with Condition 14 (which notices shall be irrevocable), on expiry of such notice redeem all, but not some only, of the Notes, each principal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount determined in accordance with the provisions of Condition 7.6 together (if appropriate) with interest accrued to (but excluding) the date of redemption.

The Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 14 of any adjustment(s) made pursuant to paragraph (a) above.

For the avoidance of doubt, the above is additional, and without prejudice, to any other terms of the Notes. In the event that under any such terms any other consequences could apply in relation to an event or occurrence the subject of an Administrator/Benchmark Event, the Issuer shall determine which terms shall apply in its sole and absolute discretion.

For the purposes of this Condition 7.12:

**"Administrator/Benchmark Event"** means, in relation to any Benchmark, the occurrence of a Benchmark Modification or Cessation Event, a Non-Approval Event, a Rejection Event or a Suspension/Withdrawal Event, all as determined by the Calculation Agent.

**"Benchmark"** means any figure which is a benchmark as defined in BMR and where any amount payable under the Notes, or the value of the Notes, is determined by reference in whole or in part to such figure, all as determined by the Calculation Agent.

**"Benchmark Modification or Cessation Event"** means, in respect of the Benchmark any of the following has occurred or will occur:

- (i) any material change in such Benchmark;
- (ii) the permanent or indefinite cancellation or cessation in the provision of such Benchmark; or
- (iii) a regulator or other official sector entity prohibits the use of such Benchmark.

**"BMR"** means the EU Benchmark Regulation (Regulation (EU) 2016/1011).

**"Non-Approval Event"** means, in respect of the Benchmark:

- (i) any authorisation, registration, recognition, endorsement, equivalence decision or approval in respect of the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be obtained;
- (ii) the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be included in an official register; or
- (iii) the Benchmark or the administrator or sponsor of the Benchmark does not or will not fulfil any legal or regulatory requirement applicable to the Notes, the Issuer, the Calculation Agent or the Benchmark,

in each case, as required under any applicable law or regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes. For the avoidance of doubt, a Non-Approval Event shall not occur if the Benchmark or the administrator or sponsor of the Benchmark is not or will not be included in an official register because its authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended if, at the time of such suspension, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension.

**"Rejection Event"** means, in respect of the Benchmark, the relevant competent authority or other relevant official body rejects or refuses or will reject or refuse any application for authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register which, in each case, is required in relation to the Notes, the Benchmark or the administrator or sponsor of the Benchmark under any applicable law or regulation for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

**"Suspension/Withdrawal Event"** means, in respect of the Benchmark:

- (i) the relevant competent authority or other relevant official body suspends or withdraws or will suspend or withdraw any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Benchmark or the administrator or sponsor of the Benchmark which is required under any applicable law or regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes; or
- (ii) the Benchmark or the administrator or sponsor of the Benchmark is or will be removed from any official register where inclusion in such register is or will be required under any

applicable law in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is or will be suspended or where inclusion in any official register is or will be withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension or withdrawal.

## 8. TAXATION

All payments of principal and interest in respect of the Notes, Receipts and Coupons by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In such event, and unless the provisions of this Condition 8 are specified not to apply in the relevant Final Terms, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the Noteholders, Receiptholders or Couponholders after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (a) presented for payment to, or to a third party on behalf, of a holder who is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with a Tax Jurisdiction other than the mere holding of such Note, Receipt or Coupon; or
- (b) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 6.7); or
- (c) where such withholding or deduction is required pursuant to (i) an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder or any official interpretations thereof or (ii) Section 871(m) of the Code; or
- (d) where such withholding or deduction is required pursuant to the Luxembourg law of 23 December 2005 (as amended).

As used herein:

- (i) "**Tax Jurisdiction**" means the Grand Duchy of Luxembourg, the jurisdiction in which the Specified Branch (if any) is located (in the case of Exempt Notes only) or any political subdivision or any authority thereof or therein having power to tax or any other jurisdiction or any political subdivision or any authority thereof or therein having power to tax to which payments made by the Issuer of principal and interest on the Notes, Receipts and Coupons become generally subject; and
- (ii) the "**Relevant Date**" means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14.

## 9. PRESCRIPTION

The Notes (whether in Bearer or Registered form), Receipts and Coupons will become void unless presented for payment within a period of 10 years (in the case of principal) and 5 years (in the case of interest) after the Relevant Date (as defined in Condition 8) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 6.2 or any Talon which would be void pursuant to Condition 6.2.

The Luxembourg act dated 3 September 1996 on the involuntary dispossession of bearer securities, as amended (the "**Involuntary Dispossession Act 1996**") requires that, in the event that (i) an opposition has been filed in relation to lost or stolen Notes in Bearer form, Receipts and Coupons and (ii) the Notes in Bearer form, Receipts and Coupons mature prior to becoming forfeited (as provided for in the Involuntary Dispossession Act 1996), any amount that is payable under the Notes in Bearer form, Receipts and Coupons, but has not yet been paid to the Noteholders or Couponholders, must be paid to the *Caisse de Consignations* in Luxembourg until the opposition has been withdrawn or the forfeiture of the Notes in Bearer form, Receipts and Coupons occurs.

## 10. EVENTS OF DEFAULT AND ENFORCEMENT

If any of the following events ("**Events of Default**") occurs and is continuing, the holder of any Note may give written notice to the Agent at its specified office that such Note is immediately repayable, whereupon the same shall become forthwith due and payable at the Early Redemption Amount (as described in Condition 7.6), together with accrued interest (if any) to the date of repayment, without presentation, demand, protest or other notice of any kind:

- (a) default is made for more than 14 days (in the case of interest) or 7 days (in the case of principal) in the payment on the due date of interest or principal in respect of any of the Notes; or
- (b) the Issuer defaults in performance or observance of, or compliance with, any of its other obligations in the Notes which default is incapable of remedy or which, if capable of remedy, is not remedied within 21 days after notice of such default shall have been given to the Agent at its specified office by any Noteholder; or

- (e) (i) if any judgment has been rendered by any competent court for the liquidation (*liquidation judiciaire*) or the opening of a regime of suspension of payment (*sursis de paiement*) of the Issuer; or (ii) if the Issuer makes or enters into a general assignment or an arrangement or composition with or for the benefit of its creditors or (iii) if an effective voluntary resolution is passed for the dissolution (*dissolution*) and liquidation (*liquidation*) of the Issuer (in each case save for the purposes of amalgamation, merger, consolidation, reorganisation or similar arrangement upon which all the assets of the Issuer are transferred to and all its debts and liabilities assumed by the continuing entity or entity formed as a result of such merger or reorganisation); or

- (f) the Issuer ceases to carry on business (except for the purpose of any amalgamation, merger or other reorganisation under which the continuing or successor corporation has assumed all of the assets and business undertakings of the Issuer pursuant to Condition 17 and has expressly and effectively assumed the obligations of the Issuer under the Notes); or
- (g) (i) any loan or other present or future indebtedness of the Issuer for or in respect of moneys borrowed or raised and not being money deposited with the Issuer or transferred pursuant to a fiduciary contract within the meaning of the Luxembourg Law of 27 July 2003 on the Trust and Fiduciary Contracts (as amended) or otherwise borrowed in the ordinary course of business of the Issuer ("**Relevant Indebtedness**") becomes due and payable prior to its stated maturity otherwise than at the option of the Issuer or the creditor thereof, or (ii) the Issuer fails to make any payment in respect of Relevant Indebtedness on the due date for such payment as extended by any applicable grace period or (iii) default is made by the Issuer in making any payment due under any present or future guarantee and/or indemnity given by it of, or in respect of, Relevant Indebtedness, provided that the aggregate amount of the Relevant Indebtedness in respect of which one or more of the events mentioned above in this paragraph (g) have occurred equals or exceeds EUR 15,000,000 or its equivalent (on the basis of the middle spot rate for the relevant currency against the euro as quoted by any leading bank on the day on which this paragraph operates).

Transfers of beneficial interests in Registered Notes in global form will be effected by Euroclear or Clearstream, Luxembourg, as the case may be, and, in turn, by other participants in such clearing systems acting on behalf of transferors and transferees of such interests. A beneficial interest in a Global Certificate will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for Notes in definitive form or for a beneficial interest in another Global Certificate of the same Series only in the Specified Denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement.

So long as any Tranche of Bearer Notes is represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to Holders of Notes of that Tranche will, save where another means of effective communication has been specified herein or, in the case of Exempt Notes only, in the relevant Pricing Supplement, be deemed to be validly given if given by delivery of the relevant notice to the clearing system for communication by it to Noteholders in respect of the relevant Notes. Any such notice shall be deemed to have been given to the holders of the Notes on such day as is specified in the applicable Final Terms after the day on which the said notice was given to Euroclear and Clearstream, Luxembourg. If such delivery is not practicable, notices will be deemed to be validly given if published in a leading English language daily newspaper having general circulation in Europe.

## **14.2 Registered Notes**

All notices regarding Registered Notes will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holder(s) (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Registered Notes are listed on a stock exchange and/or quotation system and the rules of such stock exchange and/or quotation system (or any other relevant authority) so require, such notice will be published in a daily newspaper of general circulation in the place or places required by the rules of that stock exchange (or any other relevant authority) or in such other manner as may be required by the rules or regulations of such stock exchange and/or quotation system.

Until such time as any Definitive Notes are issued, there may (provided that, in the case of Notes listed on a stock exchange or admitted to trading by another relevant authority, the rules of such stock exchange or other relevant authority permit), so long as such Global Note or Global Certificate is held in its entirety on behalf of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, be substituted for such mailing and such publication in the newspaper(s) mentioned above, the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or such other clearing system for communication by them to the holders of the relevant Notes. ### **15.3 Exclusion of termination condition (*condition résolutoire*)**

For the avoidance of doubt, no Noteholder, Receiptholder or Couponholder may initiate proceedings against the Issuer based on article 470-21 of the Luxembourg Company Law.

## **16. FURTHER ISSUES**

The Issuer shall be at liberty from time to time without the consent of the Noteholders, Receiptholders or Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the issue date, the amount and date of the first payment of interest thereon and the date from which interest starts to accrue so that the same shall be consolidated and form a single Series with the outstanding Notes.

## **17. SUBSTITUTION**

The Issuer, or any previous substituted company, may at any time, without the consent of the Noteholders or the Couponholders, substitute for itself as principal debtor under any Series of the Notes, the Receipts, the Coupons and the Talons any subsidiary branch or affiliate of the Issuer or the successor company of the Issuer or jointly and severally one or more companies to whom the Issuer has transferred all of its assets and business undertakings (in each case the "**Substitute**") provided that no payment in respect of the Notes, the Receipts or the Coupons is at the relevant time overdue, no steps have been taken to admit the Issuer to a regime of suspension of payments (*sursis de paiement*) and (except in the case of a solvent reorganisation or amalgamation) no judgment has been rendered or an effective voluntary resolution has been passed for the dissolution and liquidation of the Issuer. Such substitution effected in accordance with this Condition 17 will release the Issuer or any previous substituted company from any and all further obligations in respect of the Notes and the Noteholders and Couponholders expressly consent hereto. The substitution shall be made by a deed poll (the "**Deed Poll**") to be substantially in the form scheduled to the Agency Agreement and may take place only if:

- (a) the Substitute, by means of the Deed Poll, agrees to indemnify each Noteholder and Couponholder against any tax, duty, assessment, withholding, deduction or governmental charge which is imposed on it by (or by any taxing authority in or of) the jurisdiction of the country of the Substitute's residence for tax purposes and, if different, of its incorporation (and, if applicable, the jurisdiction of any Guarantor (as set out under (b) below) with respect to any Note, Receipt, Coupon, Talon or the Deed of Covenant or by the country in which any Noteholder or Couponholder resides and which would not have been so imposed had the substitution not been made, as well as against any tax, duty assessment or governmental charge, and any cost or expense, relating to the substitution;
- (b) unless the Substitute is the successor company of the Issuer or one or more companies to whom the Issuer has transferred all of its assets and business undertakings each of whom are to be jointly and severally liable as principal debtor, the obligations of the Substitute under the Deed Poll, the Notes and the Coupons are unconditionally and irrevocably guaranteed by the Issuer or its successor or each of the companies to whom together the Issuer has transferred all of its assets and business undertakings (each a "**Guarantor**") by means of a guarantee substantially in the form contained in the Deed Poll (the "**Guarantee**");
- (c) all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Deed Poll, the Notes, the Receipts, the Coupons, the Talons and the Deed of Covenant represent valid, legally binding and

enforceable obligations of the Substitute and, in the case of the Guarantee, of the Guarantor have been taken, fulfilled and done and are in full force and effect;

- (d) the Substitute has become party to the Agency Agreement, with any appropriate consequential amendments, as if it had been an original party to it;
- (e) legal opinions addressed to the Noteholders have been delivered to them (care of the Agent) from a lawyer or a firm of lawyers with a leading securities practice in each jurisdiction referred to in 17(a) above and in England that the Deed Poll, the Notes (and, where applicable, the Receipts, Coupons and Talons) represent valid, legally binding and enforceable obligations of the Substitute and, in the case of the Guarantee, of the Guarantor(s);
- (f) the substitution does not affect adversely any rating of the Notes by Moody's, S&P and Fitch (as applicable) or, if any such rating agency has ceased to exist at the relevant time, any two existing internationally recognised rating agencies; and
- (g) the Issuer has given at least 14 days' prior notice of such substitution to the Noteholders, stating that copies of all documents (in final form) in relation to the substitution which are referred to above, or which might otherwise reasonably be regarded as material to Noteholders, will be available for inspection at the specified office of each of the Paying Agents.

References in Condition 10 to obligations under the Notes shall be deemed to include obligations under the Deed Poll and, where the Deed Poll contains a Guarantee, the events listed in Condition 10 shall be deemed to include such Guarantee not being (or being claimed by the Guarantor not to be) in full force and effect. In addition, the Deed Poll shall contain events of default in respect of the Notes in the same or analogous terms as Condition 10 relating to the Guarantor (except that references in Condition 10(a) to failure to pay principal and interest on the Notes shall be a reference to failure to pay under the Guarantee) and (b) a negative pledge in relation to the Guarantee in the form of Condition 3.

References to "outstanding" in relation to the Notes of any Series shall, on a substitution of the Issuer where the Guarantor guarantees the Notes, not include Notes held by the Guarantor and its subsidiaries for the purposes of (a) ascertaining the right to attend and vote at any meeting of the Noteholders and (b) the determination of how many Notes are outstanding for the purposes of Condition 15.

## **18. CURRENCY INDEMNITY**

If any sum due from the Issuer in respect of the Notes or the Coupons or any order or judgment given or made in relation thereto has to be converted from the currency (the "**first currency**") in which the same is payable under these Conditions or such order or judgment into another currency (the "**second currency**") for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the specified office of the Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

## 19. ROUNDING

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

## 20. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any terms of any Note, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

21.3 (a) Subject to Condition 21.3(c) below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Agency Agreement, the Notes and the Receipts, Coupons and/or Talons relating to the Notes (including any dispute as to their existence, validity interpretation, performance, breach or termination or the consequences of their nullity) and any dispute relating to any non-contractual obligations arising out of or in connection with the Agency Agreement, the Notes, the Receipts, Coupons and/or Talons (a "**Dispute**") and accordingly each of the Issuer, the Noteholders, the Receiptholders, the Couponholders and the Talonholders in relation to any Dispute submit to the exclusive jurisdiction of the English courts.

(b) For the purposes of this Condition 21.3, the Issuer waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.

(c) To the extent allowed by law the Noteholders, Receiptholders, Couponholders and Talonholders may, in respect of any Dispute or Disputes take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.

(d) The Issuer appoints BNP Paribas, London Branch at 10 Harewood Avenue, London, NW1 6AA (Attention: the loan Administration Department) as its agent for service of process, in any proceedings before the English courts in relation to any Dispute, and agrees that, in the event of BNP Paribas, London Branch being unable or unwilling so to act, it will appoint another person as its agent for service of process in England in respect of any Dispute. The Issuer agrees that failure by a process agent to notify it of any proceeds will not invalidate service. The payment obligations of the Issuer under the Notes and the Receipts and Coupons relating to them shall, save for such exceptions as may be provided by applicable legislation and, at all times rank at least equally with all other unsecured and unsubordinated indebtedness of the Issuer present and future (other than indebtedness or monetary obligations preferred by mandatory provisions of law).

## **3. REDENOMINATION**

### **3.1 Redenomination**

Where redenomination is specified in the applicable Final Terms, the Issuer may, without the consent of the Noteholders, the Receiptholders and the Couponholders, on giving prior notice to the Agent, Euroclear and Clearstream, Luxembourg and at least 30 days' prior notice to the Noteholders in accordance with Condition 13 elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro.

The election will have effect as follows:

- (a) the Notes and the Receipts shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a nominal amount for each Note and Receipt equal to the nominal amount of that Note or Receipt in the Specified Currency, converted into euro at the Established Rate, provided that, if the Issuer determines, with the agreement of the Agent, that the then market practice in respect of the redenomination into euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and admitted to trading and the Paying Agents of such deemed amendments;
- (b) save to the extent that an Exchange Notice has been given in accordance with paragraph (d) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate nominal amount of Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (c) if Definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations of euro 1,000, euro 10,000, euro 100,000 and (but only to the extent of any remaining amounts less than euro 1,000 or such smaller denominations as the Agent may approve) euro 0.01 and such other denominations as the Agent shall determine and notify to the Noteholders;
- (d) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the "**Exchange Notice**") that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro-denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Currency in such manner as the Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;
- (e) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;
- (f) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated by applying the Rate of Interest to the Calculation Amount, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, (half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount; and
- (g) such other changes shall be made to the Conditions as the Issuer may decide, after consultation with the Agent and as may be specified in the notice or (in respect of Exempt Notes) set out in the applicable Pricing Supplement, to conform them to conventions then applicable to instruments denominated in euro

This Condition 4.1 applies to Fixed Rate Notes only.

The applicable Final Terms contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 4.1 for full information on the manner in which interest is calculated on Fixed Rate Notes. In particular, the applicable Final Terms will specify the Interest Commencement Date, the Rate(s) of Interest, the Interest Payment Date(s), the Maturity Date, the Fixed Coupon Amount, any applicable Broken Amount, the Calculation Amount and the Day Count Fraction.

Each Fixed Rate Note bears interest on its nominal amount (or, in the case of Exempt Notes only, if it is a Partly Paid Note, the amount paid up) from and including the Interest Commencement Date.

Except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of each Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Conditions, "**Fixed Interest Period**" means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except where a Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms in respect of a Fixed Interest Period, interest shall be calculated in respect of any period by applying the Rate of Interest to the Calculation Amount, multiplying such sum by the applicable Day Count Fraction (as defined in Condition 4.2(d)), and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, (half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount.

In these Conditions:

"**sub-unit**" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

#### **4.2 Interest on Floating Rate Notes, Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes, Equity Index Linked-Interest Notes and Variable Interest Rate Notes**

This Condition 4.2 applies to Floating Rate Notes, Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes, Equity Index Linked-Interest Notes and/or Variable Interest Rate Notes.

In respect of Floating Rate Notes, the applicable Final Terms contains provisions applicable to the determination of floating rate interest and must be read in conjunction with this Condition 4.2 for full information on the manner in which interest is calculated on Floating Rate Notes. In particular, the applicable Final Terms will identify any Specified Interest Payment Dates, any Specified Period, the Interest Commencement Date, the Business Day Convention, any Additional Business Centres, whether ISDA Determination or Screen Rate Determination applies to the calculation of interest, the party who will calculate the amount of interest due if it is not the Agent, the Margin and the Day Count Fraction. Where ISDA Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Floating Rate Option, Designated Maturity and Reset Date. Where Screen Rate Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Reference Rate, Interest Determination Date(s) and Relevant Screen Page. Where an entity other than the Agent will calculate the amount of interest due, references in this Condition 4.2 to the Agent shall be deemed to be references to such other entity, where applicable.

In respect of Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes and/or Equity Index-Linked Interest Notes, the applicable Final Terms contains provisions applicable to the determination of the relevant rate of interest and must be read in conjunction with this Condition 4.2 and any additional terms and conditions specified as applicable in the relevant Final Terms for full information on the manner in which interest is calculated on Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes and/or Equity Index-Linked Interest Notes.

In the case of Inflation Index-Linked Interest Notes, the applicable Final Terms will set out, among other things, the relevant Index and Index Sponsor, any Related Bond, relevant Determination Dates, provisions relating in determination of the Rate of Interest, the Calculation Amount, relevant Interest Payment Dates, the Day Count Fraction and the Business Day Convention.

In the case of Foreign Exchange (FX) Rate-Linked Interest Notes, the applicable Final Terms will set out, among other things, the relevant Base Currency, any Subject Currencies, any applicable Weighting, provisions relating in determination of the Rate of Interest, the Calculation Amount, relevant Interest Payment Dates, the Day Count Fraction and the Business Day Convention.

In the case of Underlying Interest Rate-Linked Interest Notes, the applicable Final Terms will set out, among other things, the Underlying Interest Determination Dates, whether ISDA Determination or Screen Rate Determination applies to the determination of the underlying interest rate and, (a) where ISDA Determination applies the applicable Floating Rate Option, Designated Maturity and Reset Date or (b) where Screen Rate Determination applies, the Underlying Reference Rate, the Specified Time (Underlying) and the Relevant Screen Page, and, in either case, provisions relating in determination of the Rate of Interest, the Calculation Amount, relevant Interest Payment Dates, the Day Count Fraction and the Business Day Convention.

In the case of Equity Index-Linked Interest Notes, the applicable Final Terms will set out, among other things, the relevant Index, Index Currency, Screen Page, Exchange(s) and Index Sponsor, any applicable Weighting, provisions relating to determination of the Rate of Interest, the Calculation Amount, relevant Interest Payment Dates, the Day Count Fraction and the Business Day Convention.

Variable Interest Rate Notes will be issued as Exempt Notes only, the terms of which will be specified in the applicable Pricing Supplement.

(a) *Interest Payment Dates*

Each Floating Rate Note, Inflation Index-Linked Interest Note, Foreign Exchange (FX) Rate-Linked Interest Note, Underlying Interest Rate-Linked Interest Note, Equity Index Linked-Interest Notes and in the case of Exempt Notes only, Variable Interest Rate Note bears interest on its outstanding nominal amount (or, in the case of Exempt Notes only, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Specified Interest Payment Date(s) (each an "**Interest Payment Date**") in each year as specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an "**Interest Payment Date**") which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each interest period (an "**Interest Period**", which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

(b) *Rate of Interest*

The Rate of Interest or Rate payable from time to time in respect of Floating Rate Notes, Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes, Equity Index Linked-Interest Notes and, in the case of Exempt Notes only, Variable Interest Rate Notes, will be determined in the manner specified in the applicable Final Terms.

(i) *ISDA Determination for Floating Rate Notes*

If the Interest Rate or Rate is specified as being Floating Rate and ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest or Rate is to be determined, the Rate of Interest or Rate, as the case may be, for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any) specified in the applicable Final Terms. For the purposes of this Condition

4.2(b)(i), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent (as defined in the ISDA Definitions) for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions (as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series) as published by the International Swaps and Derivatives Association, Inc. (the "**ISDA Definitions**") and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is as specified in the applicable Final Terms.

For the purposes of this Condition 4.2(b)(i), "**Floating Rate**", "**Calculation Agent**" for a swap transaction, "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

(ii) *Screen Rate Determination for Floating Rate Notes*

If the Interest Rate or Rate is specified as being Floating Rate and Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest or Rate is to be determined, the Rate of Interest or Rate, as the case may be, for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either the London interbank offered rate ("**LIBOR**") or the Euro-zone interbank offered rate ("**EURIBOR**"), as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Specified Time indicated in the applicable Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR, or Brussels time in the case of EURIBOR) (or, in the case of any other Reference Rate, the time specified in the applicable Pricing Supplement) on the Interest Determination Date in question, plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if in the case of sub-Condition (ii)(A) above, no such offered quotation appears or, in the case of sub-Condition (ii)(B) above, fewer than three such offered quotations appear, in each case as at the relevant time, the Agent shall request the principal London office of each of the Reference Banks to provide the Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately 11.00 a.m. (London time in the case of LIBOR, or Brussels time, in the case of EURIBOR) (or, in the case of any other Reference Rate, the time specified in the applicable Pricing Supplement) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Agent with such offered quotations, the Rate of Interest or Rate, as the case may be, for such Interest Period shall be the arithmetic mean

(rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Agent with such offered quotations as provided in the preceding paragraph, the Rate of Interest or Rate for the relevant Interest Period shall be the rate per annum which the Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately 11.00 a.m. (London time in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London interbank market (if the Reference Rate is LIBOR) or the Euro-zone interbank market (if the Reference Rate is EURIBOR) or the interbank market of the Relevant Financial Centre (if any other Reference Rate is used (in the case of Exempt Notes only)) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately 11.00 a.m. (London time) on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Agent it is quoting to leading banks in the London interbank market (if the Reference Rate is LIBOR) or the Euro-zone interbank market (if the Reference Rate is EURIBOR) or the interbank market of the Relevant Financial Centre (if any other Reference Rate is used (in the case of Exempt Notes only)) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest or Rate, as the case may be, cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest or Rate, as the case may be, shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

In the case of Exempt Notes only, if the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Pricing Supplement as being other than the LIBOR or EURIBOR, the Rate of Interest or Rate in respect of such Notes will be determined as provided in the applicable Pricing Supplement.

(c) *Minimum and/or Maximum Interest Rate*

If the applicable Final Terms specifies a Minimum Interest Rate for any Interest Period, then, in the event that the Rate of Interest or Rate in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Interest Rate, the Rate of Interest or Rate, as the case may be, for such Interest Period shall be such Minimum Interest Rate.

Unless otherwise specified in the applicable Final Terms, the Minimum Interest Rate shall be deemed to be zero.

If the applicable Final Terms specifies a Maximum Interest Rate for any Interest Period, then, in the event that the Rate of Interest or Rate in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Interest Rate, the Rate of Interest or Rate, as the case may be, for such Interest Period shall be such Maximum Interest Rate.

(d) *Determination of Rate of Interest, Rate and Calculation of Interest Amounts*

The Agent, in the case of Floating Rate Notes, or the Calculation Agent, in the case of Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes, Equity Index Linked-Interest Notes and/or, in the case of Exempt Notes only, Variable Interest Rate Notes, or any other party responsible for calculating the Rate(s) of Interest and Interest Amount(s) will at, or as soon as practicable after, each time at which the Rate of Interest and/or Rate is to be determined, determine the Rate of Interest and/or Rate, as the case may be for the relevant Interest Period. In the case of Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes, Equity Index Linked-Interest Notes and/or, in the case of Exempt Notes only, Variable Interest Rate Notes, the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Floating Rate Notes, Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes, Underlying Interest Rate-Linked Interest Notes, Equity Index Linked-Interest Notes and/or, in the case of Exempt Notes only, Variable Interest Rate Notes, in respect of each Specified Denomination for the relevant Interest Period. Each such Interest Amount shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying such sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, (half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount.

"**Day Count Fraction**" means, in respect of the calculation of an amount of interest on any Note for any period of time (the "**Calculation Period**"), such day count fraction as may be specified in these Conditions or the applicable Final Terms:

- (i) if "**Actual/Actual (ICMA)**" is so specified:
  - (A) where the Calculation Period is equal to or shorter than the Regular Period during which it falls, the actual number of days in the Calculation Period divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and
  - (B) where the Calculation Period is longer than one Regular Period, the sum of:
    - (1) the actual number of days in such Calculation Period falling in the Regular Period in which it begins divided by the product of (a) the actual number of days in such Regular Period and (b) the number of Regular Periods in any year; and
    - (2) the actually number of days in such Calculation Period falling in the next Regular Period divided by the product of (a) the actual number of days in such Regular Period and (b) the number of Regular Periods in any year;

where:

"**Regular Period**" means:

- (A) in the case of Notes where interest is scheduled to be paid only by means of regular payments, each period from and including the Interest Commencement Date to but excluding the first Interest Payment Date and each successive period from and

including one Interest Payment Date to but excluding the next Interest Payment Date;

- (B) in the case of Notes where, apart from the first Interest Period, interest is scheduled to be paid only by means of regular payments, each period from and including a Regular Date falling in any year to but excluding the next Regular Date, where "**Regular Date**" means the day and month (but not the year) on which any Interest Payment Date falls; and
- (C) in the case of Notes where, apart from one Interest Period other than the first Interest Period, interest is scheduled to be paid only by means of regular payments, each period from and including a Regular Date falling in any year to but excluding the next Regular Date, where "**Regular Date**" means the day and month (but not the year) on which any Interest Payment Date falls other than the Interest Payment Date falling at the end of the irregular Interest Period;
- (ii) if "**Actual/Actual**" is so specified, the actual number of days in the Calculation Period divided by 365 (or, if any portion of the Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (iii) if "**Actual/365 (Fixed)**" is so specified, the actual number of days in the Calculation Period divided by 365;
- (iv) if "**Actual/360**" is so specified, the actual number of days in the Calculation Period divided by 360;
- (v) if "**30/360**", "**360/360**" or "**Bond Basis**" is so specified, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y<sub>1</sub>**" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"**Y<sub>2</sub>**" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**M<sub>1</sub>**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M<sub>2</sub>**" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**D<sub>1</sub>**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case **D<sub>1</sub>** will be 30; and

"**D<sub>2</sub>**" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and **D<sub>1</sub>** is greater than 29, in which case **D<sub>2</sub>** will be 30; and

- (vi) if "**30E/360**" or "**Eurobond Basis**" is so specified, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y<sub>1</sub>**" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"**Y<sub>2</sub>**" is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**M<sub>1</sub>**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M<sub>2</sub>**" is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

"**D<sub>1</sub>**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case **D<sub>1</sub>** will be 30; and

"**D<sub>2</sub>**" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case **D<sub>2</sub>** will be 30.

(e) *Notification of Rate of Interest and Interest Amounts*

The Agent and/or the party responsible for calculating the Rate(s) of Interest and Interest Amount(s) will cause the Rate of Interest and each Interest Amount (except that if the Calculation Amount is less than the minimum Specified Denomination, the Agent and/or the party responsible for calculating the Interest Amount(s) shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination) for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any relevant stock exchange and/or quotation system on which the Notes are admitted to listing, trading and/or quotation and notice thereof to be published in accordance with Condition 13 as soon as possible after their determination but in no event later than the fourth Luxembourg Business Day (where the expression "**Luxembourg Business Day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business and settle payments in Luxembourg) after such determination. To the extent required by the rules of any stock exchange on which the relevant Floating Rate Notes or Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes and/or Underlying Interest Rate-Linked Interest Notes and/or Equity Index Linked-Interest Notes are for the time being listed and admitted to trading, the Issuer will also make available to Noteholders on request the Rate of Interest, Rate, Interest Amount, Interest Period and Interest Payment Date relating to each Interest Period. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will, to the extent required by the rules of the relevant stock exchanges, be promptly notified to each stock exchange on which the relevant Floating Rate Notes or Inflation Index-Linked Interest Notes, Foreign Exchange (FX) Rate-Linked Interest Notes and/or Underlying Interest Rate-Linked Interest Notes are for the time being listed and admitted to trading and to the Noteholders in accordance with Condition 13.

(f) *Certificates to be Final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4.2, whether by the Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the Calculation Agent (if applicable), the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent or the Calculation Agent (if applicable) in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

#### **4.3 Exempt Notes**

This Condition applies to Exempt Notes only.

The rate or amount of interest payable in respect of Exempt Notes which are not also Fixed Rate Notes or Floating Rate Notes, including but not limited to Variable Interest Rate Notes, shall be determined in the manner specified in the applicable Pricing Supplement.

(a) *Interest on Dual Currency Notes*

In the case of Dual Currency Notes, the rate or amount of interest payable shall be determined in the manner specified in the applicable Pricing Supplement.

(b) *Interest on Partly Paid Notes*

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue in accordance with this Condition 4 on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Pricing Supplement.

#### **4.4 Accrual of Interest**

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless such Note is redeemed early. If such Note is redeemed early (a) if the applicable Final Terms specify that Accrual to Redemption is applicable, interest will cease to accrue on the due date for redemption or (b) if the applicable Final Terms specify that Accrual to Redemption is not applicable, no interest shall accrue or be payable in respect of which the relevant Interest Payment Date has not occurred on or prior to the due date for redemption of such Note. If, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until the date which is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) five days after the date on which the full amount of the monies payable in respect of such Note has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 13.

#### **4.5 General provisions applicable to interest**

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month on which an Interest Payment Date should occur, or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (a) in any case where Interest Periods are specified in accordance with Condition 4.2(a)(ii), the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (b) below shall apply *mutatis mutandis*, or (ii), in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls in the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (b) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (c) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (d) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the Conditions, "**Business Day**" means:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre (other than TARGET2) specified in the applicable Final Terms;
- (ii) if TARGET2 is specified as an Additional Business Centre in the applicable Final Terms, a TARGET Settlement Day; and
- (iii) either (A) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than any Additional Business Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Melbourne or Wellington, respectively) or (B) in relation to any sum payable in euro, a TARGET Settlement Day.

"**TARGET2**" means the Trans-European Automated Real-Time Gross Settlement Express Transfer payment system which utilises a single shared platform and which was launched on 19 November 2007.

"**TARGET Settlement Day**" means any day on which TARGET2 is open for the settlement of payments in euro.

## 5. PAYMENTS

### 5.1 Method of Payment

Subject as provided below:

- (a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or

at the option of the payee by a cheque in such Specified Currency drawn on a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian or New Zealand dollars, shall be Melbourne or Wellington respectively); and

- (b) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments in respect of the Notes will be subject in all cases to (a) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7 (*Taxation*) (b) any withholding or deduction required pursuant to Section 871(m) of the U.S. Internal Revenue Code of 1986 (the "**Code**") ("**871(m) Withholding**") and (c) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or (without prejudice to the provisions of Condition 7 (*Taxation*)) any law implementing an intergovernmental approach thereto. In addition, in determining the amount of 871(m) Withholding imposed with respect to any amounts to be paid on the Notes, the Issuer shall be entitled to withhold on any "dividend equivalent" (as defined for purposes of Section 871(m) of the Code) at the highest rate applicable to such payments regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law.

Payments on the Notes that reference U.S. securities or an index that includes U.S. securities may be calculated by reference to dividends on such U.S. securities that are reinvested at a rate of 70 per cent. In such case, in calculating the relevant payment amount, the Issuer may withhold, and the holder may be deemed to receive, 30 per cent. of any "dividend equivalent" payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

## 5.2 Presentation of Notes, Receipts and Coupons

Payments of principal in respect of Definitive Notes will (subject as provided below) be made in the manner provided in Condition 5.1 above only against presentation and surrender or, in the case of part payment of any sum due, endorsement of Definitive Notes, and payments of interest in respect of Definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender or, in the case of part payment of any sum due, endorsement of Coupons, in each case to or to the order of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any), other than the final instalment, will (subject as provided below) be made in the manner provided in Condition 5.1 above against presentation and surrender of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in Condition 5.1 above only against presentation and surrender or, in the case of part payment of any sum due, endorsement of the relevant Note. Each Receipt must be presented for payment of the relevant instalment together with the Definitive Note to which it appertains. Receipts presented without the Definitive Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any Definitive Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive form (other than Dual Currency Notes or Long Maturity Notes (as defined below) and save as provided in Condition 5.4 below), should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of

any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Inflation Index-Linked Note, Foreign Exchange (FX) Rate-Linked Note, Underlying Interest Rate-Linked Note, Equity Index Linked-Interest Note, Long Maturity Note or, in the case of Exempt Notes only, Variable Interest Rate Note or Variable Redemption Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A "**Long Maturity Note**" is a Fixed Rate Note (other than a Fixed Rate Note which on issue has a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any Definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Definitive Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant Definitive Note.

### **5.3 Payments in respect of Global Notes**

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to Definitive Notes and otherwise in the manner specified in the relevant Global Note (against presentation or surrender, as the case may be, of such Global Note if the Global Note is not intended to be issued in NGN form) to or to the order of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any Global Note, distinguishing between any payment of principal and any payment of interest, will be made, (a) in the case of a Global Note in CGN form be made on such Global Note by the Paying Agent to which it was presented and (b) in the case of a Global Note in NGN form, in the records of the relevant ICSD upon the instruction of the Paying Agent to which it was presented and such record shall be prima facie evidence that the payment in question has been made.

### **5.5 General provisions applicable to payments**

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial bearer of a particular nominal

amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing, if any amount of principal and/or interest in respect of this Note is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of this Note will be made at the specified office of a Paying Agent in the United States if:

- (a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

## 5.6 Payment Day

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay.

For these purposes, "**Payment Day**" means any day which is (subject to Condition 8):

- (a) If, on the second Business Day prior to the Disrupted Payment Date, the Calculation Agent (in its sole and absolute discretion) determines that a FX Settlement Disruption Event has occurred and is subsisting, the Issuer shall give notice (a "**FX Settlement Disruption Notice**") to the Noteholders in accordance with Condition 13 as soon as reasonably practicable thereafter and, in any event, prior to the relevant Disrupted Payment Date.
- (b) Following the occurrence of a FX Settlement Disruption Event:

- (c) If sub-paragraph (b)(A)(ii) applies, the Calculation Agent will determine the FX Settlement Disruption Exchange Rate in its sole and absolute discretion in accordance with the following procedures:
  - (A) the FX Settlement Disruption Exchange Rate shall be the arithmetic mean (rounded, if necessary, to four decimal places (with 0.00005 being rounded upwards)) as determined by or on behalf of the Calculation Agent of the bid and offer Specified Currency/FX Settlement Disruption Currency exchange rates provided by two or more leading dealers on a foreign exchange market (as selected by the Calculation Agent) on such day; or

- (B) if fewer than two leading dealers provide the Calculation Agent with bid and offer Specified Currency/FX Settlement Disruption Currency exchange rates on such day, the Calculation Agent shall determine the FX Settlement Disruption Exchange Rate in its discretion.
- (d) For the avoidance of doubt, no Interest Period will be adjusted as a result of the postponement of any interest payment pursuant to this Condition 5.8, and no additional interest will be paid in respect of any postponement of the date for payment.
- (e) For the avoidance of doubt, nothing contained in this Condition 5.8 shall prevent the Issuer and/or Calculation Agent from determining that an Additional Disruption Event and/or Optional Additional Disruption Event has occurred, in which case, the provisions of Inflation Index-Linked Note Condition 3.7 or Foreign Exchange (FX) Rate-Linked Note Condition 6, as applicable, shall prevail in the event of any conflict between such Conditions and this Condition 5.8.

### **6.1 Redemption at Maturity**

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date. The Final Redemption Amount in respect of each Note will be an amount in the relevant Specified Currency equal to (i) the Calculation Amount multiplied by the Final Redemption Percentage, or (ii) the Final Payout, in each case as specified in the applicable Final Terms, provided that, if the product of the Final Payout is zero, no amount will be payable on redemption of the Note.

"**Final Redemption Percentage**" means the percentage specified in the applicable Final Terms.

### **6.2 Redemption for Tax Reasons**

The Notes will be redeemed at the option of the Issuer, in whole, but not in part, at any time (if this Note is neither a Floating Rate Note, an Inflation Index-Linked Note, a Foreign Exchange (FX) Rate-Linked Note, an Underlying Interest Rate-Linked Note, an Equity Index-Linked Note nor, in the case of Exempt Notes only, a Variable Interest Rate Note or a Variable Redemption Note) or on any Interest Payment Date (if this Note is either a Floating Rate Note, an Inflation Index-Linked Note, a Foreign Exchange (FX) Rate-Linked Note, an Underlying Interest Rate-Linked Note, an Equity Index-Linked Note or, in the case of Exempt Notes only, a Variable Interest Rate Note or a Variable Redemption Note), on giving not less than the minimum period nor more than the maximum period of notice to the Agent and, in accordance with Condition 13, the Noteholders (which notice shall be irrevocable), if:

- (a) on the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 7) or any political subdivision of, or any authority in, or of, a Tax Jurisdiction having power to tax, or any change in the application of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes; and
- (b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Agent to make available at its specified office to the Noteholders a certificate signed by two directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

Notes redeemed pursuant to this Condition 6.2 will be redeemed at their Early Redemption Amount referred to in paragraph 6.6 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

### **6.3 Redemption at the Option of the Issuer (Issuer Call)**

This Condition 6.3 applies to Notes which are specified to be subject to redemption prior to the Maturity Date at the option of the Issuer in the applicable Issue Terms, such option being referred to as an Issuer Call. The applicable Final Terms contains provisions applicable to any Issuer Call and must be read in conjunction with this Condition 6.3 for full information on any Issuer Call. In particular, the applicable Final Terms will identify the Optional Redemption Date(s), the Optional Redemption Amount, any minimum or maximum early redemption amount and the applicable notice periods.

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer shall, having given not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Noteholders in accordance with Condition 13 (which notice shall be irrevocable and shall specify the applicable Optional Redemption Date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Early Redemption Amount or not more than the Maximum Early Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms. The Optional Redemption Amount will be the specified percentage of the nominal amount of the Notes stated in the applicable Final Terms.

In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the case of Redeemed Notes represented by Definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**").

In the case of Redeemed Notes represented by Definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 13 not less than 7 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by Definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of Definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, provided that, if necessary, appropriate adjustments shall be made to such nominal amounts to ensure that each represents an integral multiple of the Specified Denomination. No exchange of the relevant Global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph 6.3 and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 13 at least five days prior to the Selection Date.

In the event of any such redemption, the Luxembourg Stock Exchange shall be notified of such redemption by the Issuer.

### **6.4 Redemption at the Option of the Noteholders (Investor Put)**

This Condition 6.4 applies to Notes which are subject to redemption prior to the Maturity Date at the option of the Noteholder, such option being referred to as an Investor Put. The applicable Final Terms contains provisions applicable to any Investor Put and must be read in conjunction with this Condition 6.4 for full information on any Investor Put. In particular, the applicable Final Terms will identify the Optional Redemption Date(s), the Optional Redemption Amount and the applicable notice periods.

If Investor Put is specified as being applicable in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 13 not less than the minimum period nor more than the maximum period of notice specified in applicable Final Terms, the Issuer will, upon the expiry of such notice, redeem, in whole (but not in part) such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

If the relevant Note is in definitive form, to exercise the right to require redemption of the relevant Note, the holder of such Note must deliver such Note at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, accompanied by a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition accompanied by the relevant Note or evidence satisfactory to the Paying Agent concerned that the relevant Note will, following delivery of the Put Notice, be held to its order or under its control.

If the relevant Note is represented by a Global Note, to exercise the right to require redemption of a Note, the holder of the relevant Note must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear, Clearstream, Luxembourg or any common depositary or common safekeeper for them, as the case may be, to the Agent by electronic means), in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg by a holder of any Note pursuant to this Condition 6.4 shall be irrevocable except where prior to the due date of redemption an Event of Default has occurred and is continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 9.

## **6.5 Redemption for illegality**

In the case of Inflation Index-Linked Notes, Foreign Exchange (FX) Rate-Linked Notes, Underlying Interest Rate-Linked Notes and, in the case of Exempt Notes only, Variable Interest Rate Notes or Variable Redemption Notes, and unless, in the case of Exempt Notes only, otherwise specified in the applicable Pricing Supplement, the Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time on such date as the Issuer may notify to the Noteholders in accordance with Condition 13 if the Issuer determines that the performance by the Issuer of its obligations under the Notes has become unlawful under any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power.

Notes redeemed pursuant to this Condition 6.5 will be redeemed at the Early Redemption Amount referred to in paragraph 6.6 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

## **6.6 Early Redemption Amounts**

For the purpose of paragraphs 6.2 and 6.5 above, 6.12 below and Condition 9, each Note will be redeemed at its Early Redemption Amount calculated as follows or as otherwise provided in the applicable Final Terms or the applicable Schedule:

- (a) in the case of a Note other than a Zero Coupon Note, an Inflation Index-Linked Note, a Foreign Exchange (FX) Rate-Linked Note, an Underlying Interest Rate-Linked Note, an Equity Index-Linked Note or, in the case of Exempt Notes only, a Variable Interest Rate Note or a Variable Redemption Note, at the percentage of its nominal amount specified in the applicable Final Terms or, if no such amount or manner is so specified in the Final Terms, at 100 per cent. of its nominal amount;
- (b) in the case of an Inflation Index-Linked Note, a Foreign Exchange (FX) Rate-Linked Note, an Underlying Interest Rate-Linked Note or, in the case of Exempt Notes only, a Variable Interest Rate Note or a Variable Redemption Note at its Early Redemption Amount specified in the applicable Final Terms, which may be a specified percentage of its nominal amount or, if Market Value less Costs is specified in the applicable Final Terms, at its fair market value (as determined by the relevant Calculation Agent) as at the date of such early redemption less the costs to the Issuer of unwinding or amending any related hedging arrangements, provided that, if no Early Redemption Amount is specified, the Early Redemption Amount will be Market Value less Costs; and
- (c) in the case of a Zero Coupon Note, at an amount (the "**Amortised Face Amount**") calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

"**RP**" means the Reference Price;

"**AY**" means the Accrual Yield expressed as a decimal; and

"**y**" is the Day Count Fraction specified for such Zero Coupon Note in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365);

- (d) or, in the case of any of (a) to (c) above, if such Note is an Exempt Note, at such other amount as specified in the applicable Pricing Supplement.

## 6.7 Instalment Notes

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates. In the case of early redemption of an Instalment Note, the Early Redemption Amount will be determined pursuant to paragraph 6.6 above.

## 6.8 Specific redemption provisions applicable to certain types of Exempt Notes

This sub-Condition applies to Exempt Notes only.

(a) *Variable Redemption Notes and Dual Currency Notes*

The Final Redemption Amount, any Optional Redemption Amount and the Early Redemption Amount in respect of a Variable Redemption Note or a Dual Currency Note and, in the case of a Variable Redemption Note, any other relevant terms may be specified in, or determined in the manner specified in, the applicable Pricing Supplement. For the purposes of Condition 6.2, Dual Currency Notes may be redeemed only on an Interest Payment Date.

(b) *Partly Paid Notes*

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Pricing Supplement.

## **6.9 Purchases**

The Issuer or any of its subsidiaries may at any time purchase Notes (provided that, in the case of Definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. If purchases are made by tender, tenders must be available to all Noteholders alike. Such Notes (to the extent permitted by law) may be held, reissued, resold or, at the option of the Issuer, surrendered to any Paying Agent for cancellation.

## **6.10 Cancellation**

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts and Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to paragraph 6.1 above (together with all unmatured Receipts and Coupons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

## **6.11 Late payment on Zero Coupon Notes**

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph 6.1, 6.2, 6.3, 6.4 or 6.5 above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused by the Issuer or its Agent, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph 6.6(c) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the due date or when paid to the Agent.

## **6.12 Redemption/Adjustment for an Administrator/Benchmark Event**

In the event that an Administrator/Benchmark Event occurs, the Issuer may (at its option and in its sole and absolute discretion):

- (a) instruct the Calculation Agent to make such adjustment(s) to the Terms and Conditions of the Notes as it may determine appropriate in its sole and absolute discretion to account for the relevant event or circumstance and, without limitation, such adjustments may include selecting a successor benchmark(s) and making related adjustments to the Terms and Conditions of the Notes including where applicable to reflect any increased costs of the Issuer providing such exposure to the successor benchmark(s) and, in the case of more than one successor benchmark, making provision for allocation of exposure as between the successor benchmarks; or
- (b) having given not less than 10 nor more than 30 days' notice to the Noteholders in accordance with Condition 13 (which notice shall be irrevocable), on expiry of such notice redeem all,

but not some only, of the Notes, each principal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount determined in accordance with the provisions of Condition 6.6 together (if appropriate) with interest accrued to (but excluding) the date of redemption.

The Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 13 of any adjustment(s) made pursuant to paragraph (a) above.

For the avoidance of doubt, the above is additional, and without prejudice, to any other terms of the Notes. In the event that under any such terms any other consequences could apply in relation to an event or occurrence the subject of an Administrator/Benchmark Event, the Issuer shall determine which terms shall apply in its sole and absolute discretion.

For the purposes of this Condition 6.12:

**"Administrator/Benchmark Event"** means, in relation to any Benchmark, the occurrence of a Benchmark Modification or Cessation Event, a Non-Approval Event, a Rejection Event or a Suspension/Withdrawal Event, all as determined by the Calculation Agent.

**"Benchmark"** means any figure which is a benchmark as defined in BMR and where any amount payable under the Notes, or the value of the Notes, is determined by reference in whole or in part to such figure, all as determined by the Calculation Agent.

**"Benchmark Modification or Cessation Event"** means, in respect of the Benchmark any of the following has occurred or will occur:

- (i) any material change in such Benchmark;
- (ii) the permanent or indefinite cancellation or cessation in the provision of such Benchmark; or
- (iii) a regulator or other official sector entity prohibits the use of such Benchmark.

**"BMR"** means the EU Benchmark Regulation (Regulation (EU) 2016/1011).

**"Non-Approval Event"** means, in respect of the Benchmark:

- (i) any authorisation, registration, recognition, endorsement, equivalence decision or approval in respect of the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be obtained;
- (ii) the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be included in an official register; or
- (iii) the Benchmark or the administrator or sponsor of the Benchmark does not or will not fulfil any legal or regulatory requirement applicable to the Notes, the Issuer, the Calculation Agent or the Benchmark,

in each case, as required under any applicable law or regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes. For the avoidance of doubt, a Non-Approval Event shall not occur if the Benchmark or the administrator or sponsor of the Benchmark is not or will not be included in an official register because its authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended if, at the time of such suspension, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension.

**"Rejection Event"** means, in respect of the Benchmark, the relevant competent authority or other relevant official body rejects or refuses or will reject or refuse any application for authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register which, in each case, is required in relation to the Notes, the Benchmark or the administrator or sponsor of the Benchmark under any applicable law or regulation for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

**"Suspension/Withdrawal Event"** means, in respect of the Benchmark:

- (i) the relevant competent authority or other relevant official body suspends or withdraws or will suspend or withdraw any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Benchmark or the administrator or sponsor of the Benchmark which is required under any applicable law or regulation in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes; or
- (ii) the Benchmark or the administrator or sponsor of the Benchmark is or will be removed from any official register where inclusion in such register is or will be required under any applicable law in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is or will be suspended or where inclusion in any official register is or will be withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Benchmark is permitted in respect of the Notes under the applicable law or regulation during the period of such suspension or withdrawal.

## **7. TAXATION**

All payments of principal and interest in respect of the Notes, Receipts and Coupons by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In such event, and unless the provisions of this Condition 7 are specified not to apply in the relevant Final Terms, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the Noteholders, Receiptholders or Couponholders after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (a) presented for payment to, or to a third party on behalf, of a holder who is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with a Tax Jurisdiction other than the mere holding of such Note, Receipt or Coupon; or
- (b) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 5.6); or
- (c) where such withholding or deduction is required pursuant to (i) an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder or any official interpretations thereof or (ii) Section 871(m) of the Code; or

- (d) where such withholding or deduction is required pursuant to the law of 23 December 2005 (as amended).

As used herein:

- (i) "**Tax Jurisdiction**" means the Grand Duchy of Luxembourg, the jurisdiction in which the Specified Branch (if any) is located (in the case of Exempt Notes only) or any political subdivision or any authority thereof or therein having power to tax or any other jurisdiction or any political subdivision or any authority thereof or therein having power to tax to which payments made by the Issuer of principal and interest on the Notes, Receipts and Coupons become generally subject; and
- (ii) the "**Relevant Date**" means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 13.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 5.2 or any Talon which would be void pursuant to Condition 5.2.

The Luxembourg act dated 3 September 1996 on the involuntary dispossession of bearer securities, as amended (the "**Involuntary Dispossession Act 1996**") requires that, in the event that (i) an opposition has been filed in relation to lost or stolen Notes, Receipts and Coupons and (ii) the Notes, Receipts and Coupons mature prior to becoming forfeited (as provided for in the Involuntary Dispossession Act 1996), any amount that is payable under the Notes, Receipts and Coupons, but has not yet been paid to the Noteholders or Couponholders, must be paid to the *Caisse de Consignations* in Luxembourg until the opposition has been withdrawn or the forfeiture of the Notes, Receipts and Coupons occurs.

- (e) (i) if any judgment has been rendered by any competent court for the liquidation (*liquidation judiciaire*) or the opening of a regime of suspension of payment (*sursis de paiement*) of the Issuer; or (ii) if the Issuer makes or enters into a general assignment or an arrangement or composition with or for the benefit of its creditors or (iii) if an effective voluntary resolution is passed for the dissolution (*dissolution*) and liquidation (*liquidation*) of the Issuer (in each case save for the purposes of amalgamation, merger, consolidation, reorganisation or similar arrangement upon which all the assets of the Issuer are transferred to and all its debts and liabilities assumed by the continuing entity or entity formed as a result of such merger or reorganisation); or

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent in Luxembourg in accordance with any applicable legal requirements and upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence, security and indemnity which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, exchanged for further coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Note, Receipt, Coupon, Talon or further coupons as the Issuer may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

## **11. AGENT AND PAYING AGENTS**

The names of the initial Agent and the other initial Paying Agents and their initial specified offices are set out below. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms.

## **13. NOTICES**

### **13.1 Notes in global form**

So long as any Tranche of Notes is represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to Holders of Notes of that Tranche will, save where another means of effective communication has been specified herein or, in the case of Exempt Notes only, in the relevant Pricing Supplement, be deemed to be validly given if given by delivery of the relevant notice to the clearing system for communication by it to Noteholders in respect of the relevant Notes. Any such notice shall be deemed to have been given to the holders of the Notes on such day as is specified in the applicable Final Terms after the day on which the said notice was given to Euroclear and Clearstream, Luxembourg. If such delivery is not practicable, notices will be deemed to be validly given if published in a leading English language daily newspaper having general circulation in Europe.

### **13.2 Notes admitted to listing, trading and/or quotation**

So long as any Notes are admitted to listing, trading and/or quotation by any competent authority, stock exchange or quotation system, notices to Holders of Notes of such Notes will, save where another means of effective communication has been specified herein or in the relevant Final Terms, be deemed to be validly given if:

- (a) in the case of Notes admitted to listing on the official list and to trading on the Luxembourg Stock Exchange (so long as such Notes are admitted to listing on the official list and to trading on the Luxembourg Stock Exchange and any applicable laws, rules or regulations so require), published in a leading newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or on the website of the Luxembourg Stock Exchange ([www.bourse.lu](http://www.bourse.lu)), and/or in such other manner as may be required by applicable laws, rules and regulations from time to time; and/or
- (b) in the case of Notes admitted to listing, trading and/or quotation by any other competent authority, stock exchange and/or quotation system, if published in such manner as may be required by the applicable laws, rules and regulations of that competent authority, stock exchange and/or quotable system from time to time, including publication on the website of the relevant competent authority, stock exchange or quotation system, if required by such laws, rules or regulations.

### **13.3 In any other cases**

Where both Condition 13.1 and Condition 13.2 are inapplicable, notices will, save where another means of effective communication has been specified herein or in the relevant Final Terms, be deemed to be validly given if published in a leading daily newspaper having general circulation in

the United Kingdom (which is expected to be the Financial Times), or, if such publication is not practicable, if published in a leading English language daily newspaper having general circulation in Europe.

#### **13.4 General**

For the avoidance of doubt, where both Condition 13.1 and Condition 13.2 apply, notices must be given in the manner specified in Condition 13.1 and Condition 13.2 in order to be deemed to be validly given.

Notices to Holders of Notes of any Exempt Notes may, at the sole discretion of the Issuer and solely for informational purposes, also be published on the website of the Issuer and/or of any other entity specified in the relevant Final Terms for this purpose.

Any notice will be deemed to have been validly given on the date and time of such notification (or, if required to be notified in more than one manner, on the first date on which notification shall have been made in all required manners).

Holders of Coupons will be deemed for all purposes to have notice of the contents of any notice validly given to Holders of Notes in accordance with this Condition.

#### **13.5 Notices by Noteholders**

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Definitive Note) with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Agent via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

### **14. MEETINGS OF NOTEHOLDERS, MODIFICATION AND WAIVER**

Noteholders will belong to a masse (the "**Masse**") created, among other things, for the representation of their common interests pursuant to the provisions of the Law of the Grand Duchy of Luxembourg of 10 August 1915 on commercial companies, as amended (*loi du 10 août 1915 concernant les sociétés commerciales, telle qu'elle a été modifiée*) (the "**Luxembourg Company Law**"). The following is a summary of the relevant provisions of the Luxembourg Company Law. A general meeting of the Noteholders (the "**Masse Meeting**") or a court order may appoint and determine the powers of one or more representatives (the "**Representatives**"). Where Representatives have been appointed, Noteholders may no longer individually exercise their rights against the Issuer. A *Masse Meeting* may be called at any time by the Representatives (if any), the Board of Directors of the Issuer, or the auditors of the Issuer. The Representatives or the auditors of the Issuer, provided an advance on expenses has been paid to them by the Issuer, or the Board of Directors of the Issuer must convene a *Masse Meeting* if called upon to do so by the Noteholders representing 5 per cent. or more of the Notes outstanding. Meetings of Noteholders will be convened by notices published at least fifteen days prior to the meeting in RESA, *Recueil électronique des sociétés et associations* and in one newspaper published in Luxembourg. All *Masse Meetings* shall be held at the place specified in the notice calling the meeting. All Noteholders have the right to attend and vote at a *Masse Meeting* either personally or by proxy. Each voter shall have, on a show of hands one vote, and on a poll, one vote in respect of each unit of currency relating to the nominal amount of Notes represented or held by him. A *Masse Meeting* may be called to approve certain changes in the rights of the Noteholders and may, generally, determine any measures designed to ensure the defence of interests or the exercise of the rights of the Noteholders in accordance with the provisions of the Luxembourg Company Law. A *Masse Meeting* may deliberate validly without a quorum and by a vote of a simple majority of Noteholders attending or represented at such *Masse Meeting* on the appointment and

revocation of the Representatives, the revocation of special representatives appointed by the Issuer and the approval of any measures of a conservatory nature in the general interests of the Noteholders. On all other matters a *Masse* Meeting may deliberate validly on first convocation only if Noteholders present or represented hold at least 50 per cent. of the Notes then outstanding. The Board of Directors of the Issuer or Noteholders representing 10 per cent. of the Notes then outstanding may require the adjournment of the meeting for four weeks. A new meeting must be called for by convening notices to be published at least 15 days before the second meeting in one newspaper published in Luxembourg and in the *Mémorial*. On the second convocation no quorum is required. Decisions at such meetings shall be taken by a majority of 66 2/3 per cent. of the votes cast by Noteholders attending such meetings or represented thereat.

The Agent and the Issuer may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (a) any modification of the Agency Agreement which is not prejudicial to the interest of the Noteholders; or
- (b) any modification of the Notes, the Receipts, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 13 as soon as practicable thereafter.

For the avoidance of doubt, no Noteholder, Receiptholder or Couponholder may initiate proceedings against the Issuer based on article 470-21 of the Luxembourg Company Law.

## 15. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders, Receiptholders or Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the issue date, the amount and date of the first payment of interest thereon and the date from which interest starts to accrue so that the same shall be consolidated and form a single Series with the outstanding Notes.

## 16. SUBSTITUTION

Subject to the provisions of this Condition, the Noteholders and the Couponholders, by subscribing to or purchasing any Notes or Coupons, expressly consent to the Issuer, or any previously substituted company, at any time, but where applicable, with the prior authorisation of the CSSF, substituting for itself as principal debtor under any Series of the Notes, the Receipts, the Coupons and the Talons any subsidiary branch or affiliate of the Issuer or the successor company of the Issuer or jointly and severally one or more companies to whom the Issuer has transferred all of its assets and business undertakings (in each case the "**Substitute**"), provided that no payment in respect of the Notes, the Receipts or the Coupons is at the relevant time overdue, no steps have been taken to admit the Issuer to a regime of suspension of payments (*sursis de paiement*) and (except in the case of a solvent reorganisation or amalgamation) no judgment has been rendered or an effective voluntary resolution has been passed for the dissolution and liquidation of the Issuer. Such substitution effected in accordance with this Condition 16 will release the Issuer or any previous substituted company from any and all further obligations in respect of the Notes and the Noteholders and Couponholders expressly consent hereto. The substitution shall be made by a written undertaking (the "**Undertaking**") to be substantially in the form scheduled to the Agency Agreement and may take place only if:

- (a) the Substitute, by means of the Undertaking, agrees to indemnify each Noteholder and Couponholder against any tax, duty, assessment, withholding, deduction or governmental charge which is imposed on it by (or by any taxing authority in or of) the jurisdiction of the country of the Substitute's residence for tax purposes and, if different, of its incorporation (and, if applicable, the jurisdiction of any Guarantor (as set out under (b) below) with respect to any Note, Receipt, Coupon or Talon or by the country in which any Noteholder or Couponholder resides and which would not have been so imposed had the substitution not been made, as well as against any tax, duty assessment or governmental charge, and any cost or expense, relating to the substitution;
- (b) unless the Substitute is the successor company of the Issuer or one or more companies to whom the Issuer has transferred all of its assets and business undertakings each of whom are to be jointly and severally liable as principal debtor, the obligations of the Substitute under the Undertaking, the Notes and the Coupons are unconditionally and irrevocably guaranteed by the Issuer or its successor or each of the companies to whom together the Issuer has transferred all of its assets and business undertakings (each a "**Guarantor**") by means of a guarantee substantially in the form contained in the Undertaking (the "**Guarantee**");
- (c) all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Undertaking, the Notes, the Receipts, the Coupons and the Talons represent valid, legally binding and enforceable obligations of the Substitute and, in the case of the Guarantee, of the Guarantor have been taken, fulfilled and done and are in full force and effect;
- (d) the Substitute has become party to the Agency Agreement, with any appropriate consequential amendments, as if it had been an original party to it;
- (e) legal opinions addressed to the Noteholders have been delivered to them (care of the Agent) from a lawyer or a firm of lawyers with a leading securities practice in each jurisdiction referred to in (a) above and in Luxembourg that the Undertaking, the Notes (and, where applicable, the Receipts, Coupons and Talons) represent valid, legally binding and enforceable obligations of the Substitute and, in the case of the Guarantee, of the Guarantor(s);
- (f) the substitution does not affect adversely any rating of the Notes by Moody's, S&P and Fitch (as applicable) or, if any such rating agency has ceased to exist at the relevant time, any two existing internationally recognised rating agencies; and
- (g) the Issuer has given at least 14 days' prior notice of such substitution to the Noteholders, stating that copies of all documents (in final form) in relation to the substitution which are referred to above, or which might otherwise reasonably be regarded as material to Noteholders, will be available for inspection at the specified office of each of the Paying Agents.

References in Condition 9 to obligations under the Notes shall be deemed to include obligations under the Undertaking and, where the Undertaking contains a Guarantee, the events listed in Condition 9 shall be deemed to include such Guarantee not being (or being claimed by the Guarantor not to be) in full force and effect. In addition, the Guarantee shall contain events of default in respect of the Notes in the same or analogous terms as Condition 9 relating to the Guarantor (except that references in Condition 9(a) to failure to pay principal and interest on the Notes shall be a reference to failure to pay under the Guarantee).

References to "outstanding" in relation to Notes of any Series shall, on a substitution of the Issuer where the Guarantor guarantees the Notes, not include Notes held by the Guarantor and its subsidiaries for the purposes of (i) ascertaining the right to attend and vote at any meeting of the

Noteholders and (ii) the determination of how many Notes are outstanding for the purposes of Condition 14.

In the event of any such substitution, the Issuer shall notify the CSSF and/or the Luxembourg Stock Exchange and prepare, or procure the preparation of, a supplement to this Base Prospectus.

## **17. CURRENCY INDEMNITY**

If any sum due from the Issuer in respect of the Notes or the Coupons or any order or judgment given or made in relation thereto has to be converted from the currency (the "**first currency**") in which the same is payable under these Conditions or such order or judgment into another currency (the "**second currency**") for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the specified office of the Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

## **18. ROUNDING**

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

## **19. GOVERNING LAW AND SUBMISSION TO JURISDICTION**

- 19.1 The Luxembourg Notes, the Receipts, the Coupons and the Talons relating to the Luxembourg Notes are governed by Luxembourg law.
- 19.2 The Agency Agreement and all non-contractual obligations arising out of or in connection with it are governed by English law.
- 19.3 (a) With regard to the Luxembourg Notes and the Receipts, Coupons and Talons relating to the Luxembourg Notes, subject to Condition 19.3(c) below, the courts of Luxembourg, the Grand Duchy of Luxembourg have exclusive jurisdiction to settle any dispute arising out of or in connection with the Luxembourg Notes and the Receipts, Coupons and/or Talons relating to the Luxembourg Notes (including any dispute as to their existence, validity interpretation, performance, breach or termination or the consequences of their nullity) (a "**Dispute**") and accordingly each of the Issuer, the Noteholders, the Receiptholders, the Couponholders and the Talonholders in relation to any Dispute submit to the exclusive jurisdiction of the courts of Luxembourg, the Grand Duchy of Luxembourg.

- (b) For the purposes of this Condition 19.3, the Issuer waives any objection to the courts of Luxemburg, the Grand Duchy of Luxembourg on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.
- (c) To the extent allowed by law the Noteholders, Receiptholders, Couponholders and Talonholders may, in respect of any Dispute or Disputes take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.

##### 1.1 Fixed Income Interest Rates

The following Rate of Interest will apply to the Notes if specified in the applicable Final Terms:

(a) **FI Digital Coupon**

If FI Digital Coupon is specified as applicable in the applicable Final Terms:

- (i) if the FI Digital Coupon Condition is satisfied in respect of the relevant FI Interest Valuation Date:

$$\text{Min} \left( \text{Global Cap A, Max} \left( \text{Global Floor A,} \left( \sum_{i=1}^n \text{Gearing A}_{(i)} \times \text{FI Rate A}_{(i)} \right) + \text{Constant A} \right) \right); \text{ or}$$

- (ii) if the FI Digital Coupon Condition is not satisfied in respect of the relevant FI Interest Valuation Date:

***Description of the Payout***

*A FI Digital Coupon provides that the Notes bear interest at one of 2 specified rates depending upon whether or not the specified FI Digital Coupon Condition is satisfied. The specified rate can be (i) a fixed percentage or (ii) a fixed percentage (which may be equal to zero) plus a floating rate, where the floating rate may be the sum of one or more floating interest rates or inflation rates with individual gearings applied. The payout may be subject to a minimum level (equal to the Global Floor) or a maximum level (equal to the Global Cap). The Gearing may be zero, a negative or a positive number and the fixed percentage may be equal to zero.*

The interest payable on each Interest Payment Date is equal to  $K * n/N$ , where n is the number of Range Accrual Days in the Range Accrual Period on which the Range Accrual Coupon Condition is satisfied and N is the total number of Range Accrual Days in the Range Accrual Period. K can be a fixed percentage or a floating rate plus a margin (which may be zero) and is subject to a minimum level (equal to the Local Floor) or a maximum level (equal to the Local Cap). The Substitute Inflation Index Level so determined pursuant to this Inflation Index-Linked Note Condition 1 will be the definitive level for that Reference Month.

## 2. **Successor Inflation Index**

- 2.1 If the Calculation Agent determines that the level of an Inflation Index is not calculated and announced by the Index Sponsor for two consecutive months and/or the Index Sponsor announces that it will no longer continue to publish or announce the Inflation Index and/or the Index Sponsor cancels the Inflation Index, then the Calculation Agent shall determine a successor index (a "**Successor Inflation Index**") (in lieu of any previously applicable Index) for the purposes of the Notes as follows:
- (a) if Related Bond is specified as applicable in the relevant Final Terms, the Calculation Agent shall determine a "Successor Inflation Index" by reference to the corresponding successor index determined under the terms and conditions of the Related Bond;

  - (c) if no Successor Inflation Index has been deemed under (a) or (b) the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Inflation Index should be; if between four and five responses are received, and of those four or five responses, three or more leading independent dealers state the same index, such index will be deemed the "Successor Inflation Index"; if three responses are received, and two or more leading independent dealers state the same index, such index will be deemed the "Successor Inflation Index"; if fewer than three responses are received by the Cut-Off Date or if each of the responses received state different indices the Calculation Agent will determine an appropriate alternative index for such affected payment date, and such index will be deemed a "Successor Inflation Index"; or
  - (d) if the Calculation Agent determines that there is no appropriate alternative index there will be deemed to be no Successor Inflation Index and an Index Cancellation will be deemed to have occurred.
- 2.2 For the avoidance of doubt, the Calculation Agent shall determine the date on which the Successor Inflation Index shall be deemed to replace the Index for the purposes of the Inflation Index-Linked Notes. Notice of the determination of a Successor Inflation Index, the effective date of the Successor Inflation Index or the occurrence of an Index Cancellation will be given to Noteholders of the Inflation Index-Linked Notes by the Issuer in accordance with Euro Note Condition 14 or Luxembourg Note Condition 13, as the case may be.

The Issuer shall give notice to the Noteholders of any valid revision in accordance with Euro Note Condition 14 or Luxembourg Note Condition 13, as the case may be.
- (b) If, within 30 days of publication or at any time prior to a Determination Date in respect of which a Relevant Level will be used in any calculation or determination in respect of such Determination Date, the Calculation Agent determines that the Index Sponsor has corrected the Relevant Level to correct a manifest error, the Calculation Agent may make any adjustment to any amount payable under the Notes and/or any other relevant term of the Notes as the Calculation Agent deems appropriate as a result of such correction and/or determine the amount (if any) that is payable as a result of that correction. The Issuer shall give notice to the Noteholders of any such adjustment and/or amount in accordance with Euro Note Condition 14 or Luxembourg Note Condition 13, as the case may be.
- (c) If a Relevant Level is published or announced at any time after the Cut-Off Date in respect of a Determination Date in respect of which a Substitute Inflation Index Level was determined, the Calculation Agent may either (i) determine that such Relevant Level shall not be used in any calculation or determination under the Notes and that the Substitute Inflation Index Level shall be deemed to be the definitive Relevant Level for the relevant Reference Month, or (ii) make any adjustment to any amount payable under the Notes and/or any other relevant term of the Notes as it deems appropriate as a result of the announcement or publication of the Relevant Level and/or determine the amount (if any) that is payable as a result of such publication or announcement. The Issuer shall give notice to the Noteholders of any determination in respect of (i) or (ii), together with

any adjustment or amount in respect thereof, in accordance with Euro Note Condition 14 or Luxembourg Note Condition 13, as the case may be.

If the Calculation Agent determines that neither (a) nor (b) above would produce a commercially reasonable result, the Issuer may redeem each Note on a date notified by the Issuer to Noteholders in accordance with Euro Note Condition 14 or Luxembourg Note Condition 13, as the case may be, at its fair market value as determined by the Calculation Agent as at the date of redemption taking into account the rebasing, less the cost to the Issuer of unwinding or amending any related underlying hedging arrangements. Notice of any adjustment, redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Euro Note Condition 14 or Luxembourg Note Condition 13, as the case may be.

- (b) If the Calculation Agent determines that an Index Modification has occurred at any time after the Cut-Off Date in respect of any Determination Date, the Calculation Agent may determine either to ignore such Index Modification for the purposes of any calculation or determination made by the Calculation Agent with respect to such Determination Date, in which case the relevant Index

Modification will be deemed to have occurred with respect to the immediately succeeding Determination Date such that the provisions of paragraph (a) above will apply, or, notwithstanding that the Index Modification has occurred following the Cut-Off Date, to make any adjustments as the Calculation Agent deems fit in accordance with paragraph (a) above.

- (ii) if an Averaging Date or any Settlement Price Date is a Disrupted Day but is not the Redemption Valuation Date, if Delayed Redemption on the Occurrence of a Disruption Event is specified as being not applicable in the applicable Final Terms, on giving notice to Noteholders in accordance with Euro Note Condition 14 or Luxembourg Note Condition 13, as the case may be, the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of such Note, less the cost to the Issuer of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. If specified as applicable in the applicable Final Terms, the terms and conditions applicable to Notes specified in the applicable Final Terms as Underlying Interest Rate-Linked Interest Notes or Underlying Interest Rate-Linked Redemption Notes (together, "**Underlying Interest Rate-Linked Notes**") shall comprise either (i) the terms and conditions of Notes (the "**Euro Note Conditions**") or (ii) the terms and conditions of the Luxembourg Notes (the "**Luxembourg Note Conditions**" and, together with the Euro Note Conditions, the "**Note Conditions**") and, in each case, the additional Terms and Conditions for Underlying Interest Rate-Linked Notes set out below (the "**Underlying Interest Rate-Linked Note Conditions**") together with any other additional terms and conditions specified in the applicable Final Terms, the Payout Conditions and subject to completion and/or (in the case of Exempt Notes only) amendment in the applicable Final Terms. In the event of any inconsistency between (a) the Note Conditions and (b) the Underlying Interest Rate-Linked Note Conditions, the Underlying Interest Rate-Linked Note Conditions shall prevail. In the event of any inconsistency between (i) the Note Conditions and/or the Underlying Interest Rate-Linked Note Conditions and (ii) the applicable Final Terms, the applicable Final Terms shall prevail.

#### 1. **Underlying Interest Rate Determination**

In respect of each Underlying Interest Determination Date specified in the applicable Final Terms, the Underlying Interest Rate will be determined in the manner specified in the applicable Final Terms.

#### 2. **ISDA Determination**

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Underlying Interest Rate is to be determined, the Underlying Reference Rate will be the relevant Underlying ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Underlying Margin (if any) specified in the applicable Final Terms. For the purposes of these Underlying Interest Rate-Linked Note Conditions, "**Underlying ISDA Rate**" means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent (as defined in the ISDA Definitions) for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "**ISDA Definitions**") and under which:

(expressed as a percentage rate per annum) for the Underlying Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page as at the Specified Time (Underlying) indicated in the applicable Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Underlying Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Underlying Margin (if any), all as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

In the event that the Relevant Screen Page is not available or if, in the case of (a) above, no such offered quotation appears or, in the case of (b) above, fewer than three such offered quotations appear, in each case as at the Specified Time (Underlying) indicated above or in the applicable Final Terms, the Calculation Agent will determine the Underlying Reference Rate as the rate it determines would have prevailed but for such non-availability or other event acting in good faith and using its reasonable judgment.

The Calculation Agent will, on or as soon as practicable after each date on which the Underlying Interest Rate is to be determined (the "**Underlying Interest Determination Date**"), determine the Underlying Reference Rate (subject to any Minimum Underlying Reference Rate or Maximum Underlying Reference Rate specified in the applicable Final Terms). The Calculation Agent will notify the Agent of the Underlying Reference Rate as soon as practicable after calculating the same.

#### 1. Market Disruption

"**Market Disruption Event**" means:-

- (a) in respect of a Composite Index either:
  - (i) (A) the occurrence or existence, in respect of any Component Security, of:
    - (1) a Trading Disruption in respect of such Component Security, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded;
    - (2) an Exchange Disruption in respect of such Component Security, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded; or
    - (3) an Early Closure in respect of such Component Security; and
  - (B) the aggregate of all Component Securities in respect of which a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists comprises 20 per cent. or more of the level of such Equity Index; or
- (ii) the occurrence or existence, in respect of futures or options contracts relating to such Equity Index, of: (a) a Trading Disruption; (b) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that ends at the Valuation Time in respect of the Related Exchange; or (c) an Early Closure, in each case in respect of such futures or options contracts.

For the purposes of determining whether a Market Disruption Event exists in respect of a Component Security at any time, if a Market Disruption Event occurs in respect of such Component Security at that time, then the relevant percentage contribution of that Component Security to the level of such Equity Index shall be based on a comparison of (x) the portion of the level of the Equity Index attributable to that Component Security to (y) the

overall level of such Equity Index, in each case using the official opening weightings as published by the Index Sponsor as part of the market "opening data"; and

- (b) in the case of Equity Indices other than Composite Indices, the occurrence or existence of (i) a Trading Disruption, (ii) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that (a) for the purposes of the occurrence of a Knock-in Event or a Knock-out Event begins or ends at the time when the level of such Equity Index triggers respectively the Knock-in Level or the Knock-out Level or (b) in all other circumstances ends at the relevant Valuation Time, or (iii) an Early Closure. For the purposes of determining whether a Market Disruption Event in respect of such Equity Index exists at any time, if a Market Disruption Event occurs in respect of a security included in such Equity Index at any time, then the relevant percentage contribution of that security to the level of such Equity Index shall be based on a comparison of (x) the portion of the level of such Equity Index attributable to that security and (y) the overall level of the Equity Index, in each case immediately before the occurrence of such Market Disruption Event. The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Euro Note Condition 14 or Luxembourg Note Condition 13, as the case may be, of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been the Strike Date, an Averaging Date, an Observation Date, the Automatic Early Redemption Valuation Date or a Valuation Date, as the case may be.

## 2. Adjustments to an Equity Index

### 2.1 Successor Index Sponsor Calculates and Reports an Equity Index

If a relevant Equity Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (the "**Successor Index Sponsor**") acceptable to the Calculation Agent, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Equity Index, then in each case that index (the "**Successor Index**") will be deemed to be the Equity Index.

### 2.2 Modification and Cessation of Calculation of an Equity Index

If (i) on or prior to the Strike Date, the last Averaging Date, the last Observation Date, the last Valuation Date, the last Knock-in Determination Day or the last Knock-out Determination Day, the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Equity Index or in any other way materially modifies that Equity Index (other than a modification prescribed in that formula or method to maintain that Equity Index in the event of changes in constituent stock and capitalisation and other routine events) (an "**Index Modification**"), or permanently cancels a relevant Equity Index and no Successor Index exists (an "**Index Cancellation**"), or (ii) on the Strike Date, an Averaging Date, an Observation Date, a Valuation Date, a Knock-in Determination Day or a Knock-out Determination Day, the Index Sponsor or (if applicable) the Successor Index Sponsor fails to calculate and announce a relevant Equity Index (an "**Index Disruption**" and, together with an Index Modification and an Index Cancellation, each an "**Index Adjustment Event**"), then,

- (a) the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Notes and, if so, shall calculate the relevant value, level or price using, in lieu of a published level for that Equity Index, the level for that Equity Index as at the Valuation Time on that Strike Date, that Valuation Date, Observation Date, Averaging Date, Knock-in Determination Day or Knock-out Determination Day, as the case may be, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Equity Index last in effect prior to the change, failure or cancellation, but using only those

securities that comprised that Equity Index immediately prior to that Index Adjustment Event; or

- (b) unless Delayed Redemption on the Occurrence of Index Adjustment Event is specified as being applicable in the applicable Final Terms, on giving notice to Noteholders in accordance with Euro Note Condition 14 or Luxembourg Note Condition 13, as the case may be, the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of a Note taking into account the Index Adjustment Event, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Euro Note Condition 14 or Luxembourg Note Condition 13; or
- (c) if Delayed Redemption on the Occurrence of Index Adjustment Event is specified as being applicable in the applicable Final Terms, the Calculation Agent shall calculate the fair market value of each Note taking into account the Index Adjustment Event less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (the "**Calculated Index Adjustment Amount**") as soon as practicable following the occurrence of the Index Adjustment Event (the "**Calculated Index Adjustment Amount Determination Date**") and on the Maturity Date shall redeem each Note at an amount calculated by the Calculation Agent equal to (x) the Calculated Index Adjustment Amount plus interest accrued from and including the Calculated Index Adjustment Amount Determination Date to but excluding the Maturity Date at a rate equal to the Issuer's funding cost at such time or (y) if Principal Protected Termination Amount is specified as being applicable in the applicable Final Terms and if greater, at its nominal amount.

### 2.3 Notice

The Calculation Agent shall, as soon as practicable, notify the relevant Agent of any determination made by it pursuant to paragraph 2.2 above and the action proposed to be taken in relation thereto and such Agent shall make available for inspection by Noteholders copies of any such determinations.

### 3. Correction of Equity Index

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment under the Notes calculated by reference to the level of an Equity Index, if the level of the Equity Index published on a given day and used or to be used by the Calculation Agent to make any determination under the Notes is subsequently corrected and the correction is published by the relevant Index Sponsor or (if applicable) the relevant Successor Index Sponsor, (i) in respect of a Composite Index, no later than five Exchange Business Days following the date of the original publication or, (ii) in respect of an Equity Index which is not a Composite Index, within the number of days equal to the Index Correction Period of the original publication, the level to be used shall be the level of the Equity Index as so corrected. Corrections published after the day which is three Exchange Business Days prior to a due date for payment under the Notes calculated by reference to the level of the Equity Index will be disregarded by the Calculation Agent for the purposes of determining the relevant amount to be paid.

### 4. Additional Disruption Events and Optional Additional Disruption Events

- 4.1 If an Additional Disruption Event and/or an Optional Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (a), (b) or (if applicable) (c) below:

- (a) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to the Weighting and/or any of the other terms of these Equity Index-Linked Conditions and/or the applicable Final Terms to account for the Additional Disruption Event and/or Optional Additional Disruption Event, as the case may be, and determine the effective date of that adjustment; or
- (b) unless Delayed Redemption on the Occurrence of Additional Disruption Event and/or Optional Additional Disruption Event, as the case may be, is specified as being applicable in the applicable Final Terms, redeem the Notes by giving notice to Noteholders in accordance with Euro Note Condition 14 or Luxembourg Note Condition 13, as the case may be. If the Notes are so redeemed the Issuer will pay an amount to each Noteholder in respect of each Note held by him which amount shall be the fair market value of a Note taking into account the Additional Disruption Event and/or Optional Additional Disruption Event, as the case may be, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Euro Note Condition 14 or Luxembourg Note Condition 13, as the case may be; or

## 3. Trend information

### *Macroeconomic environment*

Macroeconomic and market conditions affect BGL's results. The nature of BGL's business makes it particularly sensitive to macroeconomic and market conditions in Europe, which have been at times challenging and volatile in recent years.

In 2017, global growth increased to about 3.5 per cent., reflecting an improvement in all geographic regions. In the large developed countries, this increase in activity is leading to a tightening of, or a tapering of, accommodating monetary policy. However, with inflation levels still very moderate, the

central banks are able to manage this transition very gradually, without compromising the economic outlook. The IMF expects worldwide growth to strengthen further in 2018 and has revised its forecast from +3.6% to +3.7%: the slight slowdown expected in the advanced economies should be more than offset by the forecasted improvement in the emerging economies (driven by the recovery in Latin America and the Middle East, and despite the structural, lower pace of economic growth in China).

In this context, the following two risk categories can be identified:

*Risks of financial instability due to the conduct of monetary policies*

Two risks should be emphasised: a sharp increase in interest rates and the current, very accommodating monetary policy being maintained for too long.

On the one hand, the continued tightening of monetary policy in the United States (which started in 2015) and the less accommodating monetary policy in the euro zone (a planned reduction in asset purchases starting in January 2018) involve risks of financial turbulence. The risk of an inadequately controlled rise in long-term interest rates may in particular be emphasised, under the scenario of an unexpected increase in inflation or an unanticipated tightening of monetary policies. If this risk materialises, it could have negative consequences on the asset markets, particularly those for which risk premiums are extremely low compared to their historic average, following a decade of accommodating monetary policies (credit to non-investment grade corporates or countries, certain sectors of the equity markets, real estate, etc.).

On the other hand, despite the upturn since mid-2016, interest rates remain low, which may encourage excessive risk-taking among some financial market participants: lengthening maturities of financings and assets held, less stringent credit policy and an increase in leveraged financings.

Some of these participants (insurance companies, pension funds, asset managers, etc.) have an increasingly systemic dimension and in the event of market turbulence (linked for example to a sharp rise in interest rates and/or a sharp price correction) they could be brought to unwind large positions in relatively weak market liquidity.

*Systemic risks related to increased debt*

Macroeconomically, the impact of a rate increase could be significant for countries with high public and/or private debt-to-GDP ratio. This is particularly the case for the United States and certain European countries (in particular Greece, Italy and Portugal), which are posting public debt-to-GDP ratios often above 100% but also for emerging countries.

Between 2008 and 2017, emerging countries recorded a marked increase in their debt, including foreign currency debt owed to foreign creditors. The private sector was the main source of the increase in this debt, but also the public sector to a lesser extent, particularly in Africa. These countries are particularly vulnerable to the prospect of a tightening in monetary policies in the advanced economies. Capital outflows could weigh on exchange rates, increase the costs of servicing that debt, import inflation, and cause the emerging countries' central banks to tighten their credit conditions. This would bring about a reduction in forecasted economic growth, possible downgrades of sovereign ratings and an increase in risk for banks. While the exposure of the BNPP Group into emerging countries is limited, the vulnerability of these economies may generate disruptions in the global financial system that could affect the BNPP Group (including BGL) and potentially alter its results.

It should be noted that the debt-related-risk could materialise not only in the event of a sharp rise in interest rates, but also with any negative growth shock.

### *Laws and regulations applicable to financial institutions*

Recent and future changes in the laws and regulations applicable to financial institutions or their business activities may have a significant impact on BGL. Measures that were recently adopted or which are (or whose application measures are) still in draft format, that have or are likely to have an impact on BGL notably include:

- the structural reforms comprising the French banking law of 26 July 2013 requiring that banks create subsidiaries for or segregate "speculative" proprietary operations from their traditional retail banking activities, the "Volcker rule" in the US which restricts proprietary transactions, sponsorship and investment in private equity funds and hedge funds by US and foreign banks, and upcoming potential changes in Europe;
- regulations governing capital: the Capital Requirements Directive IV ("**CRD 4**") / the Capital Requirements Regulation ("**CRR**") and proposed amendments to these (see below), the international standard for total loss-absorbing capacity ("**TLAC**") and BGL has been identified as "other systemically important institutions" within the meaning of Article 59-3 of the Law of 5 April 1995 on the financial sector;
- the European Single Supervisory Mechanism and the ordinance of 6 November 2014;
- the Directive of 16 April 2014 related to deposit guarantee systems and its delegation and implementing decrees, the Directive of 15 May 2014 establishing a Bank Recovery and Resolution framework (Directive 2014/59/EU, the "**BRRD**"), amended by Directive 2017/2399 on the ranking of unsecured debt instruments in the insolvency hierarchy of 12 December 2017, and other proposed amendments to the BRRD, the Single Resolution Mechanism establishing the Single Resolution Council and the Single Resolution Fund (the "**SRM Regulation**" and proposed amendments to the SRM Regulation);
- the Final Rule by the US Federal Reserve imposing tighter prudential rules on the US transactions of large foreign banks, notably the obligation to create a separate intermediary holding company in the US (capitalised and subject to regulation) to house their US subsidiaries;
- the rules for the regulation of over-the-counter derivative activities pursuant to Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, notably margin requirements for uncleared derivative products and the derivatives of securities traded by swap dealers, major swap participants, security-based swap dealers and major security-based swap participants, and the rules of the US Securities and Exchange Commission which require the registration of banks and major swap participants active on derivatives markets as well as transparency and reporting on derivative transactions;
- the Markets in Financial Instruments Directive ("**MiFID II**") and Markets in Financial Instruments Regulation ("**MiFIR**"), and the Regulation on OTC derivative transactions, central counterparties and trade repositories (Regulation (EU) No 648/2012 ("**EMIR**") governing (among other things) the clearing of certain over-the-counter derivative products by centralised counterparties, reporting of all derivative transactions and risk mitigation requirements (including, in some cases, margin requirements) for uncleared derivatives and proposed amendments to EMIR published on 4 May 2017;
- the regulation on the reporting and transparency of securities financing transactions (Regulation (EU) 2015/2365, the "**SFTR**");
- the regulation on key information documents for packaged retail and insurance-based investment products (the "**PRIIPs Regulation**") in relation to drawing up, publishing and

- providing a key information document ("**KID**") for PRIIPs made available to retail investors;
- the new market abuse regulation ("**MAR**", Regulation (EU) 596/2014);
  - the rules for the regulation of administration of, contribution to and use of benchmarks in the Union pursuant to the EU Benchmarks Regulation (the "**EU Benchmarks Regulation**", Regulation (EU) 2016/1011);
  - the Capital Markets Union ("**CMU**") initiative, including the new Prospectus Regulation ("**PD3**") and the simple, transparent and standardised ("**STS**") securitisation initiative;
  - proposed amendments to the Capital Requirements Directive and Regulation, commonly referred to as CRD V/CRR II. The proposed directive and accompanying regulation finalise Basel III in Europe and implement the revisions to capital and liquidity standards agreed globally at the Basel Committee for Banking Supervision; and
  - the General Data Protection Regulation ("**GDPR**") that became effective on 25 May 2018, moving the European data confidentiality environment forward and improving personal data protection within the European Union. Businesses run the risk of severe penalties if they do not comply with the standards set by the GDPR. This Regulation applies to all banks providing services to European clients.

### ***Cyber risk***

In recent years, financial institutions have been impacted by a number of cyber incidents, notably involving large-scale alterations of data which compromise the quality of financial information. This risk remains and BGL, like other banks, has taken measures to implement systems to deal with cyber attacks that could destroy or damage data and critical systems and hamper the smooth running of its operations. Moreover, the regulatory and supervisory authorities are taking initiatives to promote the exchange of information on cyber security and cyber criminality in order to improve the security of technological infrastructures and establish effective recovery plans after a cyber incident.

Save as set out above, there are no known trends, uncertainties, demands, commitments or events that are reasonably likely to have a material effect on BGL BNP Paribas' prospects for the current financial year.

*This sub-section applies to Non-exempt Notes only.*

In the event of an offer of any Notes which is an offer to the public within the meaning of the Prospectus Directive but which is not made in circumstances contemplated in Article 3(2) of the Prospectus Directive (an "**Offer**"), the general conditions in relation to such Offer are as set out below, as further specified for each Series of Notes in the applicable Final Terms and/or subject as otherwise provided in the applicable Final Terms.

Investors should note that if a supplement to or an updated version of this Base Prospectus is published at any time during an Offer Period (as defined below), such supplement or updated base prospectus as the case may be, will be published and made available in accordance with the arrangements applied to the original publication of the applicable Final Terms. Any investors who have indicated acceptances of the offer of the relevant Notes prior to the date of publication of such supplement or updated version of the Base Prospectus, as the case may be (the "**Publication Date**"), have the right within two working days of the Publication Date to withdraw their acceptances.

#### 1.1 Offer size

The anticipated size of the offer of the Notes to the public will be set out in the applicable Final Terms as a fixed amount, as a minimum amount subject to increase, or as a range. The actual nominal amount of Notes offered can be decreased or increased by the Issuer at any time before the relevant Issue Date. It will be determined by the Issuer, after consultation with the arranger(s) of such offer, taking into account prevailing market conditions (including those in the debt and equity markets) and other relevant criteria and factors, including (but not limited to) demand for the Notes during the subscription period, broader economic and financial conditions and prospects and conditions affecting the Issuer's ability to source or price hedging transactions with respect to its obligations under the Notes on terms satisfactory to it.

Once the results of the Offer have been determined, the actual nominal amount of Notes that will be allotted to the subscribers and issued will be filed with the appropriate competent authority(ies) and communicated in the same manner in which the Base Prospectus and the applicable Final Terms have been published.

The prospective investors will be directly notified by or on behalf of the placers as mentioned in item 11(l) of Part B of the Final Terms (the "**Placing Agents**"), of the number of Notes that has been allotted to them as soon as possible after the relevant Issue Date.

#### 1.2 *Subscription, payment, delivery and allotment*

The subscription period of the Offer (the "**Offer Period**") will be set out in the applicable Final Terms. However, the Offer Period may be (a) subject to an early termination due to reasons including (but not limited to) oversubscription or a decrease in the offer size as set out under the heading "Offer size" above, or (b) subject to an extension as mentioned under the heading "Indicative timetable" below.

"Subscription" (and "subscribe" and "subscriber") refers not only to the initial acquisition of the Notes from the Issuer by the first purchaser, but to any purchase during the Offer Period.

The price of the Notes payable by subscribers to the Placing Agents, the Offer Price, will be specified in the applicable Final Terms.

The minimum number of Notes which may be subscribed per subscriber is one Note of the lowest Specified Denomination and thereafter in multiples of one (1) such lowest Specified Denomination, unless otherwise specified in the applicable Final Terms. There is no maximum number of Notes which may be subscribed per subscriber unless otherwise stated in the applicable Final Terms.

If the Final Terms do not include the Offer Price and/or other pricing data relating to the Notes such as the Rate of Interest, a pricing statement disclosing this information will be published before the relevant Issue Date and any such pricing statement will specify rights of withdrawal (if any) which arise under Article 8 of the Prospectus Directive. Unless otherwise indicated in the applicable Final Terms, such pricing statement will be published in the same manner as the Base Prospectus and the applicable Final Terms.

Payment for the Notes must be received by the relevant Placing Agent from subscribers on or before the relevant Issue Date by debit of a cash account.

The delivery of the Notes will take place as described in the Base Prospectus and the applicable Final Terms. On or about the relevant Issue Date, the relevant securities account of each Noteholder will be credited with the relevant amount of Notes purchased.

By subscribing for Notes or subsequently otherwise acquiring Notes, Noteholders are bound by the Terms and Conditions of the Notes and are deemed to have acknowledged and accepted the terms pursuant to which the Notes are being offered as set out in the Base Prospectus together with the applicable Final Terms.

Unless otherwise indicated in the applicable Final Terms, in case of an early termination of the subscription period due to oversubscription or a decrease in the Offer size, allotment of the Notes will be made, to the extent possible, on the basis of objective allotment criteria. Valid subscription applications will be processed in the chronological order of their receipt by the Relevant Dealer and the Placing Agents. If necessary, the last subscription applications received will be reduced proportionately in order to match the actual aggregate nominal amount of Notes being offered. Any payment received in connection with the subscription of Notes which are not allotted will be returned within seven Business Days (Business Days in this section means days on which banks are open for general business in the relevant Non-exempt Offer Jurisdiction as defined in the relevant Final Terms and in the principal financial centre of the Specified Currency (or where the Specified Currency is euro, the TARGET2 system is operating)) after the date of receipt of such payment. However, there will be no entitlement to interest in respect of such payments.

### 1.3 *Indicative timetable*

An indicative timetable listing certain expected key dates for the Offer, such as (but not limited to) the publication of the prospectus, the latest time and date for subscriptions, the publication of the pricing statement (if relevant), and the announcement of the offer size will be specified in the applicable Final Terms. However, the timetable for the Offer is subject to acceleration or extension. Unless otherwise indicated in the applicable Final Terms, any acceleration or extension of the timetable for the Offer will be communicated in the same manner in which the Base Prospectus and the applicable Final Terms have been published.

### 1.4 *Cancellation of the Offer*

The Issuer reserves the right to cancel the Offer and issue of the Notes, at any time on or before the relevant Issue Date and for any reason, it being understood that in such case no Notes will be issued. In the event of a cancellation and unless otherwise indicated in the applicable Final Terms, such

cancellation will be communicated in the same manner in which the Base Prospectus and the applicable Final Terms have been published.

The Offer may be cancelled if any of the following events occur:

- the Notes are not or will not be admitted to trading and listing on the relevant stock exchange on the relevant Issue Date (or such later date as is determined by the Issuer as the latest date for such admission);
- there has been a change in national or international financial, political or economic conditions or currency exchange rates or exchange controls that would, in the view of the Issuer or the Relevant Dealer, be likely to prejudice materially the success of the offering and distribution of the Notes or dealings in the Notes in the secondary market;
- there has been, in the view of the Issuer or the Relevant Dealer, an adverse change, financial or otherwise in the condition or general affairs of the Issuer that would be likely to prejudice materially the success of the offering of the Notes;
- the Relevant Dealer determines, in its absolute discretion, that it is unable to source or price appropriate hedging transactions relating to the Issuer's obligations under the Notes on terms which are satisfactory to it;
- the Subscription Agreement (if any) is terminated by a Manager in accordance with its terms; or
- the Placing and Purchase Agreement (if any) is terminated in accordance with its terms.

The Offer may also be cancelled in any other circumstances where the Issuer considers it necessary or desirable.

### 1.5 *Subscription fees and taxes*

Fees and taxes payable by Noteholders may include the following:

- a fee payable by the Issuer to the Relevant Dealer and/or to any Placing Agent if it had been agreed between the relevant parties that such fee would be included in the Offer Price of the Notes to be paid by Noteholders on subscription;
- any costs arising from holding their Notes in a securities account with a financial intermediary;
- any further costs which may be charged by any financial intermediary; and
- taxes on stock market transactions other than taxes payable upon initial subscription.

### 1.6 *Other fees and charges*

Except as stated above or in the applicable Final Terms, the Issuer will not impose any charges or fees in respect of the Notes. Prospective purchasers should note, however, that certain fees and charges for custodial, nominee, transfer and clearing services may be payable to the relevant clearing system(s) and/or any intermediaries for the holding, transfer or redemption of Notes. Prospective purchasers of Notes should contact any relevant intermediaries for further details of these fees and charges.

In the event that prospective Noteholders are required to be notified of any event and unless otherwise indicated in the applicable Final Terms, such notice will be published in the same manner in which the Final Terms and the Base Prospectus have been published.

### 1.7 *Subscription and placing arrangements*

The Manager(s) mentioned in Item 9(b) of Part B of the applicable Final Terms may enter into a subscription agreement with the Issuer on or about the Issue Date of the relevant Tranche of the Notes (the "**Subscription Agreement**"). Under the terms of the Subscription Agreement and the Programme Agreement and subject to the satisfaction of certain conditions, the Manager will agree to subscribe for the Notes. The Manager may terminate the Subscription Agreement in certain circumstances, prior to payment being made to the Issuer. Any such termination is likely to result in a cancellation of the Offer.

The Issuer and the Manager may also enter into a placing and purchase agreement with the Placing Agents on or about the first day of the Offer Period (the "**Placing and Purchase Agreement**"). Under this Agreement, the Placing Agents will agree to use their best endeavours during the Offer Period to procure subscribers for an aggregate nominal amount of Notes equal to the anticipated Offer size of the Notes at the Offer Price. Each Placing Agent will agree to purchase from the Manager, on the relevant Issue Date, an aggregate nominal amount of Notes equal to the nominal amount of Notes placed by such Placing Agent pursuant to the Offer.

Each Placing Agent shall be entitled to deduct, before payment to the Manager, a commission representing a percentage of the nominal amount of the Notes placed by it. The commission will be specified in the applicable Final Terms. The Placing and Purchase Agreement may be terminated in certain circumstances by the Manager or the Placing Agents, prior to payment being made to the Manager. Any such termination is likely to result in the cancellation of the Offer.

## 2. **Subscription and Sale**

*This sub-section applies to both Exempt Notes and Non-exempt Notes.*

### **Programme Agreement**

The Dealers have in an amended and restated programme agreement dated on or about 20 June 2018 (as amended, supplemented and/or restated from time to time) (the "**Programme Agreement**") agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "**Form of the Notes**", "**Terms and Conditions of the Euro Notes**" and "**Terms and Conditions of the Luxembourg Notes**" above. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme and the issue of Notes under the Programme. Subject as provided in the selling restrictions set out below, the Notes may be sold to any investor.

### **United States of America**

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**") or the securities laws of any state or other jurisdiction of the United States and include Notes in bearer form that are subject to U.S. tax law requirements. The Notes are being offered and sold in "offshore transactions" to persons other than "U.S. persons" in accordance with Regulation S of the Securities Act and may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons except pursuant to Regulation S. Terms used in this paragraph and not otherwise defined herein have the meaning ascribed in Regulation S under the Securities Act.

Each Dealer has agreed that it will not offer, sell or deliver the Notes of any Tranche, (a) as part of their distribution at any time or (b) otherwise until 40 days after completion of the distribution of such Tranche (the "**Distribution Compliance Period**") as determined, and certified to the Issuer, or the Fiscal Agent, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act, and it will have sent to each distributor, or person receiving a selling concession, fee or remuneration in respect of the Notes sold, to which it sells Notes during the Distribution Compliance Period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

Notes in bearer form that are debt for U.S. federal income tax purposes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain circumstances permitted by U.S. Treasury regulations. The applicable Final Terms will specify whether the provisions of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(C) (or any successor United States Treasury regulation section, including without limitation, successor regulations issued in accordance with Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) ("**TEFRA C**"), the provisions of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D) (or any successor United States Treasury regulation section, including without limitation, successor regulations issued in accordance with Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) ("**TEFRA D**"), or neither the provisions of TEFRA C nor TEFRA D ("**TEFRA not applicable**") will apply to the issuance of Notes. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and the U.S. Treasury regulations promulgated thereunder.

#### **Prohibition of sales to EEA Retail Investors**

If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) specifies "Prohibition of Sales to EEA Retail Investors" as:

- (i) "Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that it has not offered, sold or otherwise made available and will not offer, sell or make available any Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA; or
- (ii) "Applicable", other than in the jurisdiction(s) for which a key information document is made available", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that it has not offered, sold or otherwise made available and will not offer, sell or make available any Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA, other than in the jurisdiction(s) for which a key information document is required pursuant to Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") is made available; or
- (iii) "Not applicable", Notes which are the subject of an offering contemplated by the Base Prospectus as completed by the Final Terms may be offered, sold or otherwise made available to retail investors in the EEA, provided that, where a key information document is required pursuant to the PRIIPs Regulation, each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it has only offered, sold or otherwise made available and will only offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms (or Pricing Supplement, as the case may be) in relation thereto to retail investors in the EEA in the jurisdiction(s) for which a key information document is made available. For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:
  - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or
  - (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the "**Insurance Mediation Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
  - (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended, the "**Prospectus Directive**"); and
- (b) the expression an "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

With respect to each Member State of the EEA that has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the final terms in relation thereto (or are the subject of the offering contemplated by a Drawdown Prospectus as the case may be) to the public in that Relevant Member State, except that it may with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State and, where required pursuant to the PRIIPs Regulation, in the jurisdiction(s) for which a key information document is made available:

- (a) *Approved prospectus*: if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, **provided that** any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) *Qualified investors*: at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) *Fewer than 150 offerees*: at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the Relevant Dealer(s) nominated by the Issuer for any such offer; or
- (d) *Other exempt offers*: at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive.

**Provided that** no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression "**an offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, and the expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended), and includes any relevant implementing measure in the Relevant Member State.

## **Belgium**

Accordingly, such Notes may not be distributed in Belgium by way of a public offering, as defined for the purposes of the law of 16 June 2006 on public offerings of investment instruments and the admission of investment instruments to trading on regulated markets, as amended or replaced from time to time (the "**Belgian Prospectus Act**").

The Notes (including, for the avoidance of doubt, Bearer Notes and Definitive Notes) shall not be physically delivered in Belgium, except to a clearing system, a depository or other institution for the purpose of their immobilisation in accordance with Article 4 of the Belgian Law of 14 December 2005.

The offering may not be advertised and each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that an offering of Notes may not be advertised to any individual in Belgium qualifying as a consumer within the meaning of Article I.1 of the Belgian Code of Economic Law, as amended from time to time (a "**Belgian Consumer**") and that it has not offered, sold or resold, transferred or delivered, and will not offer, sell, resell, transfer or deliver, the Notes, and that it has not distributed, and will not distribute, any prospectus, memorandum, information circular, brochure or any similar documents in relation to the Notes, directly or indirectly, to any Belgian Consumer.

- (e) *Financial promotion*: it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not, if it was not an authorised person, apply to the Issuer; and
- (f) *General compliance*: it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

### **Switzerland**

**Notes issued under the Programme do not constitute participations in a collective investment scheme within the meaning of the Swiss Federal Act on Collective Investment Schemes of 23 June 2006 ("CISA"). Therefore, Notes are not subject to the approval of, or supervision by, the Swiss Financial Market Supervisory Authority ("FINMA"), and investors in Notes will not benefit from protection under the CISA or supervision by FINMA.**

Neither this Base Prospectus nor any other offering or marketing materials relating to Notes issued under the Programme constitutes a prospectus within the meaning of (i) Articles 652a or 1156 of the Swiss Federal Code of Obligations or (ii) Article 21 of the Additional Rules for the Listing of Derivatives of SIX Swiss Exchange or a Simplified Prospectus (as defined below). Any Notes constituting structured products within the meaning of Article 5 CISA ("**Structured Products**") may be distributed (such term including any offering and advertising) in or from Switzerland to non-qualified investors within the meaning of the CISA ("**Non-Qualified Investors**") only in accordance with the provisions of the CISA and its implementing regulations.

In particular, Structured Products which are neither listed on the SIX Swiss Exchange nor on any other Swiss stock exchange that ensures the transparency required under Article 5 para. 2 CISA and

- (ii) a simplified prospectus complying with Article 5 CISA, its implementing regulations and the Swiss Banking Guidelines on Informing Investors about Structured Products (as amended from time to time) (a "**Simplified Prospectus**") is available. A provisional version of such Simplified Prospectus including indicative information must be made available free of charge to any interested person prior to subscribing the Notes or prior to concluding an agreement to subscribe the Notes. The definitive version must be made available free of charge to any interested person on issue or on concluding an agreement to subscribe the Notes.

The Issuer will set forth all information which may be required to be disclosed in a Simplified Prospectus in a separate document referred to as a "Pricing Supplement" and/or "Simplified Prospectus for Unlisted Structured Products" distributed to Non-Qualified Investors and reserves the right to do so for any other Notes constituting Structured Products.

Notes constituting Structured Products which are not intended to be distributed to Non-Qualified Investors in or from Switzerland may only be distributed, and this Base Prospectus, any Final Terms, fact sheets or any other marketing material relating to such Notes may only be made available to qualified investors according to Article 10 paras. 3 to 4 CISA ("**Qualified Investors**") in or from Switzerland by way of private placement which is exclusively addressed to and available for such Qualified Investors. - (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document, relating to the Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the SFO and any rules made under the SFO.

## **Japan**

Notes issued under the Programme have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the "**FIEA**") and,

accordingly, each Dealer has undertaken that it will not offer or sell any Notes directly or indirectly, in Japan or to, or for the benefit of, any Japanese Person or to others for re-offering or resale, directly or indirectly, in Japan or to any Japanese Person except under circumstances which will result in compliance with the FIEA and other relevant laws, regulations and guidelines promulgated by the relevant Japanese governmental and regulatory authorities and in effect at the relevant time. Other persons into whose hands this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or possess, distribute or publish this Base Prospectus or any Final Terms or any related offering material, in all cases at their own expense.

Neither the Issuer nor any of the Dealers represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

## TAXATION

*This section applies to both Exempt Notes and Non-exempt Notes.*

**TRANSACTIONS INVOLVING THE NOTES MAY HAVE TAX CONSEQUENCES FOR PROSPECTIVE INVESTORS WHICH MAY DEPEND, AMONGST OTHER THINGS, UPON THE STATUS OF THE PROSPECTIVE INVESTOR AND LAWS RELATING TO TRANSFER AND REGISTRATION TAXES. PROSPECTIVE INVESTORS WHO ARE IN ANY DOUBT ABOUT THE TAX POSITION OF ANY ASPECT OF TRANSACTIONS INVOLVING NOTES SHOULD CONSULT THEIR OWN TAX ADVISERS.**

The following is a general description of certain Belgian, French, German, Luxembourg, Swiss and United States tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes. Prospective purchasers of Notes should consult their tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of Belgium, Luxembourg, France, Germany and/or United States of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in or interpretation thereof law that may take effect after such date, possibly with retroactive effect. The information contained within this section is limited to taxation issues, and prospective investors should not apply any information set out below to other areas, including but not limited to, the legality of transactions involving the Notes.

### **Taxation in Belgium**

*The following summary describes the principal Belgian withholding tax considerations with respect to the holding of the Notes obtained by an investor in Belgium.*

*This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold and to dispose of the Notes. In some cases, different rules may be applicable. Furthermore, the tax rules may be amended in the future, possibly implemented with retroactive effect, and the interpretation of the tax rules may change.*

*This summary is based on the Belgian tax legislation, treaties, rules, and administrative interpretations and similar documentation, in force as of the date of the publication of this offer in Belgium, without prejudice to any amendments introduced at a later date, even if implemented with retroactive effect.*

*Each prospective holder of Notes should consult a professional adviser with respect to the tax consequences of an investment in the Notes, taking into account their own specific circumstances.*

Any payment of interest (as defined by Belgian tax law) on the Notes made through a paying agent in Belgium will in principle be subject to Belgian withholding tax on the gross amount of the interest, currently at the rate of 30 per cent..

For Belgian tax purposes, if interest is in a foreign currency, it is converted into euro on the date of payment or attribution.

#### **(A) Structured Notes**

On 25 January 2013, the Belgian tax authorities issued a circular letter on the Belgian tax treatment of income from structured securities characterised by an uncertain return on investment due to the variation of the coupons or the repayment terms at maturity, such as securities whose return is linked to the evolution of underlying products. According to the circular letter, the transfer of structured securities to a third party (other than the issuer) results in taxation as interest income of the "pro rata

interest", calculated on an unclear formulae. In addition, any amount paid in excess of the initial issue price upon redemption or repayment of the structured securities is considered as interest for Belgian tax purposes. It is highly debatable whether the circular letter is in line with Belgian tax legislation. Furthermore, it is unclear whether the Belgian tax authorities will seek to apply the principles set out in the circular letter to the structured Notes (the "**Structured Notes**" for the purpose of the following paragraphs).

It is assumed that any gains realised upon redemption or repayment by the Issuer will indeed be viewed as interest by the Belgian tax authorities (and any such gains are therefore referred to as "interest" for the purposes of the following paragraphs), but that the effective taxation of the "pro rata interest" in case of sale to a third party (i.e. other than the Issuer) would not be possible, on the basis that it is currently impossible to determine the amount of the "pro rata interest".

(1) **Repayment or redemption by the Issuer**

- *Belgian resident individuals*

Belgian resident individuals, i.e. individuals who are subject to Belgian personal income tax ("*Personenbelasting/Impôt des personnes physiques*"), who are holding the Structured Notes as a private investment are subject to the following tax treatment with respect to the Structured Notes in Belgium. Other rules may be applicable in special situations, in particular when Belgian resident individuals acquire the Structured Notes for professional purposes or when their transactions with respect to the Structured Notes fall outside the scope of the normal management of their own private estate.

Payments of interest on the Structured Notes made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Structured Notes in their personal income tax return, provided Belgian withholding tax was levied on these interest payments.

Nevertheless, Belgian resident individuals may elect to declare interest on the Structured Notes in their personal income tax return. Also, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return. Interest income which is declared this way will in principle be taxed at a flat rate of 30 per cent. (or at the relevant progressive personal income tax rate(s), taking into account the taxpayer's other declared income, whichever is more beneficial) and no local surcharges will be due. The Belgian withholding tax levied may be credited against the income tax liability.

- *Belgian resident companies*

Belgian resident companies, i.e. companies that are subject to Belgian corporate income tax ("*Vennootschapsbelasting/Impôt des sociétés*"), are subject to the following tax treatment with respect to the Structured Notes in Belgium. Different rules apply to companies subject to a special tax regime, such as investment companies within the meaning of article 185bis of the Belgian Income Tax Code 1992.

Interest received by Belgian resident companies on the Structured Notes will be subject to Belgian corporate income tax at the ordinary corporate income tax rate of 29.58 per cent. (with a reduced rate of 20.40 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies), to be reduced to 25 per cent. (and 20 per cent.) as from 1 January 2020 onwards. If the income has been subject to a foreign

withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). Capital losses are in principle tax deductible.

Interest payments on the Structured Notes made through a paying agent in Belgium are in principle subject to a 30 per cent. withholding tax, but can under certain circumstances be exempt from Belgian withholding tax, provided that certain formalities are complied with. For zero or capitalisation bonds, an exemption will only apply if the Belgian company and the Issuer are associated companies within the meaning of article 105, 6° of the Royal Decree of 27 August 1993 implementing the Belgian Income Tax Code of 1992. The withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

- *Belgian non-profit legal entities*

Belgian non-profit legal entities, i.e. legal entities that are subject to Belgian tax on legal entities ("*Rechtspersonenbelasting/impôt des personnes morales*"), are subject to the following tax treatment with respect to the Structured Notes in Belgium.

Payments of interest on the Structured Notes made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the Belgian non-profit legal entity itself is responsible for the deduction and payment of the 30 per cent. withholding tax.

## (2) **Sale to a third party**

No Belgian withholding tax should apply to the sale of Structured Notes to a third party.

- *Belgian resident individuals*

Belgian resident individuals, i.e. individuals who are subject to Belgian personal income tax ("*Personenbelasting/Impôt des personnes physiques*"), are currently not liable to Belgian income tax on the capital gains (if any) realised upon disposal of the Structured Notes to a third party, provided that the Structured Notes have not been used for their professional activity and that the capital gain is realised within the framework of the normal management of their private estate. Capital losses realised upon disposal of the Structured Notes held as a non-professional investment are in principle not tax deductible.

However, Belgian resident individuals may be subject to a 33 per cent. Belgian income tax (plus local surcharges) if the capital gains on the Structured Notes are deemed to be speculative or outside the scope of the normal management of the individuals' private estate. Capital losses arising from such transactions are not tax deductible.

Capital gains realised upon transfer of Structured Notes held for professional purposes are taxable at the ordinary progressive income tax rates (plus local surcharges), except for Structured Notes held for more than five years, which are taxable at a separate rate of 16.5 per cent. (plus local surcharges). Capital losses on the Structured Notes incurred by Belgian resident individuals holding the Structured Notes for professional purposes are in principle tax deductible.

- *Belgian resident companies*

Belgian resident companies, i.e. companies that are subject to Belgian corporate income tax ("*Vennootschapsbelasting/Impôt des sociétés*"), are liable to Belgian corporate income tax on the capital gains (if any) realised upon disposal of the Structured Notes to a third party, irrespective of whether such Structured Notes relate to shares or other assets or indices. The current standard corporate income tax rate in Belgium is 29.58 per cent. (with a reduced rate of 20.40 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies), to be reduced to 25 per cent. (and 20 per cent.) as from 1 January 2020 onwards.

Capital losses realised upon disposal of the Structured Notes are in principle tax deductible.

- *Belgian non-profit legal entities*

Belgian non-profit legal entities, i.e. legal entities that are subject to Belgian tax on legal entities ("*Rechtspersonenbelasting/impôt des personnes morales*"), are currently not liable to Belgian income tax on capital gains (if any) realised upon disposal of the Structured Notes to a third party.

Capital losses realised upon disposal of the Structured Notes are in principle not tax deductible.

(B) *Other Notes*

The following summary describes the principal Belgian withholding tax considerations with respect to Notes other than Structured Notes.

For Belgian tax purposes, periodic interest income and amounts paid by the Issuer in excess of the issue price (whether or not on the maturity date) are qualified and taxable as "interest". In addition, if the Notes qualify as fixed income securities within the meaning of article 2, §1, 8° of the Belgian Income Tax Code of 1992, in case of a realisation of the Notes between two interest payment dates, an income equal to the pro rata of accrued interest corresponding to the holding period is also taxable as interest.

For the purposes of the following paragraphs, any such gains and accrued interest are therefore referred to as interest.

- *Belgian resident individuals*

Belgian resident individuals, i.e. individuals who are subject to Belgian personal income tax ("*Personenbelasting/Impôt des personnes physiques*"), and who hold the Notes as a private investment, are in Belgium subject to the following tax treatment with respect to the Notes.

Other tax rules apply to Belgian resident individuals who do not hold the Notes as a private investment.

Payments of interest on the Notes made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Notes in their personal income tax return, provided Belgian withholding tax was levied on these interest payments.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return and will be taxed at a flat rate of 30 per cent..

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the capital gains are realised outside the scope of the normal management of one's private estate or unless the capital gains qualify as interest (as defined above). Capital losses are in principle not tax deductible.

- *Belgian resident companies*

Belgian resident companies, i.e. companies that are subject to Belgian corporate income tax ("*Vennootschapsbelasting/Impôt des sociétés*"), are in Belgium subject to the following tax treatment with respect to the Notes.

Interest derived by Belgian resident companies on the Notes and capital gains realised on the Notes will be subject to Belgian Corporate Income Tax at the ordinary corporate income tax rate of 29.58 per cent. (with a reduced rate of 20.40 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies), to 25 per cent. (and 20 per cent.) as from 1 January 2020 onwards. If the income has been subject to a foreign withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). Capital losses are in principle tax deductible.

Interest payments on the Notes made through a paying agent in Belgium are in principle subject to a 30 per cent. withholding tax, but can under certain circumstances be exempt from Belgian withholding tax, provided that certain formalities are complied with. For zero or capitalisation bonds, an exemption will only apply if the Belgian company and the Issuer are associated companies within the meaning of article 105, 6° of the Royal Decree of 27 August 1993 implementing the Belgian Income Tax Code of 1992. The withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

- *Belgian non-profit legal entities*

Belgian non-profit legal entities, i.e. legal entities that are subject to Belgian tax on legal entities ("*Rechtspersonenbelasting/impôt des personnes morales*"), are subject to the following tax treatment with respect to the Notes in Belgium.

Payments of interest on the Notes made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the Belgian non-profit legal entity itself is responsible for the declaration and payment of the 30 per cent. withholding tax.

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the capital gain qualifies as interest (as defined). Capital losses are in principle not tax deductible.

(C) *Tax on stock exchange transactions*

The sale and acquisition of the Structured Notes and other Notes on the secondary market is subject to a tax on stock exchange transactions ("*Taks op de beursverrichtingen/Taxe sur les opérations de bourse*") if (i) executed in Belgium through a professional intermediary, or (ii) deemed to be executed in Belgium, which is the case if the order is directly or indirectly made to a professional

intermediary established outside of Belgium, either by private individuals with habitual residence in Belgium, or legal entities for the account of their seat or establishment in Belgium.

The tax is generally due at a rate of currently 0.12 per cent. on each sale and acquisition separately, with a maximum of EUR 1,300 per taxable transaction. A separate tax is due by each party to the transaction, and both taxes are collected by the professional intermediary. However, if the intermediary is established outside of Belgium, the tax will in principle be due by the ordering private individual or legal entity, unless that individual or entity can demonstrate that the tax has already been paid. Professional intermediaries established outside of Belgium can, subject to certain conditions and formalities, appoint a Belgian representative for tax purposes, which will be liable for the tax on stock exchange transactions in respect of the transactions executed through the professional intermediary.

Exemptions apply for certain categories of institutional investors and non-residents. Transactions on the primary market are not subject to this tax.

(D) *Tax on securities accounts*

The law of 7 February 2018 (published in the Belgian State Gazette on 9 March 2018) introduces a tax on securities accounts ("*Taks op de effectenrekeningen/Taxe sur les comptes-titres*"). Pursuant to this law, Belgian resident and non-resident individuals are taxed at a rate of 0.15 per cent. on their share in the average value of qualifying financial instruments (i.e. shares, share certificates, bonds, bond certificates, units or shares in investment funds or companies (except if acquired or subscribed to in the context of a life insurance or pension savings arrangement), medium-term notes ("*kasbons/bons de caisse*") and warrants) held on one or more securities accounts with one or more financial intermediaries during a reference period of 12 consecutive months starting on 1 October and ending on 30 September of the subsequent year ("**Tax on Securities Accounts**"). However, the first reference period starts as of the day following the publication of the law in the Belgian State Gazette (i.e. on 10 March 2018) and ends on 30 September 2018. However, the tax is not due if the Noteholder's share in the average value of the qualifying financial instruments on those accounts amounts to less than EUR 500,000. If, however, the holder's share in the average value of the qualifying financial instruments on those accounts amounts to EUR 500,000 or more, the Tax on Securities Accounts is due on the entire share of the holder in the average value of the qualifying financial instruments on those accounts (and hence, not only on the part which exceeds the EUR 500,000 threshold).

Qualifying financial instruments held by non-resident individuals on securities accounts with a financial intermediary established or located in Belgium fall within the scope of the Tax on Securities Accounts. Note that, pursuant to certain double tax treaties entered into by Belgium, Belgium has no right to tax the capital. Hence, to the extent the Tax on Securities Accounts is viewed as a tax on capital within the meaning of these double tax treaties, treaty override may, subject to certain conditions, be claimed.

A financial intermediary is defined as (i) a credit institution or a listed company as defined by Article 1, §2 and §3 of the Law of 25 April 2014 on the legal status and supervision of credit institutions and listed companies and (ii) the investment companies as defined by Article 3, §1 of the Law of 25 October 2016 on access to the activity of investment services and on the legal status and supervision of portfolio management and investment advice companies, which are pursuant to national law admitted to hold financial instruments for the account of customers.

The Tax on Securities Accounts is in principle due by the financial intermediary established or located in Belgium if (i) the holder's share in the average value of the qualifying financial instruments held on one or more securities accounts with said intermediary amounts to EUR 500,000 or more or (ii) the holder instructed the financial intermediary to levy the Tax on Securities Accounts due (eg in case such holder holds qualifying financial instruments on several securities accounts held

with multiple intermediaries of which the average value of each of these accounts does not amount to EUR 500,000 or more but of which the holder's share in the total average value of these accounts exceeds EUR 500,000 EUR). If the Tax on Securities Accounts is not paid by the financial intermediary, such Tax on Securities Accounts has to be declared and is due by the holder itself, unless the holder provides evidence that the Tax has already been withheld, declared and paid by an intermediary which is not established or located in Belgium. In that respect, intermediaries located or established outside of Belgium could appoint a Tax on the Securities Accounts representative in Belgium, subject to certain conditions and formalities ("**Tax on the Securities Accounts Representative**"). Such Tax on the Securities Accounts Representative will then be liable towards the Belgian Treasury for the Tax on the Securities Accounts due and for complying with certain reporting obligations in that respect.

Belgian resident individuals have to report in their annual income tax return all their securities accounts held with one or more financial intermediaries of which they are considered the holder within the meaning of the Tax on Securities Accounts. Non-resident individuals have to report in their annual Belgian non-resident income tax return all their securities accounts held with one or more financial intermediaries established or located in Belgium of which they are considered the holder within the meaning of the Tax on Securities Accounts.

Prospective Noteholders are strongly advised to seek their own professional advice in relation to the Tax on Securities Accounts.

## **Taxation in France**

*The following is a summary of certain French withholding tax consequences in relation to the holding of the Notes. It is based on the laws and regulations in full force and effect in France as at the date of this Base Prospectus, which may be subject to change in the future, potentially with retroactive effect. Potential purchasers of Notes are advised to consult their own appropriate independent and professionally qualified tax advisors as to the tax consequences of any investment in, or ownership of, the Notes.*

### *Withholding tax*

*This summary is prepared on the assumption that the Issuer is not and will not be a French resident for French tax purposes and any transactions in connection with the Notes are not and will not be attributed or attributable to a French branch, permanent establishment or other fixed place of business of the Issuer in France.*

In respect of those Notes which are treated as debt for French tax purposes, all payments by the Issuer in respect of such Notes will be made free of any compulsory withholding or deduction for or on account of any income tax imposed, levied, withheld, or assessed by France or any political subdivision or taxing authority thereof or therein.

However, if the paying agent (*établissement payeur*) is established in France, pursuant to Article 125 AI of the French *Code Général des Impôts* and subject to certain limited exceptions, interest and similar revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 12.8 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Such interest and similar revenues are also subject to social contributions (CSG, CRDS and other related contributions) which are withheld at an aggregate rate of 17.2 per cent..

In respect of those Notes which are not treated as debt for French tax purposes, all payments by the Issuer in respect of such Notes will be made free of any compulsory withholding or deduction for or on account of any income tax imposed, levied, withheld, or assessed by France or any political subdivision or taxing authority thereof or therein.

## Taxation in Germany

The following is a general discussion of certain German tax consequences of the acquisition, ownership and disposal of the Notes. It does not purport to be a comprehensive description of all tax considerations that may be relevant to a decision to purchase the Notes, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser.

As each Series or Tranche of Notes may be subject to a different tax treatment due to the specific terms of such Series or Tranche of Notes as set out in the respective Final Terms, the following section only provides some general information on the possible tax treatment. Tax consequences that may arise if an investor combines certain series of Notes so that he or she derives a certain return are not discussed herein.

This summary is based on the laws of Germany currently in force and as applied on the date of this Base Prospectus, which are subject to change, possibly with retroactive or retrospective effect. Prospective purchasers of the Notes are advised to consult their own tax advisors as to the tax consequences of the acquisition, ownership and disposal of the Notes, including the effect of any state or local taxes, under the tax laws of Germany and each country of which they are residents or whose tax laws apply to them for other reasons.

The law as currently in effect provides for a reduced tax rate for certain saving income. There is an on-going discussion in Germany whether the reduced tax rate should be increased or abolished in whole or in part so that savings income would be taxed at regular rates. It is still unclear whether, how and when the current discussion may result in any legislative changes.

To the extent the following information describes the taxation in the case of a disposal of the Notes, such description applies, in principle, accordingly to cases of a call, exercise, assignment or redemption of the Notes as well as a transfer of Notes into a corporation by way of a hidden capital contribution (*verdeckte Einlage in eine Kapitalgesellschaft*).

### German tax residents

The section "*German tax residents*" applies to persons who are tax resident in Germany (i.e. persons having a residence, habitual abode, statutory seat or place of management in Germany).

#### *Notes held as private assets*

If Notes are held by an investor as private assets (*Privatvermögen*), payments of interest qualify as taxable savings income (*Einkünfte aus Kapitalvermögen*) pursuant to section 20 para 1 no 7 German Income Tax Act ("*ITA*" – *Einkommensteuergesetz*). Interest accrued on the Notes, if any, or other securities paid separately upon the acquisition of the respective security may be recognised as negative savings income in the year of the acquisition. Capital gains/capital losses realised upon disposal of the Notes, computed as the difference between the acquisition costs and the sales proceeds reduced by expenses directly and actually related to the sale, qualify as (negative) savings income pursuant to section 20 para 2 sentence 1 no 7 ITA. If such disposal results in a loss, such loss can only be offset against other taxable savings income. If the investor does not have sufficient other taxable savings income in the respective assessment period, the losses can be carried forward in future assessment periods; a loss carry back is not permissible.

If similar Notes kept or administered in the same custodial account were acquired at different points in time, the Notes first acquired will be deemed to have been sold first for the purposes of determining the capital gains. Where Notes are acquired and/or sold or redeemed in a currency other than Euro, the sales/redemption price and the acquisition costs have to be converted into Euro on the basis of the foreign exchange rates prevailing on the sale or redemption date and the acquisition date respectively with the result that any currency gains or losses are part of the capital gains. If interest coupons or interest claims are disposed of separately (i.e. without the Notes), the proceeds from the disposal are subject to savings income taxation.

The same applies to proceeds from the redemption of interest coupons or interest claims if the Notes have been disposed of separately.

Pursuant to administrative guidance losses incurred by a holder from bad debt (*Forderungsausfall*) or a waiver of receivables (*Forderungsverzicht*) are generally not tax-deductible. The same should apply if the Notes expire worthless or if the proceeds from the sale of Notes do not exceed the usual transaction costs. However, in a recent case the Federal Court (*Bundesfinanzhof*) did not follow this view holding that losses are deductible against other savings income if they are final, i.e. no further payment can be expected, e.g. upon conclusion of an insolvency procedure over the borrower's assets. It still needs to be seen whether the tax authorities will follow this view.

According to administrative guidance, where a Note qualifies as a full risk security (*Vollrisikozertifikat*) which provides for several payments to be made to the holder such payments shall always qualify as taxable savings income, unless the terms and conditions of the Notes explicitly provide for the redemption or partial redemption during the term of the Notes and these terms and conditions are complied with. If the terms of the Notes do not provide for final payment at maturity or no such payment is made any losses incurred upon expiry of such Notes shall not be tax-deductible.

Savings income is, in general, subject to German income tax at a special (flat) tax rate of 26.375 per cent. (including solidarity surcharge) plus, if applicable, church tax. With regard to savings income, the savers lump sum amount (*Sparer-Pauschbetrag*) in the amount of 801 EUR (1,602 EUR for couples and partners filing jointly) will be deducted; a deduction of the actual income-related expenses other than transaction costs is not permissible. Subject to certain requirements and restrictions foreign withholding taxes levied on savings income in a given year from financial instruments held by the individual investor may be credited against the tax liability.

As a rule, the income tax on saving income is generally imposed by way of withholding (*Kapitalertragsteuer*) as described below under the section "*German withholding tax*". Such withholding tax will, in general, settle the investor's income tax liability (flat tax, *Abgeltungsteuer*); in such case, the filing of a tax return for savings income is not required. If no tax is withheld, then the investor is obliged to file a tax return and the savings income will be taxed within the assessment procedure. An assessment may also be applied for in order to set off losses, to credit foreign withholding taxes or to take advantage of the annual tax allowance if this was not done within the withholding process. The special tax rate for savings income applies, in principle, also in the assessment procedure. However, an investor may alternatively request that all savings income of a given year is taxed at his/her individual income tax rate (if lower than the withholding tax rate) based on an assessment to tax with any amount overwithheld being refunded. A deduction of related costs on an itemized basis is not permitted.

#### *Notes held as business assets*

If Notes are held by an investor (individuals and corporate entities) as business assets (*Betriebsvermögen*), interest payments and capital gains from the disposal of the Notes are subject to corporate income tax (in the case of an incorporated investor) at a tax rate of 15 per cent., or income tax at an individual progressive tax rate of up to 45 per cent., as the case may be (each plus 5.5 per cent. solidarity surcharge thereon). Subject to sufficient documentation withholding tax withheld is credited against the (corporate) income tax liability of the investor. In addition, where Notes form part of a German trade or business, trade tax may apply, the rate of which depends on the municipality in which the business is located (rates vary between 7 per cent. and approx. 19 per cent.). Trade tax may in principle be (partially) credited against the income tax liability of an individual investor by way of lump sum procedure. Further, in the case of individuals, church tax may be levied.

The taxable income generally has to be calculated using the accruals method. Where Notes qualify as zero coupon Notes, each year the part of the difference between the issue or purchase price and the redemption amount attributable to such year must be taken into account.

Capital losses from the Notes are generally deductible. Where according to an applicable accounting standard Notes must be bifurcated they may have to account for a receivable and a derivative. The deduction of losses from derivatives may be ring-fenced, i.e. these losses may only be offset against profits from other derivatives derived in the same or, subject to certain restrictions, the previous year. Otherwise these losses can be carried forward indefinitely and, within certain limitations, applied against profits from derivative transactions in subsequent years. This generally does not apply to losses from transactions hedging the holder's ordinary business which generally may be offset against other income, unless the underlying is a stock in a corporation. Further special rules apply to banks, financial services institutions and certain finance companies within the meaning of the German Banking Act.

#### *German withholding tax*

With regard to savings income (*Einkünfte aus Kapitalvermögen*), e.g. interest or capital gains, from the Notes, generally German withholding tax will be levied at a flat withholding tax rate of 26.375 per cent. (including solidarity surcharge) if, inter alia, the Notes are held in a custodial account with a German branch of a German or non-German credit or financial services institution, a German securities trading company (*Wertpapierhandelsunternehmen*) or a German securities trading bank (*Wertpapierhandelsbank*) (each a "**German Disbursing Agent**", *auszahlende Stelle*). If the Notes are not held in a custodial account with a German Disbursing Agent, German withholding tax will nevertheless be levied if the Notes are issued in definitive form and the savings earnings are paid by a German Disbursing Agent against presentation of the Notes or Coupons (so-called over-the-counter transaction, *Tafelgeschäft*).

For individual holders who are subject to church tax an electronic information system for church withholding tax purposes applies in relation to savings income, with the effect that church tax will be collected by the German Disbursing Agent by way of withholding unless the investor has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*) in which case the investor will be assessed to church tax.

The tax base for the withholding tax is, in principle, equal to the taxable gross income as set out above (i.e. prior to withholding). However, in case of capital gains, the tax deduction is calculated on the basis of the capital gain only if the Notes have been kept in a custodial account with the same German Disbursing Agent since the time of issuance or acquisition, respectively; if that is not the case, the investor may prove the acquisition costs to the German Disbursing Agent only in a specific form required by law (e.g. by notice of the previous German Disbursing Agent or by a statement of a bank or financial services institution from another Member State of the European Union or the European Economic Area or from certain other countries). Otherwise, the tax deduction is calculated on the basis of 30 per cent. of the proceeds from the disposal of the Notes. In this case, a private investor may and in case the actual gain is higher than 30 per cent. of the disposal proceeds must apply for an assessment on the basis of his or her actual acquisition costs.

In general, no withholding tax will be levied if an investor holding the Notes as private assets has filed a withholding tax exemption certificate (*Freistellungsauftrag*) with the German Disbursing Agent, but only to the extent the interest income and other taxable savings income do not exceed the amount stated in the withholding tax exemption certificate filed. Similarly, no withholding tax will be deducted if an investor has submitted to the German Disbursing Agent a certificate of non-assessment (*Nichtveranlagungs-Bescheinigung*) issued by the relevant local tax office.

In computing the withholding tax, the German Disbursing Agent deducts from the basis of the withholding tax negative savings income realised by a private holder of the Notes via the German Disbursing Agent (e.g. losses from sale of other securities with the exception of shares). The German Disbursing Agent also deducts interest accrued paid by the private holder upon the acquisition of the Notes or other securities. In addition, subject to certain requirements and restrictions the German Disbursing Agent credits foreign withholding taxes levied on savings income in a given year regarding financial instruments held by the private holder in the custodial account with the German Disbursing Agent.

If the Notes form part of a trade or business, the withholding tax will not settle the (corporate) income tax liability of the investor. Investors holding the Notes as business assets are not allowed to file a withholding tax exemption certificate with the German Disbursing Agent and no losses from savings or foreign withholding tax credits can be recognised. However, no withholding tax will be levied on capital gains from the disposal of the Notes if, inter alia, (a) the Notes are held by a corporation satisfying the requirements of section 43 para 2 sentence 3 no 1 ITA, or (b) the proceeds from the Notes qualify as income of a domestic business and the investor notifies this to the German Disbursing Agent by use of the officially required form.

### **Non-German tax residents**

In general, income derived from the Notes by a holder who is not tax-resident in Germany is not subject to taxation in Germany unless (i) the Notes form part of the business property of a permanent establishment, including a permanent representative, or a fixed base maintained in Germany by the holder of the Notes or (ii) the income otherwise constitutes German source income. In such cases, a tax regime similar to that explained above in the subsection "*German tax residents*" applies.

Non-German tax residents are, in general, exempt from German withholding tax on savings income and the solidarity surcharge thereon. However, where the income is subject to German taxation as set forth in the preceding paragraph and the Notes are held in a custodial account with a German Disbursing Agent, withholding tax may be levied under certain circumstances. Where Notes are not kept in a custodial account with a German Disbursing Agent and interest or proceeds from the disposal of a Note or an interest coupon are paid by a German Disbursing Agent to a non-resident upon delivery of the Notes or interest coupons, withholding tax generally will also apply. The withholding tax may be refunded based on an assessment to tax or under an applicable tax treaty.

### **Inheritance and Gift Tax**

No inheritance or gift taxes with respect to the Notes will arise under the laws of Germany if, in the case of inheritance tax, neither the deceased nor the beneficiary or, in the case of gift tax, neither the donor nor the donee is a resident of Germany and the Notes are not attributable to a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply to certain German expatriates.

### **Other Taxes**

No stamp, issue, registration or similar taxes or duties will be payable in Germany in connection with the issuance, delivery or execution of the Notes. Currently, net assets tax (*Vermögensteuer*) is not levied in Germany.

The European Commission and certain EU Member States (including Germany) are currently intending to introduce a financial transaction tax ("**FTT**") (presumably on secondary market transactions including at least one financial intermediary). It is currently uncertain when the proposed FTT will be enacted by the participating EU Member States and when the FTT will enter into force with regard to dealings with the Notes.

### *No gross-up for German withholding tax (Kapitalertragsteuer)*

Purchasers of the Notes should note that the Issuer, in principle, will neither assume any liability for German withholding taxes (*Kapitalertragsteuer*) withheld from payments under the Notes, nor make any additional payments in regard of these taxes, i.e. no gross-up will apply in case a withholding tax is imposed, unless otherwise specified in the Final Terms.

## **Taxation in Luxembourg**

The following information is of a general nature only and is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a tax, duty, levy, impost or other charge or withholding of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or concepts only. Also, please note that a reference to Luxembourg income tax encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), a solidarity surcharge (*contribution au fonds pour l'emploi*), as well as personal income tax (*impôt sur le revenu*) generally. Investors may further be subject to net wealth tax (*impôt sur la fortune*) as well as other duties, levies or taxes. Corporate income tax, municipal business tax as well as the solidarity surcharge invariably apply to most corporate taxpayers resident in Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax as well as to the solidarity surcharge. Under certain circumstances, where an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well.

### (a) *Withholding Tax*

#### **(i) Non-resident holders of Notes**

Under Luxembourg general tax laws currently in force there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

#### **(ii) Resident holders of Notes**

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the "**Relibi Law**"), there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of 20 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payment of interest under the Notes coming within the scope of the Relibi Law will be subject to a withholding tax at a rate of 20 per cent.

### (b) *Income Taxation*

#### **(i) Non-resident holders of Notes**

A non-resident holder of Notes, not having a permanent establishment or permanent representative in Luxembourg to which/whom such Notes are attributable, is not subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Notes. A gain realised by such non-resident holder of Notes on the sale or disposal, in any form whatsoever, of the Notes is further not subject to Luxembourg income tax.

A non-resident corporate holder of Notes or an individual holder of Notes acting in the course of the management of a professional or business undertaking, who has a permanent establishment or permanent representative in Luxembourg to which or to whom such Notes are attributable, is subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Notes and on any gains realised upon the sale or disposal, in any form whatsoever, of the Notes.

**(ii) Resident holders of Notes**

Holders of Notes who are residents of Luxembourg will not be liable for any Luxembourg income tax on repayment of principal.

- Luxembourg resident corporate holder of Notes

A corporate holder of Notes must include any interest accrued or received, any redemption premium or issue discount, as well as any gain realised on the sale or disposal, in any form whatsoever, of the Notes, in its taxable income for Luxembourg income tax assessment purposes.

A corporate holder of Notes that is governed by the law of 11 May 2007 on family estate management companies, as amended, or by the law of 17 December 2010 on undertakings for collective investment, as amended, or by the law of 23 July 2016 on reserved alternative investment funds and which does not fall under the special tax regime set out in article 48 thereof or by the law of 13 February 2007 on specialised investment funds, as amended, is neither subject to Luxembourg income tax in respect of interest accrued or received, any redemption premium or issue discount, nor on gains realised on the sale or disposal, in any form whatsoever, of the Notes.

- Luxembourg resident individual holder of Notes

An individual holder of Notes, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax at progressive rates in respect of interest received, redemption premiums or issue discounts, under the Notes, except if (i) withholding tax has been levied on such payments in accordance with the Relibi Law, or (ii) the individual holder of the Notes has opted for the application of a 20 per cent. tax in full discharge of income tax in accordance with the Relibi Law, which applies if a payment of interest has been made or ascribed by a paying agent established in a EU Member State (other than Luxembourg), or in a Member State of the European Economic Area (other than a EU Member State). A gain realised by an individual holder of Notes, acting in the course of the management of his/her private wealth, upon the sale or disposal, in any form whatsoever, of Notes is not subject to Luxembourg income tax, provided this sale or disposal took place more than six months after the Notes were acquired. However, any portion of such gain corresponding to accrued but unpaid interest income is subject to Luxembourg income tax, except if tax has been levied on such interest in accordance with the Relibi Law.

An individual holder of Notes acting in the course of the management of a professional or business undertaking must include this interest in its taxable basis. If applicable, the tax levied in accordance with the Relibi Law will be credited against his/her final tax liability.

**(c) Net Wealth Taxation**

A corporate holder of Notes, whether it is a resident of Luxembourg for tax purposes or, if not, it maintains a permanent establishment or a permanent representative in Luxembourg to which/whom such Notes are attributable, is subject to Luxembourg wealth tax on such Notes, except if the holder of Notes is

- an undertaking for collective investment governed by the law of 17 December 2010, as amended,

- a special investment fund governed by the law of 13 February 2007, as amended,
- a family wealth management company governed by the law of 11 May 2007, as amended,
- a reserved alternative investment fund governed by the law of 23 July 2016,
- a securitisation company governed by the law of 22 March 2004 on securitisation, as amended, or
- a capital company governed by the law of 15 June 2004 on venture capital vehicles, as amended<sup>2</sup>.

An individual holder of Notes, whether he/she is a resident of Luxembourg or not, is not subject to Luxembourg wealth tax on such Notes.

(d) *Inheritance and Gift Taxation*

- (i) No Luxembourg inheritance tax is levied on the transfer of the Notes upon death of a Noteholder in cases where the deceased was not a resident of Luxembourg for inheritance tax purposes.
- (ii) Luxembourg gift tax will be levied in case the gift is made pursuant to a notarial deed passed before a Luxembourg notary or recorded in Luxembourg.

(e) *Other Taxes and Duties*

In principle, neither the issuance nor the transfer, repurchase or redemption of Notes will give rise to any Luxembourg registration tax or similar taxes.

However, a fixed or *ad valorem* registration duty may be due upon the registration of the Notes in Luxembourg in the case where the Notes are physically attached to a public deed or to any other document subject to mandatory registration, as well as in the case of a registration of the Notes on a voluntary basis.

(f) *Value Added Tax*

There is no Luxembourg value-added tax payable in respect of payments in consideration for the issue of the Notes or in respect of the payment of interest or principal under the Notes or the transfer of Notes. Luxembourg value-added tax may, however, be payable in respect of fees charged for certain services rendered to the Issuer, if for Luxembourg value-added tax purposes such services are rendered, or are deemed to be rendered, in Luxembourg and an exemption from Luxembourg value-added tax does not apply with respect to such services.

(g) *Residence*

A holder of a Note will not become resident, or deemed to be resident, in Luxembourg by reason only of the holding of such Note or the execution, performance, delivery and/or enforcement of that Note.

---

<sup>2</sup> Please however note that securitisation companies governed by the law of 22 March 2004 on securitisation, as amended, or capital companies governed by the law of 15 June 2004 on venture capital vehicles, as amended, or reserved investment funds governed by the law of 23 July 2016 and which fall under the special tax regime set out under article 48 thereof may, under certain conditions, be subject to a minimum net wealth tax.

## Taxation in Switzerland

*The following summary does not purport to be a comprehensive description of all Swiss tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes and, in particular, does not consider specific facts or circumstances that may apply to a particular purchaser. It is for general information only and does not discuss all tax consequences of an investment in Notes under the tax laws of Switzerland. This summary is based on the tax laws of Switzerland currently in force and as applied on the date of this Base Prospectus which are subject to changes (or changes in interpretation) which may have retroactive effect. Prospective purchasers are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposition of Notes in the light of their particular circumstances.*

### Swiss Income Tax

#### Swiss Resident Noteholders

##### Interest Payments or Redemption of Notes

Swiss residents receiving periodic interest payments during the investment or at redemption as one-time-interest generally must include these interest payments in their financial statements and/or in their income tax returns and owe individual income tax or corporate income tax on the relevant amounts.

Notes which are not straight debt instruments but have components of debt instruments and derivatives intertwined generally qualify as combined instruments. The tax treatment of such Notes depends on whether the Notes are considered as transparent or not for Swiss income tax purposes.

If the Note is considered as not transparent for Swiss income tax purposes, any amount received by the Noteholder (upon sale, lapse, exercise or redemption) in excess of the amount invested (at issue or upon purchase) is treated as taxable income in the hands of the Noteholder if the Note qualifies as a note with predominant one-time interest payment. If the Note does not qualify as a note with predominant one-time interest payment, the Noteholder is subject to tax on the periodic interest payments and (at redemption) on the difference between initial issuance price and the redemption price. For the purpose of determining whether the Note is a note with predominant one-time interest payment the difference between initial issuance price and the redemption price is treated as one-time interest.

If the Note is considered as transparent for Swiss income tax purposes, it will be split notionally in a debt instrument and a derivative instrument component. Gains or losses on the derivative instrument component are treated as capital gains or losses (see below). Interest payments received during the investment, at lapse or exercise or at redemption as one-time interest related to the debt instrument component are treated as taxable income in the hands of the Noteholder. Such a treatment is also applicable for the purpose of determining whether the Note is a note with predominant one-time interest payment.

The Note is generally considered as transparent if the debt and the derivative components are traded separately or if the different elements of the Note (such as the guaranteed redemption amount, the issuance price of the debt component, the interest rates determining the issuance price of the debt component) are separately stated in the sales documentation as well as in the offering prospectus and if each one of such components is separately evaluated. Such evaluation has to be performed through calculations of financial mathematics determining the intrinsic value of the debt instrument and the derivative instrument components contained in the Note. In particular, the calculations have to determine the notional issuance price of the debt instrument, based on the interest rate taken into account by the issuer which has to be at market value. The Swiss Federal Tax Administration has to approve such calculations. Such calculations have to be reviewed on a quarterly basis in order take into account the evolution of the interest rates. If the tax authorities are not provided with sufficient information the Notes can be treated as not transparent. Products with prevalent structures but for which the issuer does not provide the information allowing to distinguish the different elements of a product as described above are made transparent in retrospect by the tax authorities, banks or

other channels of distribution if the following requirements are fulfilled: (a) the issuer of the product must have at least a single-A-rating; and (b) the product at hand has to be admitted to official quotation at the commercial exchange market or, at least, a market maker has to insure liquid trading of the product at hand. Liquid trading by a market maker is a condition that the key data of the product can be used as credible basis of calculation.

### ***Capital Gains***

#### *Swiss Resident Private Noteholders*

Swiss resident Noteholders who do not qualify as so-called professional securities dealer for income tax purposes ("*gewerbmässiger Wertschriftenhändler*") and who hold the Notes as part of their private (as opposed to business) assets are hereby defined as Swiss Resident Private Noteholders.

Swiss Resident Private Noteholders realise a tax free capital gain upon the disposal of Notes which do not qualify as notes with predominant one-time interest payment and realise taxable income if the Notes qualify as notes with one-time predominant interest payment.

The tax treatment of capital gains on Notes which qualify as combined instruments (see above) depends on whether the Note qualifies as tax transparent or not. Notes which are not transparent for Swiss income tax purposes (see above) generally qualify as notes with predominant one-time interest payment and are treated as such. Notes which qualify as tax transparent are notionally split into a debt instrument and a derivative instrument component. The debt instrument component follows the usual tax treatment either as note with predominant one-time interest payment or as note with no predominant one-time interest payment as applicable. Capital gains arising from the derivative instrument component of transparent Notes are generally not subject to income tax in the hands of Swiss Resident Private Noteholders.

#### *Swiss Resident Business Noteholders*

Gains realised on the sale of Notes, by Swiss resident individual Noteholders holding the Notes as part of their business assets as well as by Swiss resident legal entity Noteholders, are part of their business profit subject to individual income tax or corporate income taxes, respectively. The same applies to Swiss Resident Private Noteholders who qualify as so-called professional securities dealer ("*gewerbmässiger Wertschriftenhändler*").

#### ***Non-Swiss Resident Noteholders***

Under present Swiss tax law, a Noteholder who is a non-resident of Switzerland and who, during the taxable year has not engaged in trade or business through a permanent establishment or a fixed place of business within Switzerland and who is not subject to taxation in Switzerland for any other reason, will not be subject to any Swiss federal, cantonal or municipal income tax on interest or gains realised on sale or redemption of the Notes.

#### ***Swiss Stamp Duties***

The sale or transfer of the Notes with a duration of more than one year may be subject to Swiss transfer stamp duty at the current rate of 0.3 per cent. if such sale or transfer is made by or through the intermediary of a Swiss bank or other securities dealer as defined in the Swiss Stamp Tax Act and no exemption applies. Notes qualified as units in a foreign investment fund may be subject to the Swiss transfer stamp duty of up to 0.3 per cent. at issue.

#### ***Swiss Withholding Tax***

All payments in respect of the Notes by a non-Swiss resident Issuer are currently not subject to the Swiss withholding tax ("*Verrechnungssteuer*"). However, on 23 October 2017, the Swiss Federal Economic

Affairs and Taxation Committee of the Swiss National Council filed a parliamentary initiative reintroducing the request to replace the current debtor-based regime applicable to interest payments with a paying agent-based system that (i) subjects all interest payments made to individuals resident in Switzerland to Swiss withholding tax and (ii) provides an exemption from Swiss withholding tax for interest payments to all other persons (including Swiss corporations).

On 4 November 2015, the Swiss Federal Council announced that it had mandated the Swiss Federal Finance Department to appoint a group of experts to prepare a proposal for reform of the Swiss withholding tax system. The proposal is expected to, among other things, replace the current debtor-based regime applicable to interest payments with a paying agent-based regime for Swiss withholding tax. This paying agent-based regime is expected to be similar to the one contained in the draft legislation published by the Swiss Federal Council on 17 December 2014, which was subsequently withdrawn on 24 June 2015.

If this legislation or similar legislation were enacted and an amount of, or in respect of, Swiss withholding tax were to be deducted or withheld from that payment, neither the Issuer nor the Paying Agent would be obliged to pay additional amounts with respect to any Note as a result of the deduction or imposition of such Swiss withholding tax.

### ***Swiss Facilitation of the Implementation of the U.S. Foreign Account Tax Compliance Act***

Switzerland has concluded an intergovernmental agreement with the U.S. to facilitate the implementation of FATCA. The agreement ensures that the accounts held by U.S. persons with Swiss financial institutions are disclosed to the U.S. tax authorities either with the consent of the account holder or by means of group requests within the scope of administrative assistance. Information will not be transferred automatically in the absence of consent, and instead will be exchanged only within the scope of administrative assistance on the basis of the double taxation agreement between the U.S. and Switzerland. On 8 October 2014, the Swiss Federal Council approved a mandate for negotiations with the U.S. on changing the current direct-notification-based regime to a regime where the relevant information is sent to the Swiss Federal Tax Administration, which in turn provides the information to the U.S. tax authorities.

### ***International Automatic Exchange of Information in Tax Matters***

Switzerland has concluded a multilateral agreement with the European Union on the international automatic exchange of information (the "AEOI") in tax matters. The agreement became effective as of 1 January 2017 and applies to all 28 EU member states and also Gibraltar. Also on 1 January 2017 the multilateral competent authority agreement on the automatic exchange of financial account information (the "MCAA"), and based on the MCAA, a number of bilateral AEOI agreements with other countries became effective. Based on such agreements and the implementing laws of Switzerland, Switzerland collects data in respect of financial assets, including, as the case may be, Notes, held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Switzerland for the benefit of individuals resident in an EU member state or resident in a treaty state from 2017 or 2018, exchanges the data or will exchange it from 2018 or 2019, in each case depending on the effectiveness of the relevant agreement. Switzerland has signed and intends to sign further AEOI agreements with further countries, which, subject to ratification, will become effective at a later date. An up-to-date list of the AEOI agreements of Switzerland in effect or signed and becoming effective can be found on the website of the State Secretariat for International Financial Matters.

### **U.S. Dividend Equivalent Withholding**

Section 871(m) of the U.S. Internal Revenue Code of 1986 (the "Code") treats a "dividend equivalent" payment as a dividend from sources within the United States that is generally subject to a 30 per cent. U.S. withholding tax which may be reduced by an applicable tax treaty, eligible for credit against other U.S. tax liabilities or refunded, provided that the beneficial owner timely claims a credit or refund from the U.S. Internal Revenue Service (the "IRS"). A "dividend equivalent" payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is

contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a payment made pursuant to a "specified notional principal contract" that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (iii) any other payment determined by the IRS to be substantially similar to a payment described in (i) or (ii). U.S. Treasury regulations issued under Section 871(m) and applicable guidance ("**Section 871(m) Regulations**"), require withholding on certain non-U.S. holders of Notes with respect to amounts treated as dividend equivalent payments. Under the Section 871(m) Regulations, only a Note that has an expected economic return sufficiently similar to that of the underlying U.S. security, based on tests set forth in the Section 871(m) Regulations, will be subject to the Section 871(m) withholding regime (making such Note a "**Specified Note**"). Certain exceptions to this withholding requirement apply, in particular for instruments linked to certain broad-based indices.

Withholding in respect of dividend equivalents will generally be required when cash payments are made upon the date of maturity, lapse or other disposition of the Specified Note. If the underlying U.S. security or securities are expected to pay dividends during the term of the Specified Note, withholding generally will still be required even if the Specified Note does not provide for payments explicitly linked to dividends. Additionally, the Issuer may withhold the full 30 per cent. tax on any payment on the Notes in respect of any dividend equivalent arising with respect to such Notes regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law (including, for the avoidance of doubt, where a non-U.S. holder is eligible for a reduced tax rate under an applicable tax treaty with the United States). A non-U.S. holder may be able to claim a refund of any excess withholding provided the required information is timely furnished to the U.S. Internal Revenue Service. Refund claims are subject to U.S. tax law requirements and there can be no assurance that a particular refund claim will be timely paid or paid at all. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld.

The Section 871(m) Regulations generally apply to Specified Notes issued on or after 1 January 2017. If the terms of a Note are subject to a "significant modification" (as defined for U.S. tax purposes), the Note generally would be treated as retired and reissued on the date of such modification for purposes of determining, based on economic conditions in effect at that time, whether such Note is a Specified Note. Similarly, if additional Notes of the same series are issued (or deemed issued for U.S. tax purposes, such as certain sales of Notes out of inventory) after the original issue date, the IRS could treat the issue date for determining whether the existing Notes are Specified Notes as the date of such subsequent sale or issuance. Consequently, a previously out of scope Note might be treated as a Specified Note following such modification or further issuance.

The applicable Final Terms or Pricing Supplement will indicate whether the Issuer has determined that Notes are Specified Notes and may specify contact details for obtaining additional information regarding the application of Section 871(m) to such Notes. The applicable Final Terms will also indicate if payments on a series of Specified Notes are calculated by reference to "Net Dividends" (i.e., the dividends paid by an issuer of a security net of 30 per cent. U.S. federal withholding tax) or "Net Total Returns" (i.e., the net total return of the U.S. source dividend paying components, as calculated by the relevant Index Sponsor, of an index that reinvests U.S. source dividends paid by an issuer of a security that is a component of the index net of 30 per cent. U.S. withholding tax on U.S. source dividends). A non-U.S. holder of such Specified Notes should expect to be subject to withholding in respect of any underlying dividend-paying U.S. securities. The Issuer's determination is binding on non-U.S. holders of the Notes, but it is not binding on the IRS. The Section 871(m) Regulations require complex calculations to be made with respect to Notes linked to U.S. securities and their application to a specific issue of Notes may be uncertain. Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Notes.

### **Foreign Account Tax Compliance Act**

Pursuant to certain provisions of the Code, commonly known as FATCA, withholding may be required on, among other things, (i) certain payments made by "foreign financial institutions" ("**foreign passthru payments**"), (ii) dividend equivalent payments (as described above in "*–U.S. Dividend Equivalent*

*Withholding*") and (iii) payments of gross proceeds from the disposition of securities that generate dividend equivalent payments, in each case, to persons that fail to meet certain certification, reporting, or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including Luxembourg) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes.

Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. If withholding would be required pursuant to FATCA or an IGA with respect to foreign passthru payments or payments of gross proceeds from the disposition of Notes that generate dividend equivalent payments, such withholding would not apply prior to 1 January 2019 and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or before the relevant grandfathering date would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer). The grandfathering date for (A) Notes that give rise solely to foreign passthru payments, is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, and (B) Notes that give rise to a dividend equivalent pursuant to Section 871(m) of the Code and the U.S. Treasury regulations promulgated thereunder, is six months after the date on which obligations of its type are first treated as giving rise to dividend equivalents. If additional notes (as described under "*Terms and Conditions of the Euro Notes – Further Issues*" and "*Terms and Conditions of the Luxembourg Notes – Further Issues*") that are not distinguishable from such previously issued grandfathered Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes.

### **Certain considerations for ERISA and other employee benefit plans**

The U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), imposes certain restrictions on employee benefit plans that are subject to the fiduciary responsibility provisions of Title I of ERISA, including entities such as collective investment funds and separate accounts whose underlying assets include the assets of any such plan (collectively, "**ERISA Plans**"), and on persons who are fiduciaries with respect to these ERISA Plans. In accordance with ERISA's general fiduciary requirements, a fiduciary with respect to an ERISA Plan who is considering the purchase of Notes on behalf of the ERISA Plan should determine whether the purchase is permitted under the governing ERISA Plan documents and is prudent and appropriate for the ERISA Plan in view of its overall investment policy and the composition and diversification of its portfolio. Section 406 of ERISA and Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans that are not subject to Title I of ERISA but which are subject to Section 4975 of the Code, such as individual retirement accounts ("**IRAs**") or Keogh plans (together with any entities whose underlying assets include the assets of any such plans or accounts and with ERISA Plans, "**Plans**")) and persons who have certain specified relationships to the Plan ("parties in interest" within the meaning of ERISA or "disqualified persons" within the meaning of Section 4975 of the Code). A party in interest or disqualified person who engages in a prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and/or the Code. A fiduciary of a Plan (including the owner of an IRA) that engages in a prohibited transaction may also be subject to penalties and liabilities under ERISA and the Code.

BGL, directly or through its Affiliates, may be considered a "party in interest" or a "disqualified person" with respect to many Plans. The purchase of Notes by a Plan with respect to which BGL is a party in interest or a disqualified person may constitute or result in a prohibited transaction under Section 406 of ERISA or

Section 4975 of the Code. Certain exemptions from the prohibited transaction provisions of Section 406 of ERISA and Section 4975 of the Code may be applicable, however, depending in part on the type of Plan fiduciary making the decision to acquire such Notes and the circumstances under which such decision is made. Included among these exemptions are Prohibited Transaction Class Exemption ("**PTCE**") 84-14 (an exemption for certain transactions determined by an independent qualified professional asset manager), PTCE 91-38 (an exemption for certain transactions involving bank collective investment funds), PTCE 90-1 (an exemption for certain transactions involving insurance company pooled separate accounts) and PTCE 95-60 (an exemption for certain transactions involving insurance company general accounts), PTCE 96-23 (an exemption for certain transactions determined by an in-house asset manager). In addition, the exemption under Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code may be available, provided (i) none of BGL or the Dealers or affiliates or employees thereof is a Plan fiduciary that has or exercises any discretionary authority or control with respect to the Plan's assets used to purchase the Notes or renders investment advice with respect to those assets and (ii) the Plan is paying no more than adequate consideration for the Notes. There can be no assurance that any of these exemptions or any other exemption will be available with respect to any particular transaction involving the Notes. Any Plan fiduciary (including the owner of an IRA) considering the purchase of Notes should consider carefully the possibility of prohibited transactions and the availability of exemptions. U.S. governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA) and non-U.S. plans (as described in Section 4(b)(4) of ERISA), while not subject to the fiduciary responsibility provisions of ERISA or the prohibited transaction provisions of Section 406 of ERISA or Section 4975 of the Code, may nevertheless be subject to local, state, federal or non-U.S. laws that are substantially similar to the foregoing provisions of ERISA and the Code ("**Similar Law**"). **ANY PENSION OR OTHER EMPLOYEE BENEFIT PLAN, INCLUDING ANY SUCH GOVERNMENTAL, CHURCH OR NON-U.S. PLAN AND ANY INDIVIDUAL RETIREMENT ACCOUNT, PROPOSING TO ACQUIRE ANY NOTES SHOULD CONSULT WITH ITS COUNSEL BEFORE PURCHASING ANY NOTES.**

Accordingly, by its purchase of any Note, the purchaser or transferee thereof (and the person, if any, directing the acquisition of the Notes by the purchaser or transferee) will be deemed to represent, on each day from the date on which the purchaser or transferee acquires the Notes through and including the date on which the purchaser or transferee disposes of its interest in such Notes, either that (a) such purchaser or transferee is not, and is not acting on behalf of, a Plan, and is not acting on behalf of, an entity whose underlying assets include the assets of any Plan by reason of Department of Labor Regulation Section 29 C.F.R. 2510.3-101 (as modified by Section 3(42) of ERISA) or otherwise, or a governmental, church or non-U.S. plan which is subject to any Similar Law or (b) its acquisition, holding and disposition of such Notes (including, if applicable, the receipt of any Guarantee or Entitlement) will not result in a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or in the case of a governmental, church or non-U.S. plan, any violation of Similar Law) unless an exemption is available with respect to such transactions and all the conditions of such exemption have been satisfied.

In addition, each Benefit Plan Investor (as defined below) who purchases an interest in the Notes, or any beneficial interest therein, including any fiduciary purchasing such Notes on behalf of a Benefit Plan Investor ("**Plan Fiduciary**") will be deemed to represent that (i) none of the Issuer, the Guarantor (if applicable) or any Manager or any other party to the transactions contemplated by the Base Prospectus as completed by any Pricing Supplement or any of their respective affiliated entities (the "**Transaction Parties**"), has provided or will provide advice with respect to the acquisition of the Notes by the Benefit Plan Investor, other than to the Plan Fiduciary which is independent of the Transaction Parties, and the Plan Fiduciary either: (A) is a bank as defined in Section 202 of the Investment Advisers Act of 1940 (the "**Advisers Act**"), or similar institution that is regulated and supervised and subject to periodic examination by a State or Federal agency; (B) is an insurance carrier which is qualified under the laws of more than one state to perform the services of managing, acquiring or disposing of assets of a benefit plan investor; (C) is an investment adviser registered under the Advisers Act, or, if not registered as an investment adviser under the Advisers Act by reason of paragraph (1) of Section 203A of the Advisers Act, is registered as an investment adviser under the laws of the state in which it maintains its principal office and place of business; (D) is a broker-dealer registered under the Securities Exchange Act of 1934, as amended; or (E) has, and at
