It is not an exhaustive list, and it does not cover the rates applied for non-standard products and services or special offers. For these rates, clients are advised to consult the sales leaflets at bgl.lu and/or a BGL BNP Paribas adviser. ## COMMENTS AND INFORMATION

Credit transfers in a foreign currency or outside the eurozone may be subject to the following fees:

- **A foreign exchange fee**, which constitutes the bank's fee for foreign exchange transactions and stands at 0.1% of the amount transferred in EUR or the exchange value in foreign currency (min. EUR 5, max. EUR 150). The exchange rate used by the bank to carry out the foreign exchange transaction includes a *mark-up*. The *mark-up* can vary depending on costs, resources, the size of the transaction and the counterparty.
- **Correspondent's fees** when you make an international credit transfer. You have three options for this type of credit transfer:
  - **SHARE**: correspondent's fees are shared between the originator and the beneficiary.
  - **OUR**: correspondent's fees are paid by the originator.
  - **BEN**: correspondent's fees are deducted from the amount transferred to the beneficiary.

The exchange rate applied to withdrawals and payments in currencies other than the euro is calculated on the basis of the daily Visa or Mastercard price, plus a mark-up fee.

MARK-UP FEE APPLIED TO TRANSACTIONS	MASTERCARD	VISA
GBP rate	1%	1.25%
USD rate	1%	1.25%
CHF rate	0.85%	0.40%
Rate for other currencies	1%	1%

## GLOSSARY

To ensure that it is possible to compare banking services across Europe, the terminology set out in the glossary below corresponds to the 10 most representative services linked to payment accounts, as defined in the law of 13 June 2017 on payment accounts and transposing directive EU 2014/92/EU of 23 July 2014.

**Online banking:** Online access to the account is made available to the client by the account provider.

**Arranged overdraft – OptiLine credit facility:** The account provider and the client agree in advance that the client may borrow money when there is no money left in the account. The agreement determines a maximum amount that can be borrowed, and whether fees and interest will be charged to the client.

**Direct debit:** The client permits someone else (recipient) to instruct the account provider to transfer money from the client's account to that recipient. The account provider then transfers money to the recipient on a date or dates agreed by the client and the recipient. The amount may vary.

**Standing order:** The account provider makes regular credit transfers, on the instruction of the client, of a fixed amount of money from the client's account to another account.

**Account statement:** An account statement is made available to the client by the account provider. This statement may be made available online or sent by post.

**Providing a debit card:** The account provider provides a payment card linked to the client's account. The amount of each transaction made using the card is taken directly and in full from the client's account.

**Providing a credit card:** The account provider provides a payment card linked to the client's payment account. The total amount of the transactions made using the card during an agreed period is taken either in full or in part from the client's payment account on an agreed date. A credit agreement between the provider and the client determines whether interest will be charged to the client for the borrowing.

**Cash withdrawal:** The client takes cash out of the client's account. Cash withdrawals may be made over the counter in a branch during branch opening hours or at any time via an ATM.

**Maintaining the account:** The account provider operates the account for use by the client. This service includes account opening fees, maintenance fees and management fees, as applicable.

**Credit transfer:** The account provider transfers money, on the instruction of the client, from the client's account to another account. The credit transfer may be made electronically (via Web Banking, the Web Banking app, an ATM or MultiLine)

## DEFINITIONS

**Custody fees:** custody fees are subject to VAT; clients residing outside the EU are not subject to VAT. Should you move house, please contact your financial adviser for information on your situation. Custody fees are debited in advance at the start of each quarter. Securities deposited during a quarter are held free of charge until the end of that quarter. A flat rate of EUR 13/quarter (+VAT) is applied to securities for which no market value is available. Stock exchange taxes, where applicable, are not included in our transaction fees. If a securities transaction involves a foreign exchange transaction, a foreign exchange fee will be applied (see pages 16-17).

**Management fees include:**

- safe-keeping and monitoring of assets (including the collection of income, returns, dividends, coupons, annuities and, if applicable, capital),

This agreement allows you to withdraw money by debit or credit card from the network of ATMs in the eurozone, at the same cost as at home.
